

PARITY.

A HURRAH SONG. JOHN BANKS is the boy to rule the State. Hurrah! Hurrah! Hurrah!

The new Census.—The Madisonian has compiled from the Census returns a statement of the aggregate Population of each State in 1840.

Table with 2 columns: State and Population. Includes Maine (501,792), New Hampshire (284,074), Massachusetts (737,699), Connecticut (310,015), Rhode Island (108,880), Vermont (291,948), New York (2,428,921), New Jersey (373,306), Pennsylvania (1,724,022), Delaware (78,085), Maryland (469,282), Virginia (1,280,797), South Carolina (594,398), Mississippi (375,654), Tennessee (820,210), Florida (54,207), Dist. Columbia (43,712), North Carolina (753,110), Georgia (677,197), Alabama (559,845), Louisiana (151,176), Kentucky (477,397), Ohio (1,519,467), Indiana (683,314), Illinois (474,404), Missouri (381,102), Arkansas (93,642), Michigan (211,705), Wisconsin (30,752), Iowa (43,068).

Total population returned, 17,100,572. Returns from nine counties wanting, seven of which contained in 1830, 55,881.

Returns from five Counties not included. Four of the five Counties contain, according to the Marshal's returns, 95,701.

Returns from Carter County wanting. The amount of population in seven Counties of Georgia in 1830, and that of four Counties of Alabama, mentioned in this note, are included in the sum total.

The number of officers and functionaries of the Federal Government (Postmasters, Clerks, &c. at Washington, and sundry agents not included) is as follows:

Table with 2 columns: Position and Number. Includes Officers of the Army (1,366), Do. of the Navy (2,590), Civil functionaries (2,590), Do. fixedly employed in the several States (2,292), Total (7,430), Do. employed steadily at Washington (619).

Natives of foreign countries, 953. There are 1,421 officers of the Federal Government in this State, beside 39 employed at Washington.

The Federal population of the United States will probably exceed 16,000,000; so that, if the ratio of representation in the next Congress is fixed at 60,000 there will be over 260 Members in the next House! We hope it will be put to 80,000 at least.

CHILD KILLED.—An infant child of Mr. Bartless, of Richmond, Va., was killed in a singular manner a day or two ago. The mother, in running down stairs with it in her arms, struck its head with so much violence against a joint, as to break its skull.

ANOTHER.—On Saturday night a rogue forced his way, by the back window, into the house of Mr. J. H. Schultz at the corner of Great York and Eden streets, and carried off a gold composition watch, some jewelry, fifty dollars in rail road notes and thirty dollars in other notes.

DAMAGES AGAINST A CHURCH.—Wm. Burkhart, a musician in New York, brought a suit against the church of the Ascension in that city, for personal injury sustained by him in consequence of the falling of a part of the wall, which had been left for a long time in a ruinous state after a fire. Damages were rendered for the plaintiff for \$4,000 and costs.

ALBANY LOOK HOSPITAL. SYPHILIS.

Omnes Principiis obsta. ENCOURAGED by the uniform success attending his peculiar method of treatment, for the prevention and cure of venereal complaints, and confirmed by the experience of many years in a widely extended practice; sensible also of the happy effects resulting to the community, from having confined himself entirely to the study and care of a class of diseases which there is every reason to deplore are too prevalent.

Dr. COOKE continues to direct his sole attention to the treatment of every disorder that occurs from impudence, whilst under the influence of intemperance or any other baneful excitement, and to the cure of those dread maladies, which too often arise therefrom. These sometimes commence in a most simple form, and through neglect or injudicious treatment afterwards assume a more aggravated state of disease, occasioning abscess, nodules, caries of the bones, pseudo syphilis, cancer, premature old age, and too often end in a protracted incurable state of miserable existence.

Dr. COOKE though professing exclusively the study and cure of these particular complaints, deems it proper to inform his friends and the public in general, in justice to his professional character, that he was properly educated and regularly initiated into every branch of the profession as a general Practitioner in Europe.

Dr. COOKE may be consulted therefore at all times, as usual at his office, which is properly fitted up and arranged for confidential consultation. Country patients residing at a distance—and all other patients who prefer writing instead of a personal interview—can be treated with equal success on describing minutely their case by letter, and enclosing a remittance for advice and medicine. There will be no difficulty in sending packages to any part of the United States, and the medicines will be securely packed, carefully protected from observation, and sent without delay to the place appointed.

OFFICE No. 8 Norton street, near Green street, Albany, New York. May 5, 1840. 1y.

LOG CABIN RIFLE.

A PROPOSITION WORTH CONSIDERING. To induce persons to act as agents for procuring subscribers to the RIFLE we submit the following proposition.

For \$35 we will send one hundred copies to not more than ten addresses. For \$15 forty copies to not more than four.

