GODEY'S LADY'S BOOK, VOLS. 22 & 23, 1841.

EDITED BY
Mrs. SARAH J. HALE and Mrs. LYDIA
H. SIGOURNEY.
MISS E. LESLIE.

Will have a Contribution in every Number.

The only Magazine in this country intended for the perusal of the Female that is edited by their own sex.

This is an important matter and should be borne in mind by those mothers who intend catering for their own, or their daughters' instruction and amusement.

GODEY'S LADY'S BOOK has been published by the same Proprietor for nearly eleven years, and during that time he can safely say that no article has been admitted into its columns that parents might not with safety read to their children. It has been his constant care to prevent the work from being a source of contention or dispute. He has watched its progress from its first appearance in the world of letters to its now almost maturity. How many vain efforts have been made during the period of its existence to establish a rivalry—how many are still making, but in vain! The Book may almost be considered the creation of a taste for periodical literature. There is not one magazine now in this country that can date its origin from the same period of the Lady's Book; but the latter was the earliest periodical to offer remuneration for literary contributions.

General Contents—One original large sized Steel Engraving, by A. L. Dick, in each number. A Fashion plate coloured (mark that) every month. Two pages (generally original) Music in each number. Forty-eight pages reading matter.

Pictorial Department—The same attention to this department will be displayed. These splendid Steel Engravings, by A. L. Dick, Esq. that gave so much satisfaction last volume, will be continued.

Throughout this year, the plates will be varied, and embrace serious and pleasing subjects, and others that will contain a dash of humour. All tastes shall be consulted.

Engravings from the paintings of Landseer and Collins, two of the most celebrated painters of London, will from time to time grace our Book, and as several of our contributors are distinguished, our long cherished plan of original engravings from paintings originally prepared for the Book, will be given, one in each number. Two are now in preparation. Our means give us the opportunity of embarking in this expensive speculation—we may fail in being remunerated for our outlay, but our subscribers will be benefited. We give twice as many embellishments as any other Magazine, and each plate is, because we pay more for its engraving, superior to the one of any contemporary, and yet the price of the Magazine is not increased. Our edition is immense, double any other publication, therefore we are enabled to go to a greater expense than any other published. A better return may therefore be expected for the price paid for subscriptions.

The voice of the public press has pronounced GODEY'S LADY'S BOOK at the head of the periodical Literature of the country, and he is determined that it shall retain its proud superiority. With this view he has chosen for its conductors two of the most eminent females in the country, and they will be continued throughout the year.

Godey's Book has been emphatically termed THE LADIES' NATIONAL MAGAZINE, and it is a receipt for the contributions of the most celebrated FEMALE WRITERS OF AMERICA, most of whom of any eminence contribute to its pages.

In a future publication we will devote a column to publishing the names of our contributors. It is too long to list in a separate advertisement. But let it be remembered, that we never in any instance mention the name of a contributor from whom we have not the remotest idea of procuring a contribution. There are enough writers in our country, and good ones too, who if they are paid will furnish matter sufficient for all our periodicals.

TWENTY ONE VOLUMES have already been issued. It is usual to announce that a small edition only will be published. Contrary to this, the Proprietor of the Lady's Book announces that he will publish AN IMMENSE EDITION, with which he hopes to supply all those who will favour him with orders, commencing with the January number.

It will be seen by this advertisement that every effort has been made by the proprietor of this work to make it superior to any other in America; and as A NEW YEAR'S GIFT, the Lady's Book is probably the most proper that could be desired for Ladies, edited by their own sex, and assisted as the Editorial Department is, by the Pictorial Embellishments, it is positively the PARLOUR COMPANION.

The Times aptly remarks that "a subscription to this work, would be a much more acceptable present to a fair friend during the coming holiday season, than any of the gingerbread annuals made Laura Matilda poetry and dittoed prose."

There are other publications that advertise FASHION PLATES. The Publisher of the Lady's Book wishes it to be distinctly understood that the principal Fashions in his work ARE COLOURED, AND IN EVERY NUMBER; which is not the case with any other work published in this country; unless they are coloured they are useless.

The Literary Department is placed under the superintendency of Mrs. SARAH J. HALE and Mrs. LYDIA H. SIGOURNEY; two ladies so well known to the world, that to mention their names in connection with any publication is at once a guarantee of its morality, virtue, and utility. Of their capability to conduct the LADY'S BOOK, it is presumed no person will doubt, and the Proprietor mentions with pleasure that no English or American Magazine can publish in connection with its literary Department two names so celebrated in the world of letters. It will be remembered that MISS LESLIE contributes to each number.

