Mr. Atkinson-Dear Sir. A few weeks ago I noticed in your paper, an account of the surprising effects of Jayno's Carminative, in restoring a great number of passengers on board a Mississippi steamboat, to perfect health who were affected with Bowel Complaint. I was glad to see you notice it so kindly; you may rest assured it deserves the praise bestowed upon it. The benofit I have received from this medicine, more especially his Expectorant, induces me to state my case to you for the bonefit of those who are afflicted in the same way. It has been my inlefortune, sir, to labor under a cough and asthmatical oppression, for more than half a century. When a soldier in the American camp, in 1778, I, with many others, (owing to great exposure,) had a

violent attack of disease of the Lungs, by which I was disabled from duty for a long time. Since that period until recently, I have never been free from a violent Cough and difficulty of breathing. Year after year I have expectorated over a gill a day; often much more, and sometimes mixed with blood. For months together, night after night, I have had to sit or be belstered up to obtain my breath. The weakness and debility caused by such constant expecteration, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends that I am here to write this to you. I have had skilful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another severe attack of Inflamation of the Lungs, which I fully expected would be the last. I then considered my case as past the aid of medicine, when I was persuaded to call on Doctor Jayne. With the assistance of Divine Providence, through him, I was once more raised from my bed, but the coughing and wheezing wearied me day and night. He advised me to use his Expectorant. 1 did so, with a strong hope that, as it had cured many of my acquaintances of various diseases of the Lungs, it might at least mitigate my sufferings. Need I say how gratified I felt? It has EFFECTUALLY CURED me. As soon as I commenced taking it, I found it reached my case, and I began to breathe with more freedom. My expectoration became more cary, and my cough entirely left me. I now feel as well as ever I did in my life, and am better than I have been for the last sixty YEARS. Last summer I spit a great deal of blood; now, thank God, I am perfectly cured Now, Sir, after suffering so long, and finding at last such signal relief from

my fellow citizens where relief may be had. If you think this worthy a place in your paper you will oblige me by noticing it.
