ADVERTISEMENTS. HORSE-POWER AND THRASHING MACHINES

3

THE Subscriber takes pleasure in an nouncing that he is now prepared to turnish The advantages of the Horse-Power are obvious from the fact, that a much greater ty of Adams, that an velocity of the cylinder of the Machine is acquired by a slower walk of the horses than in any other Machine now in use, and having greater leverage and lers friction requires lighter draught. The superiority of the Thrashing Machine consists in that of Thrashing more grain in any given time with four men to attend it, than the Machines now in use do with seven men to attend them.

The above powers and Machines are permanently constructed, and will wear tysburg. much longer than any heretofore offered to the public. The Shops in which they are manufactured are Mount Maria Furnance, near Millerstown, Adams county, and at Indian Springs, near Waynesboro', Franklin county, Pa.

All orders will be thankfully received and promptly attended to at either of the above shops. Farmers and others would do well to examine the above, previous to purchasing elsewhere. J. DONALDSON.

August 24, 1841.

Garlegant's Balsam of Health. Prepared only by the sole propietor, JOHN S. MILLER, Frederick, Md.

THE subscriber has just received a further supply of this valuable medicine, which has ever received in so short a time as this; the sale of which, has constantly increased, and will continue to increase, as its merits are made known. This celebrated BALSAM or HEALTH, is a meditf-12 cine and vegetable compound, warranted a sufe and effectual remedy for the cure of Dyspepsia, and for the whole train of diseases resulting from and connocted with a disordered condition of the of the stomach and liver, or, derangement of the digestive functions. As a family medicino it stands unrivalled, and should be possessed by all heads of families, particularly. by all those that are subject to a constipation of the bowels: it opeare surject to a construction of the bowers: it ope-rates as a gentle aperient, gives a tone and ac-tion to the stomach and bowels, and enlivening and invigorating the whole system. This Bal-sam of Health does not contain a particle of Mercury, but it is composed altogether of vegetable matter, which rendors it perfectly harmless, and

The great increase in the subscription it is no hinderance to business, nor any proper

A TTENTION BALD HEADS. NO APdies ever dovised for the restoration and preservation of the Hair, nothing has been found equal to Jayne's Hair Tonic. It seldom fails to restore the hair to health and beauty. Many who were bald a few months ago, can now exhibit luxuri-ant honds of hair by the use of it.

Copy of a letter from Dr. S. S. Fitch. PHILADELPHIA, May 10, 1859.

Dr. Jayne .- Dear Sir .- I feel that I can hardly say enough to you in favor of the Hair , Tonic, prepared by you. My hair had been falling off about two years, and had become very thin thron. toning speedy baldness, when I commenced using this remedy. In about one week it ceased to full off.

I have used it now about three months, and have as full and thick a head of hair as I can possibly desire. I have recommended its use to a number of my friends, who all speak well of it. If faithfully employed, I have no doubt of its gen. eral success. I may add, that before using the Tonic, I had tried almost all the various articles employed for the hair, such as the Macassar Oil all the different preparations of Bear's Oil, Vegetable Hair Oil, &c. &c. without experiencing much, if any benefit.

S S. FITCH. Respectfully yours, S S. FITCH, No. 172 Chestnut street.

The Rev. LEONARD FLETCHER, Pastor of the Baptist Church, Great Valley, Pa. who had been more or less bald for many years, used three bottles of the Hair Tonic, and has now a fine growth of new hair over all that part of his head where he was bald, writes-

"My hair is growing finely. I assure you." I. FLETCHER.

CERTIFICATE.

We, the undersigned, do hereby certify, that we have seen one of S. H. LITTLE'S Two horse Patent Portable THRASHING MACHINES in use, and can assure the Farmers and the Public, that it is worthy of the highest praise and patronage, as Two Horses can do the work of Four with more ease and less hands. It saves one-half the labor, and performs the work in the best manner possible. It possesses a decided advantage over any other Machine, being less liable to get out of order, and easily to be removed. To see it in operation is sufficient to satisfy any one of its great utility and the propriety of our statement.
