

PARADE.

BE QUIET, DO, I'LL CALL MY MOTHER. As I was sitting in a wood Under an oak tree's lofty cover, Musing in pleasant solitude, Who should come by, but John, my lover, He pressed my hand, and kissed my cheek, Then warmer growing, kissed the other; When I exclaimed, and strove to shriek, "Be quiet, do I'll call my mother."

He saw my anger was sincere, And lovingly began to chide me; And wiping from my cheek the tear, He sat upon the grass beside me, He feigned such pretty, amorous woe, Breathed such sweet vows one on another, I could but smile, while whispering low, "Be quiet, do I'll call my mother."

MAPLE SUGAR.—Geo. Chancy Eggleston has the most extensive sugar camp in Ohio, situated in Auburn, Geauga Co. His sugar house is furnished with fixtures and apparatus for manufacturing 500 pounds of sugar per day. A reservoir capable of containing 80 or 80 barrels, receives the sap, whence it is drawn into iron pans, placed over a furnace to be boiled down, and transferred again to a large kettle for "sugaring off." 2700 trees have been tapped this year, though the season has not been a favorable one for making sugar. Some seasons he has made as much as 10,000 pounds. The quantity made by him in one season, three or four years ago, brought \$12,500.

GOOD MANAGEMENT.—The Newark Advertiser says that fifteen years ago a farm in Western New York, of 400 acres, exhausted by bad husbandry, was bought by a Scotch farmer for 4000. This farm has been so improved by good husbandry that the owner was last year offered for it \$40,000. He refused the offer upon the ground that it had actually netted him the interest of \$80,000.

IMPORTANT TO SUFFERERS FROM THE TOOTH-ACHE.—At a meeting of the London Medical Society, Dr. Blake stated "That he was able to cure the most desperate cases of tooth-ache (unless the disease was connected with rheumatism) by the application of the following remedy to the decayed tooth.—Alum reduced to an impalpable powder, two drachms; nitrous spirit of ether, seven drachms. Mix and apply them to the tooth."

FATAL CASUALTY.—We learn from the Cumberland Civilian that Mr. Henry Wright, an esteemed citizen of that place lost his life by a sudden and melancholy casualty on Sunday week. It appears that during the prevalence of a heavy storm of wind, on that day, Mr. Wright started on horse back to visit his sister, residing near Cresaptown, and whilst riding through the woods, about two miles above Cumberland, he met a friend, Mr. James Warren, when they stopped and entered into conversation, and while thus engaged, a heavy tree near by fell, and before they could get out of the way, it reached them. Mr. Warren was struck on the head, by a branch, and stunned, though not dangerously hurt. But Mr. Wright was caught and crushed to the earth by a large limb, which when found, was lying across his breast. The injuries thus sustained were such as to cause his death on the second day after the accident.

AN INTERESTING FACT.—The Rev. Mr. Bacon, in an address on the death of President Harrison, at New Haven, mentioned the fact that General Harrison was a descendant of Major General T. Harrison, one of the members of the British Parliament who signed the death warrant of Charles the First. The announcement of this fact caused a very visible sensation—and the minds of the most present probably reverted to the circumstance that within a rod of the pulpit from which the reverend orator was speaking, were reposing the bodies of Goffe, Dixwell, and Whalley, three other members of the same Parliament, and the signs of the same Death Warrant against the British King Charles was beheld on the 30th of January, 1648.

IS MUNCHHAUSEN ALIVE!—They say that "when the sky falls we shall catch larks," but it appears from the following which we clip from the Baltimore American, that we can catch geese before that catastrophe happens! "One of the workmen attached to the Baltimore Shot tower, while passing through Howard's Park, at an early hour on Thursday morning, heard a flock of wild geese passing over him and looking up saw something white descending towards the ground. He took off his hat containing his hawkerchief and was thus enabled to catch unbroken a large goose egg, which had been sent down by one of the aerial party referred to."

This story is a pretty good one, but if the egg had been cracked in its descent, the joke would have been cracked better! —Pa. Tn.