The Musical Department is under the superintendency of J. G. OSBORN, from whom no person is more capable of doing it justice.

General Features—Literature, Tales, Essays, Legends, Romantic Incidents in History, Extracts from the Old Poets, Reviews, Poetry, Female Education, Embellishments, Fashions Coloured, Lace, Embroidery, Fac Similes, Music, &c. &c.

A great deal of curiosity is often expressed to see the Characters of celebrated persons. We shall endeavor so far as lies in our power to gratify this feeling, by giving from time to time correct imitations of the most celebrated writers of the day.

Any embellishments to be found in any other Magazine may be looked for in the Lady's Book.

FARMERS! Attend to your Interest!

THE subscriber respectfully informs the public, and the Farmers particularly, that he has ready for delivery his
Improved Two Horse THRASHING MACHINES; One of which is now in the possession of Mr. Abraham Fisher, residing in Menallen township, Adams County, Pa. Messrs. Fisher and Forney having fairly tested the utility of this machine, furnish the following Certificate:—
"CERTIFICATE.—We certify, that we have in use one of Mr. S. H. LITTLE'S PATENT HORSE POWERS, and believe it to be decidedly superior to any thing of the kind we have ever seen. From the small degree of friction and the rapidity of motion, two horses have thrashed at the rate of two hundred dozen a day, with the greatest ease, and without injury to the grain."
Menallen township, Sept. 5, 1840.

WE, the undersigned, do hereby certify that we have seen one of S. H. Little's Two Horse Patent Portable Thrashing Machine in use and can assure the Farmers and the Public that it is worthy of the highest praise and patronage, as two horses can do the work of four with more ease and less hands. It saves one half the labour and performs the work in the best manner possible. It possesses a decided advantage over any other machine, being less liable to get out of order, and easily to be removed. To see it in operation is sufficient to satisfy any one of its great utility and the propriety of our statement.

ALBANY LOCK HOSPITAL. SYRACUSE.

Ones Præcipuus obsta.
ENCOURAGED by the uniform success attending its peculiar method of treatment, for the prevention and cure of venereal complaints, and confirmed by the experience of many years in a widely extended practice, sensible also of the happy effects resulting to the community, from having confined himself entirely to the study and care of a class of diseases which there is every reason to deplore are too prevalent.

Dr. COOKE continues to direct his sole attention to the treatment of every disorder that occurs from impure blood, and the influence of intemperance of any kind, and to the cure of all the venereal diseases, such as the gonorrhoea, syphilis, cancer, prostatic enlargement, and to a protracted incurable state of miserable existence.

Dr. COOKE has long been professing exclusively the study and cure of these particular complaints, deems it proper to inform his friends and the public in general, in justice to his professional character, that he was properly educated and regularly instructed in every branch of the profession as a general Practitioner in Europe.

Dr. COOKE may be consulted therefore at all times, as usual at his office, which are properly attended and arranged for confidential consultation. Country patients residing at a distance—and all other patients who prefer writing instead of a personal interview—can be treated with equal success, by describing minutely their case by letter, and enclosing a remittance for advice and medicine. There will be no difficulty in sending packages to any part of the United States, and the medicines will be securely packed, carefully protected from observation, and sent without delay to the place appointed.

Garlegant's Balsam of Health,
Prepared only by the sole proprietor, JOHN S. MILLER, Frederick, Md.

THE subscriber has just received a further supply of this valuable medicine, which has gained a celebrity which few other articles have ever received in so short a time as this; the sale of which, has constantly increased, and will continue to increase, as its merits are made known. This celebrated BALSAM OF HEALTH, is a medicinal and vegetable compound, warranted a safe and effectual remedy for the cure of Dyspepsia, and for the whole train of diseases resulting from, and connected with a disordered condition of the stomach and liver, or derangement of the digestive functions. As a family medicine it stands unrivalled, and should be possessed by all heads of families, particularly, by all those that are subject to a constipation of the bowels; it operates as a gentle aperient, gives a tone and energy to the stomach and bowels, and on working and invigorating the whole system. This Balsam of Health does not contain a particle of Mercury, but it is composed altogether of vegetable matter, which renders it perfectly harmless, and it is no hindrance to business, nor any proper customary employment and habits. The proprietor could give a great many certificates of cures performed by this medicine in his advertisement, if it did not occupy so much room; therefore he deems it quite unnecessary, as all those who wish to see them can, by applying to his agent in this place.