For \$5 twelve copies to one address. This will afford over twenty-five per cent to agents for their trouble, and as every one can procure one hundred or more subscribers, in their own neighborhood, he will be doing a fair business in these hard times. Any one to make it a business for a month could procure two or three thousand at least, as no body will refuse to pay fifty cents for a paper for six months during so exciting a campaign as the approaching one will undoubtedly be.

MORE PROOFS OF THE Efficacy of

Dr. Swayne's Compound Syrup of Wild Cherry Bark.—Mrs. Brown, corner of Second street and the forks of Germantown Road, effectually cured. Her symptoms were general debility, attended with a constant Cough, pain in the side, breast and back, with other symptoms indicative of Pulmonary Disease, not essential to intimate. After using the second bottle of this invaluable medicine, her Cough entirely disappeared, and her strength increasing fast, and by the time she used two bottles more, she found herself freed from all pain and other unpleasant symptoms which attended her disease. She is now enjoying perfect health, and willing to give any information respecting her cure; likewise recommends this Syrup to all afflicted with a Cough or a disease of the Lungs. Garlegant's Balsam of Health.

Prepared only by the sole proprietor, JOHN S. MILLER, Frederick, Md.

THE subscriber has just received a further supply of this valuable medicine, which has gained a celebrity which few other articles have ever received in so short a time; this, the sale of which, has constantly increased, and will continue to increase, as its merits are made known. This celebrated BALSAM OF HEALTH, is a medicine and vegetable compound, warranted a safe and effectual remedy for the cure of Dyspepsia, and for the whole train of diseases resulting from, and connected with a disordered condition of the stomach and liver, or derangement of the digestive functions. As a family medicine it stands unrivalled, and should be possessed by all heads of families, particularly by all those that are subject to a constipation of the bowels; it operates as a gentle aperient, gives a tone and action to the stomach and bowels, and enlivening and invigorating the whole system. This Balsam of Health does not contain a particle of Mercury, but it is composed altogether of vegetable matter, which renders it perfectly harmless, and it is no hindrance to business, nor any proper customary employment and habits. The proprietor could give a great many certificates of cures performed by this medicine in this advertisement, if it did not occupy so much room; therefore he deems it quite unnecessary, as all those who wish to see them, by applying to his agent in this place.

DR. JAYNE'S EXPECTORANT.—This invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have ever used it for Asthma, Cough, Spitting of Blood, Hooping Cough, Croup or Hives, Consumption, Chronic Pleurisy, Hoarseness, Pain and Soreness of the Breast, difficulty of Breathing, and every other disease of the Lungs and Breast, can and do at least to its usefulness. Bronchitis, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of Consumption, is always cured by it. The usual symptoms of this disease (Bronchitis) are Cough, Soreness of the Lungs or Throat, Hoarseness, Difficulty of Breathing, Asthma, Hectic Fever, a spitting up of Phlegm or matter, and some times blood. It is an inflammation of the fine skin which lines the inside of the whole of the wind tubes or air vessels, which run through every part of the Lungs. This Expectorant immediately suppresses the Cough, Pain, Inflammation, Fever and Difficulty of Breathing, and produces a free and easy Expectoration, and a cure is soon effected.

It always cures Asthma—two or three large doses will cure the Croup or Hives of Children, in from fifteen minutes to an hour's time. It immediately subdues the violence of Whooping Cough, and effects a speedy cure. Hives, and other eruptions have been given up by their physicians as incurable with "Consumption," have been restored to perfect health by it.

REV. JOHNATHAN GOING, D. D. President of Granville College, Ohio, says—"I was laboring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectorant." Mrs. Dilks, of Salem, N. J. was cured of Asthma, of twenty years standing, by using two bottles of this medicine.—Mrs. Ward, also, of Salem, was cured of the same complaint by one bottle. A young lady, also of Salem, who was believed by her friends to be far gone with Consumption, was perfectly restored by three bottles. Dr. Hamilton, of St. James, South Carolina, was greatly affected by a cough, Soreness and soreness of the lungs, and on using a bottle of this medicine, found permanent relief.

The following certificate is from a practicing Physician, and a much respected Clergyman of the Methodist Society, dated

Modest Town, Va. August 27, 1838. Dr. Jayne.—Dear Sir—I have been using your Expectorant, extensively, in my practice, for the last three months, and for all attacks of colds, inflammation of the lungs, consumption, asthma, pains and weakness of the breast, it is decidedly the best medicine I have ever tried.

Very respectfully yours, R. W. WILLIAMS, M. D. Numerous other certificates might be added, but the above are considered sufficient evidence of its great usefulness.

Prepared only by Dr. D. Jayne, No. 20 South Third street, Philadelphia. Price \$1. Where also may be had Jayne's Carmine Balsam for the cure of Bowel Complaint, &c.—Tonic Vermifuge, for the removal of Worms, &c.—Sanative Pills, for Dyspepsia, Liver Complaints, and Female Diseases, &c. Also, Jayne's Hair Tonic, for the removal of Baldness and preservation of the Hair.