RESPECT FOR THE PRESIDENT.—The editor of the Boston Transcript says he has kept a copy of each of his exchange papers which announced the death of the President, which he intends to have bound in a volume for preservation. He also kept a list of those which did not dress in mourning on account of the melancholy event. As yet it numbers only five which omitted to put on the suitable outward habiliments of sorrow.—The Journal of Commerce and New York Post are two of the five.

For \$35 we will send one hundred copies to not more than ten addresses. For \$15 forty copies to not more than four. For \$5 twelve copies to one address. This will afford over twenty-five per cent to agents for their trouble, and as every one can procure one hundred or more subscribers, in their own neighborhood, he will be doing a fair business in these hard times. Any one to make it a business for a month could procure two or three thousand at least, as no body will refuse to pay fifty cents for a paper for six months during so exciting a campaign as the approaching one will undoubtedly be. ALBANY LOCK HOSPITAL-SYPHILIS. Omnes Principis obsta. INCOURAGED by the uniform success attending the peculiar method of treatment, for the prevention and cure of venereal complaints, and confirmed by the experience of many years in a widely extended practice; sensible also of the happy effects resulting to the community, from having confined himself entirely to the study and care of a class of diseases which there is every reason to deplore are too prevalent.

Dr. COOKE continues to direct his sole attention to the treatment of every disorder that occurs from impudence, whilst under the influence of intemperance or any other baneful excitement, and to the cure of those dreadful maladies, which too often arise therefrom. These sometimes commence in a most simple form, and through neglect or injudicious treatment afterwards assume a more aggravated state of disease, occasioning abscess ulceration, nodes, caries of the bones, pseudo syphilis, cancer, premature old age, and too often end in a protracted incurable state of miserable existence. Dr. COOKE though professing exclusively the study and cure of these particular complaints, deems it proper to inform his friends and the public in general, in justice to his professional character, that he was properly educated and regularly initiated into every branch of the profession as a general Practitioner in Europe. Dr. COOKE may be consulted therefore at all times, as usual at his office, which are properly fitted up and arranged for confidential consultation. Country patients residing at a distance—and all other patients who prefer writing instead of a personal interview—can be treated with equal success on describing minutely their case by letter, and enclosing a remittance for advice and medicine. There will be no difficulty in sending packages to any part of the United States, and the medicines will be securely packed, carefully protected from observation, and sent without delay to the place applied for. OFFICES No. 3 Norton street, near Green street, Albany, New York. May 5, 1840.

JAYNE'S CARMINATIVE BALSAM. A certain, safe and effectual remedy for Dysentery, Diarrhoea, or Looseness, Cholera Morbus, Summer Complaint, Cholera, Griping Pains, Sour Stomach, Flatulency, &c. &c., and all Spasmodic and Nervous Diseases, as such and Nervous Headach, Hysteria, Cramp, &c. &c. This is out of the most efficient, pleasant and safe compositions ever offered in the public for the cure of the various derangements of the stomach and bowels, and the only article worthy of the least confidence for curing Cholera Infantum or Summer Complaint; and in all the above diseases it really acts like a charm. All persons are requested to try it, for there is "no mistake" about its being one of the most valuable family medicines ever yet discovered.—Hundred, nay thousands, of certificates have been received from Physicians, Clergymen, and families of the first respectability, bearing the strongest testimony in its favour, too numerous to publish.

CERTIFICATES. This is to certify that I have used Dr. Jayne's Carminative Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with for the relief of these diseases. WILLIAM STEELING, M. D. Physician to the Cumberland, N. J. Almshouse. Bridgeton, July 19, 1836. Dr. D. Jayne, Dear Sir,—Having made use of your Carminative Balsam in my family, and finding it to be admirably adapted to the complaints for which it is intended, I take pleasure in recommending it to the use of my friends and the public generally, believing those who are afflicted with any of the above diseases, will find relief in the use of this valuable medicine. JONATHAN GOING, M. D. President of Granville College, Ohio. New York, May 20, 1837. For Sale at the Drug Store of S. H. BUEHLER. Gettysburg, Feb. 18, 1840.

