ALBANY LOCK HOSPITAL. SYPHILIS.

Omnes Principiis obsta. NCOURAGED by the uniform success attending his peculiar method of treatment, for the preven-tion and cure of venereal complaint, and confirmed by the experience of many years in a widely extended practice; sensible also of the happy effects resulting to the community, from having confined himself en-tirely to the study and care of a class of diseases which there is every reason to deplore are too prev-alent.

Dr COOKE continues to direct his sole attention to the treatment of every disorder that occurs from imprudence, whilst under the influence of intemper ance or any other baneful excitement, and to the cure of those dreadful maladies, which too often arise there-from. These sometimes commence in a most simple form, and through neglect" or injudicious treatment afterwards assume a more aggravated state of disease, occasioning abscess ulceration, nodes, caries of the bones, psuedo syphilis, cancer, promature old age, and too often end in a protracted incurable state of microphic existence.

miscrable existence
Dr. COOKE though professing exclusively the stu dy and cure of these particular complaints, deems it proper to inform his friends and the public in general, in justice to his professional character, that he was properly educated and regularly iniatiated into every branch of the profession as a general Practitioner in

Europe.

Dr. COOKE may be consulted therefore at all times, as usual at his offices, which are properly fit ted up and arranged for confidential consultation. Country patients residing at a distance—and all other patients who prefer writing instead of a personal interview—can be treated with equal succession describing minutely their case by letter, and enclosing a remittance for advice and medicine. There will be United States, and the medicines will be securely packed, carefully protected from observation, and sent without delay to the place appointed.

OUGH, ASTHMA, SPITTING OF BLOOD of Sixty Years Standing, curen by Dr Jayne's Expectorant!

PHILADELPHIA, August 16th, 1838. Mr. ATKINSON-Dear Sir: A few weeks ago I noticed in your paper, an account of the surprising effects of Jayne's Carminative, in restoring a great number of passengers on board a Mississippi steamboat, to perfect health who were affected with Bowel Complaint. I was glad to see you notice it so kindly; you may rest assured it deserves the praise bestowed upon it. The ben-cht I have received from this medicine, more especially his Expectorant, induces me to state my case to you for the bonefit of those who are afflicted in the same way. It has been my misfortune, sir, to labor under a cough and asthmatical oppression, for more than I alf a century. When a soldier in the American camp, in 1778, I, with many others, (owing to great exposure,) had a violent attack of disease of the Lungs by which I was disabled from duty for a long time. Since lem, N. J. was cured of Asthma, of twenty years from a violent Cough and difficulty of breathing. that period until recently, I have nover been free Year after year I have expectorated over a gill a day; often much more, and sometimes mixed with blood. For months together, night after Salem, who was believed by her friends to be far night, I have had to sit or be belstered up to obtain my breath. The weakness and debility caused by such constant expecteration, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends that I am here to write this to you. I have had skilful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another severe attack of Inflamation of the Lungs, which I fully expected would be the last. I then considered my case as past the aid of medicine, when I was persuaded to call on Doctor Jayne. With the assistance of Divine Providence, through him, I was once more raised from my bed, but the coughing and wheezing wearled me day and night. He advised me to use his Expectorant. 1 did so, with a strong hope that, as it had cured many of my acquaintances of various diseases of the Lungs, it might at least mitigate my sufferings. Need I say how gratified I felt? It has EFFECTUALLY CURED me. As soon as I commenced taking it, I found it reached my case, and I began to breathe with more freedom. My expectoration became more easy, and my cough entirely left me. I new feel as woll as ever I did in my life, and am better than I have been for the last sixty years. Last summer I spit a great deal of blood; now, thank God, I am perfectly cured Now, Sir, after suffering

> Jayne's Expectorant, I feel anxious to inform my fellow citizens where relief may be had. If you think this worthy a place in your paper you will oblige me by noticing it.
