CONGRESSIONAL.

IN SENATE. Turaday, Dec. 15, 1840. INQUIRY RESPECTING THE PUBLIC

invite a renewal of the discussion of the shouldbe decided. invite a renewal of the discussion of the Sub-Treasury policy; nor to participate in any re argumentation of that condemned any reargumentation of that condemned the condemned the condemned that condemned the condemned that condemned the condemned that condemned the condemned that condemned the condemned

least, have referred to the nation's imperative will so decisively pronounced. Least of all (added Mr. Clay) was I prepared to find the President, instead of recommending a repeal of the Sub Treasury, grayely proposing amendments to the Bill!—emondations of the details of a measure which the country has so over-whelmingly condemned in the principle, and in the president and the Serretary knew that there is to be agreater relinquishment of the details of a measure which the president and the Serretary knew that the president and the Serretary knew that the six to send an area to conceal it, as the men now in power tive will see to it that the outles, and the debt up to 1841, and the to situations of simular responsibility, and containing alive Englishmen or counts when both legs below the knee.—Harrisburg to situations of simular responsibility, and the debt up to 1841, should stand against to situations of simular responsibility, and the debt up to 1841, should stand against to situations of simular responsibility, and the their rules. Permit me to situations of simular responsibility, and the debt up to 1841, should stand against to situations of simular responsibility, and the their rules. Permit me to situations of simular responsibility, and the debt one a reward shall be given of reach one a reward shall be given of the same, \$20. As for taking the object of the same, \$20. As for taking the object of the same, \$20. As for taking the object of the same, \$20. As for taking the object of the same, \$20. As for taking the object of the same, \$20. As for taking the object of the same, \$20. As for taking the object of the same, \$20. As for taking the object of the same, \$20. As for taking the object of the same, \$20. As for taking the object of the same, \$20. As for taking the object of the same, \$20. As for taking the object of the same, \$

had stated what alterations have grown up substitutes for those of Mr. Clay. The country would inquire into the truth of this general declaration. He lived, (thank ven!) far from any Receiver General: but he would ask the Senator from New from New York (Mr. WRIGHT,) to state and took the Chair. what was the operation—how it worked? and how it affected the monetary concerns THE PRESIDENT'S MESSAGE. bers; and he earnestly appealed to those who

a number of details to prove this position; am only enabled now to send you an imperand to show that there was in point of fact feet outline. -that things would be precisely as they od of the session. He had no wish to bring which a large number was presented—the pense to make the collection perfect; and it profits (\$600) for the purchase of wood to doubt of my Election than that I hold that were in July last: With this difference, that on a general, protracted, or heated discussion most important will be published as soon as is probably the richest which can now be be distributed among the poor.

eurer of the United States.

After Mr. Clay sat down,

the President and the Secretary knew that paper, when they were, and are at this of the duties, this year a last children's children reap the blessed re- opium, the same on trial being condemned, will each lose one. Maine and Massachuit would not endure, as an act of Congress, longer than the first day of the first session

The amount of the public debt is not yet there is a case which requires Congress to

In a amount of the public dest is not yet that could be called under the administration of President Harrison, if the majorities now in Congress will persevere in resisting its representation of President Harrison and the public dest is not yet there is a case which requires Congress to act wisely and discreetly to fulfill its obligations to the public creditor. Yet there would be on the part of the its recommendation to lay duties on lust one of a blood less duel which recently came of a blood less duel which recently came of a support to the Senate a disposition to the public creditor. Yet there would be on the part of the less duel which recently came of a blood less duel which recently came of a support to the Senate a disposition to the public creditor. Yet there would be on the part of the less duel which recently came of a support to the Senate a disposition to the public creditor. Yet there was a support to the Senate a disposition to obtaining a sufficient revenue for sustaining to the recent those of less crime, a less reward will be given!

A Work of the Wise.—We copy the following from a late number to the Cincinnative of the Senate a disposition to the public creditor. Yet there is a case which requires to such a sustaining to such a support to the senate of such and the public creditor. Yet there is a case which requires to such a such as the President had spoken of the successThe President had spoken of the succe ful operation of the Sub-Treasury. Mr. Clay said it would have been more satisfactory if the President or Sacretary had

The magnifector technalclier, which was but recently placed in the Hall of the House of Representatives at Washington, is a mass of ruins. On Thursday morning last, (says the correspondent of the Baltimore Patriot), two attendants were engaged in cleaning it, and taking out the old oil, for the purpose of supplying the lamp, with some of a superior quality. They suddenly found the chardler begin to ascend, and in spite of easily the state of Pennsylvania has so many more of its Banks everboard, and more particularly the Bank of the United States, to which it is so much in debt. On the 1st of February the interest on the State days confined to his room by illness, and was occasionally delirious. About there of clock on Sunday morning he roses, their exertions, by throwing their weight upon it, it went up, along the whole rod, to the dome, and struck with great violence against the frame work below the sky-light, and instantly the whole mass

ter, contained 78 argand burners, and is said to have been ornamented by 2,650 cut glass lustres, and 3,000 cut glass spangles.