JAYNE'S CARMINATIVE BALSAM

IS a certain, safe and effectual remedy for Dysentery, Diarrhoea, or Loose Stools, Cholera Morbus, Summer Complaint, Cholera, Griping Pains, Sour Stomach, Flatulency, &c. &c. and all Spasmodic and Nervous Disorders, such as Sick and Nervous Headach, Hysteria, Gramp, &c. &c.

This is one of the most efficient, pleasant and safe compositions ever offered to the public for the cure of the various derangements of the stomach and bowels, and the only article worthy of the least confidence for curing Cholera Infantum or Summer Complaint; and in all the above diseases it really acts like a charm.

All persons are requested to try it, for there is no mistake about its being one of the most valuable family medicines ever yet discovered.—Hundred thousand testimonials of cures have been received from Physicians, Clergymen, and families of the first respectability, bearing the strongest testimony in its favour, too numerous to publish.

CERTIFICATES.

This is to certify that I have used Dr. Jayne's Carmivative Balsam very extensively in bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of those diseases.

ATTENTION! HALL HEADS. NO AP-
PROPRIETY FOR WIGS. Of all the remedies ever devised for the restoration and preservation of the Hair, nothing has been found equal to Jayne's Hair Tonic. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch.
Philadelphia, May 10, 1839.

Dr. Jayne—Dear Sir, I feel that I can hardly say enough to you in favor of the Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, Vegetable Hair Oil, &c. &c. without experiencing much, if any benefit.

Respectfully yours,
S. S. FITCH,
No. 172 Chestnut street.

The Rev. LEONARD FLETCHER, Pastor of the Baptist Church, Great Valley, Pa. who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head whose hair was bald, writing—
"My hair is growing finely. I assure you."

COUGH, ASTHMA, SPITTING OF BLOOD OF Sixty Years Standing, cured by Dr Jayne's Expectant.

PHILADELPHIA, August 16th, 1838.

MR. ATKINSON—Dear Sir, A few weeks ago I noticed in your paper, an account of the surprising effects of Jayne's Carmivative, in restoring a great number of passengers on board a Mississippi steamer, to perfect health who were afflicted with Bowel Complaint. I was glad to see you notice it so kindly; you may rest assured it does restore the system, and I began to use it to obtain my breath. The weakness and debility caused by such constant expectation, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends that I am here to write this to you. I have had skilful physicians to attend me, and every thing done that was thought likely to give me relief, but all in vain. I had advised me to use Jayne's Expectant, I did so, with a strong hope that, as it had cured many of my acquaintances of various diseases of the Lungs, it might at least mitigate my sufferings. Need I say how gratified I felt? It has effectually cured me. As soon as I commenced taking it, I found it reached my case, and I began to breathe with more freedom. My expectation became more easy, and my cough entirely left me. I now feel as well as ever I did in my life, and am better than I have been for the last sixty years. Last summer I spent a great deal of blood; now, thank God, I am perfectly cured. Now, Sir, after suffering so long, and finding at last such signal relief from Jayne's Expectant, I feel anxious to inform my fellow citizens where relief may be had. If you think this worthy a place in your paper you will oblige me by noticing it.

SICKNESS.—There are many persons that we daily behold, whose countenances and frail trembling limbs denote affliction, which we find has principally originated from neglect of proper remedies. At first the patient complains of bile on the stomach, pain in the stomach after eating, &c. &c. He neglects to procure proper medicine—at length he complains of pain in the side, with sour and acid eructations; his appetite becomes impaired, his rest troublesome, his mind harassed, and all things around him appear not in their proper station. He still neglects himself when in all probability the disease may at length be so fast spread, that no medical aid will replace him again. At the first attack of sickness, there should be "no time lost" in procuring DR. HAR- LICH'S COMPOUND STRENGTHEN- ING AND APERIENT PILLS, which immediately remove bile from the stomach evacuate costiveness—remove disorders in the head, invigorate the mind, strengthened the body, improve the memory, and enliven the imagination; thus restoring the body again to its proper functions.
