ALBANY LOCK HOSPITAL. SYPHILIS. Omnes Principis obsta. ENCOURAGED by the uniform success attending his peculiar method of treatment, for the prevention and cure of venereal complaints, and confirmed by the experience of many years in a widely extended practice, he is sensible also of the happy effects resulting to the community, from having confined himself entirely to the study and care of a class of diseases which there is every reason to deplore are too prevalent.

Dr. COOKE continues to direct his sole attention to the treatment of every disorder that occurs from impudence, whilst under the influence of intemperance or any other baneful excitement, and to the cure of those dreadful maladies, which too often arise therefrom. These sometimes commence in a most simple form, and through neglect or injudicious treatment afterwards assume a more aggravated state of disease, occasioning abscessation, nodes, caries of the bones, pseudo sypylis, cancer, premature old age, and too often end in a protracted incurable state of miserable existence.

FARMERS!

Attend to your Interest!

THE subscriber respectfully informs the public, and the Farmers particularly, that he has ready for delivery his

Improved Two Horse THRASHING MACHINES; One of which is now in the possession of Mr. Abraham Fisher, residing in Menallen township, Adams County, Pa. Messrs. Fisher and Forney having fairly tested the utility of this machine, furnish the following Certificate:—

CERTIFICATE.—We certify, that we have in use one of Mr. S. H. LITTLE'S PATENT HORSE POWERS, and believe it to be decidedly superior to any thing of the kind we have ever seen. From the small degree of friction and the rapidity of motion, two horses have thrashed at the rate of two hundred dozen a day, with the greatest ease, and without injury to the grain.

ABRAHAM FISHER, DANIEL FORNEY. Menallen township, Sept. 5, 1840.

WE, the undersigned, do hereby certify that we have seen one of S. H. Little's Two Horse Patent Portable Thrashing Machine in use and can assure the Farmers and the Public that it is worthy of the highest praise and patronage, as two horses can do the work of four with more ease and less hands. It saves one half the labour and performs the work in the best manner possible. It possesses a decided advantage over any other machine, being less liable to get out of order, and easily to be removed. To see it in operation is sufficient to satisfy any one of its great utility and the propriety of our statement.

THE subscriber has just received a further supply of this valuable medicine, which has gained a celebrity which few other articles have ever received in so short a time as this; the sale of which, has constantly increased, and will continue to increase, as its merits are made known. This celebrated BALSAM OF HERZLI, is a medicine and vegetable compound, warranted a safe and effectual remedy for the cure of Dyspepsia, and for the whole train of diseases resulting from, and connected with a disordered condition of the stomach and liver, or derangement of the digestive functions. As a family medicine it stands unrivalled, and should be possessed by all heads of families, particularly by all those that are subject to a constipation of the bowels; it operates as a gentle aperient, gives a tone and action to the stomach and bowels, and enlivening and invigorating the whole system. This Balsam of Health does not contain a particle of Mercury, but it is composed altogether of vegetable matter, which renders it perfectly harmless, and it is no hindrance to business, nor any proper customary employment and habits. The proprietor could give a great many certificates of cures performed by this medicine in this advertisement, if it did not occupy so much room; therefore he deems it quite unnecessary, as all those who wish to see them can, by applying to his agent in this place.