JAYNE'S

CARMINATIVE BALSAM

IS a certain, safe and effectual remedy for Dysentery, Diarrhoea, or Loose Stools, Cholera Morbus, Summer Complaint, Cholera, Gripping Pains, Sour Stomach, Flatulency, &c. &c., and all Spasmodic and Nervous Diseases, as SICK and Nervous Headach, Hysteria, Cramp, &c. &c.

This is one of the most efficient, pleasant and safe compositions ever offered to the public for the cure of the various derangements of the stomach and bowels, and the only article worthy of the least confidence for curing Cholera Infantum or Summer Complaint; and in all the above diseases it really acts like a charm.

All persons are requested to try it, for there is "no mistake" about its being one of the most valuable family medicines ever yet discovered.—Hundred, nay thousands, of certificates have been received from Physicians, Clergymen, and families of the first rank in Italy, bearing the strongest testimony in its favour, too numerous to publish.

CERTIFICATES. This is to certify that I have used Dr. Jayne's Carmine Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation that I have met with, for the relief of those diseases.

WILLIAM STEELING, M. D. Physician to the Cumberland, N. J. Alnshouse. Bridgeton, July 19, 1838.

Dr. D. JAYNE.—Dear Sir,—Having made use of your Carmine Balsam in my family, and finding it to be admirably adapted to the complaints for which it is intended, I take pleasure in recommending it to the use of my friends and the public generally, believing those who are afflicted with any of these complaints will find relief in the use of this valuable medicine.

ATTENTION BALD HEADS. NO AP- OLOGY FOR WIGS.

Of all the remedies ever devised for the restoration and preservation of the Hair, nothing has been found so good as Jayne's Hair Tonic. It not only restores the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuriant heads of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch. Philadelphia, May 10, 1839. Dr. Jayne.—Dear Sir—I feel that I can hardly say enough to you in favor of the Hair Tonic prepared by you. My hair had been falling for about two years, and had become very thin threatening speedy baldness, when I commenced using this remedy. In about one week it ceased to fall off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its general success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Mearns Oil, all the different preparations of Doar's Oil, Vegetable Hair Oil, &c. &c. without experiencing much, if any benefit.

Respectfully yours, S. S. FITCH, No. 172 Chestnut street. The Rev. LEONARD FLETCHER, Pastor of the Baptist Church, Great Valley, Pa., who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes—

"My hair is growing finely, I assure you." W. FLETCHER. West Chester, Pa. March 2, 1839.

COUGH, ASTHMA, SPITTING OF BLOOD

OF Sixty Years Standing, cured by Dr. Jayne's Expectorant.

PHILADELPHIA, August 16th, 1838. Mr. ATKINSON, Dear Sir:—A few weeks ago I noticed in your paper, an account of the curing effects of Jayne's Carmine, in restoring a great number of passengers on board a Mississippi steambot, to perfect health who were affected with Bowel Complaint. I was glad to see you notice it so kindly; you may rest assured it deserves the praise bestowed upon it. The benefit I have received from this medicine, more especially his Expectorant, induces me to state my case to you, for the benefit of those who are afflicted in the same way. It has been my misfortune, to labor under a cough and asthmatical oppression, for more than half a century. When a soldier in the American camp, in 1778, I, with many others, (owing to great exposure), had a violent attack of disease of the Lungs, by which I was disabled for duty for a long time. Since that period until recently, I never had been free from a violent Cough and difficulty of breathing. Year after year I have expectorated over a gill a day; often much more, and sometimes mixed with blood. For months together, night after night, I have had to sit or be bolstered up to obtain my breath. The weakness and debility caused by such constant expectoration, frequently brought me to a state bordering on death. It has been a matter of estimation to my family and friends that I am here to write this to you. I have had skillful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another severe attack of Inflammation of the Lungs, which I fully expected would be the last. I then considered my case as past the aid of medicine, when I was persuaded to call on Doctor Jayne. With the assistance of Divine Providence, through him, I was once more raised from my bed, but the coughing and wheezing wearied me day and night. He advised me to use his Expectorant. I did so, with a strong hope that, as it had cured many of my acquaintances of various diseases of the Lungs, it might at least mitigate my sufferings. Need I say how gratified I felt? It has EFFECTUALLY CURED ME. As soon as I commenced taking it, I found it checked my case, and I began to breathe with more freedom. My expectoration became more easy, and my cough entirely left me. I now feel as well as ever I did in my life, and am better than I have been for the last sixty years. Last summer I spent a great deal of blood; now, thank God, I am perfectly cured. Now, Sir, after suffering so long, and finding at last such signal relief from Jayne's Expectorant, I feel anxious to inform my fellow citizens where relief may be had. If you think this worthy a place in your paper you will oblige me by noticing it.