ATTENTION BALD HEADS. NO APPEAL FOR WIGS. OF all the remedies ever devised for the restoration and preservation of the Hair, nothing has been found equal to Jayne's Hair Tonic. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it. S. S. FITCH. Copy of a letter from Dr. S. S. Fitch. PHILADELPHIA, May 10, 1839. Dr. Jayne, Dear Sir,—I feel that I can hardly say enough to you in favor of the Hair Tonic, prepared by you. My hair had been falling off about two years, and had become very thin threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off. I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil, all the different preparations of Beer Oil, Vegetable Hair Oil, &c. &c. without experiencing much, if any benefit. Respectfully yours, S. S. FITCH, No. 172 Chestnut street. The Rev. LEONARD FLETCHER, Pastor of the Baptist Church, Great Valley, Pa. who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—"My hair is growing finely. I assure you." L. FLETCHER. West Chester, Pa. March 2, 1839. Prepared only by Dr. D. Jayne, sole proprietor, No. 20 South Third Street, Philadelphia. Price \$1 a bottle. For sale at the Drug Store of S. H. BUEHLER. Gettysburg, Feb. 18, 1840.

COUGH, ASTHMA, SPITTING OF BLOOD of Sixty Years Standing, cured by Dr. Jayne's Expectant. PHILADELPHIA, August 15th, 1838. Mr. ATXINSON, Dear Sir: A few weeks ago I noticed in your paper, an account of the surprising effects of Jayne's Carminative, in restoring a great number of passengers on board a Mississippi steambot, to perfect health who were afflicted with Bowel Complaint. I was glad to see you notified of so kindly; you may rest assured it restored the patient to health. The benefit I have received from this medicine, more especially his Expectant, induces me to state my case to you for the benefit of those who are afflicted in the same way. It has been my misfortune, sir, to labor under a cough and asthmatical oppression, for more than half a century. When a soldier in the American camp, in 1778, I, with many others, (owing to great exposure,) had a violent attack of disease of the Lungs, by which I was disabled from duty for a long time. Since that period until recently, I have never been free from a violent Cough and difficulty of breathing. Year after year I have expected more or less a day; often much more, and sometimes mixed with blood. For months together, night after night, I have had to sit, or be bolstered up to obtain my breath. The weakness and debility occasioned by such constant expectation, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends that I am here to write this to you. I have had skillful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter had another severe attack of inflammation of the Lungs, which I fully expected would be the last. I then considered my case as past the aid of medicine, when I was persuaded to call on Doctor Jayne. With the assistance of Divine Providence, through him, was once more raised from my bed, but the coughing and wheezing worried me day and night. He advised me to use his Expectant. I did so, with a strict hope that it would cure me of my long and distressing various diseases of the Lungs, it might at least mitigate my sufferings. Need I say how gratified I felt! It has wrought a cure! As soon as I commenced taking it, I found it reached my case, and I began to breathe with more freedom. My expectation became more easy, and my cough entirely left me. I now feel as well as ever I did in my life, and am better than I have been for the last sixty years. Last summer I spit a great deal of blood; now, thank God, I am perfectly cured. Now, Sir, after suffering so long, and finding at last such signal relief from Jayne's Expectant, I feel anxious to inform my fellow citizens where relief may be had. If you think this worthy a place in your paper you will oblige me by noticing it. Very respectfully yours, NICHOLAS HARRIS, SEN. No. 35 Lombard Street. Dr. Jayne's Office is No. 20 South Third street Philadelphia. For sale at the Drug Store of S. H. BUEHLER. Gettysburg, Feb. 18, 1840.

WORMS! WORMS! WORMS!! To remove these dangerous and troublesome inhabitants of the Stomach and Bowels, which so often impair the health and destroy the lives of children, use Dr. Jayne's Tonic Vermifuge, a certain and safe preparation for the removal of the various kinds of Worms, Dyspepsia, Sour Stomach, Want of Appetite, Infantile Fever and Ague, and debility of the Stomach and Bowels, and general debility. The above is No. 20 South Third Street, Philadelphia. Price 50 cts. For sale at the Drug Store of S. H. BUEHLER. Gettysburg, Feb. 18, 1840.
