PROSPECTUS OF

THE PEOPLE'S LIBRARY

OR MAGAZINE OF CHOICE AND ENTERTAINING LITERATURE.

A distinctive characteristic of the present age is the multiplication and cheapness of its literature. In every department of letters new works are constantly falling from the press, and notwithstanding the extraordinary supply, the demand continues with unabated activity. This is especially true of those lighter publications which convey instruction in agreeable and attractive forms, and supply a means of recreation at the same time that they offer facilities for improvement. Scarcely a day passes in which some new work of this description is not given to the public, and though among the large number thus issued some may be unworthy or useless, generally they are deserving of commendation.

As most of the publications referred to are printed in solid volumes, they are inaccessible to the mass of those readers who are remote from large cities. The cost and the difficulty of transporting books to places which do not lie on the great thoroughfares of the country, are such as to prevent their extensive circulation in the interior, and to make their prices so high, as to impose a serious tax on all who purchase them. To obviate in some degree this difficulty and to place within the reach of all, the choicest portions of the entertaining literature of the day, the Subscriber intends to publish, in a form suitable for transportation by the mails, beginning on the first day of October next, a monthly periodical, to be called

The People's Library,

OR MAGAZINE OF CHOICE AND ENTERTAINING LITERATURE.

THE PEOPLE'S LIBRARY will consist principally of reprints of the best productions of the British press. The Novels of *Balzac, Dickens, James, D'Israeli, Marryat, Lever, the author of "O'Malley and Louisa," "Lover, the author of "Rory O'More," Warren, the author of "Ten Thousand A Year, Miss Pickering, Agnes Strickland, Mrs. Gore, Miss A. S. Hall, Lady Blessington, Mrs. S. C. Hall.* And all other modern writers of distinction will be embraced in the collection, as soon as possible after their publication abroad; and in occasional instances prior to any publication which can be made by the bookseller here. In addition to the Novels, the Library will contain such amusing *Memories, Diverging Travels, and other fresh and rare works as may from time to time be the worthy of being transferred to its pages.*

It is a subject of familiar remark, that along with the wide spreading taste for literature, there is springing up in all parts of this country, a taste for the finer works of pencil and the graver, which denotes a rapidly progressive civilization. To minister to this taste, and to render "The People's Library" of the highest value, and worthy of the most extensive patronage, the proprietor intends to furnish along with each number

An exquisitely engraved Steel Plate, From the burins of the most distinguished artists. These plates will be accompanied with letter press illustrations from the pens of Miss Letitia S. S. Smith, Mrs. E. C. Emery, Miss H. F. Gould, Mrs. L. H. S. Gougeon, &c. &c., and other eminent American writers. This feature in his proposed publication is of an importance which the proprietor believes cannot be over-estimated. The series will embrace many original pictures, and each subscriber will thus receive, in addition to the regular matter of the Library, a number of elegant and costly Engravings, which will make a valuable addition to the ornaments of the drawing room and the centre table.

Accompanying each number of the Library four pages of extra matter will be furnished in the form of a cover. This will comprise notices of new publications, a monthly compend of literature, contemporary events, &c. &c. The critical department will be supplied with judicious and impartial articles, the aim of which will be to elevate the character of our literature.

"The People's Library" will be printed in large octavo form, in a paper of the finest quality, from clear, distinct and elegant types. Each number will contain over 80 pages, making at the end of the year 1000 pages! The whole of this, with the engravings, additional matter, literary news, &c. &c., will be furnished at the singularly low price of 33 PER ANNUM, payable in advance. This price even in this age of cheap literature, is an unrivalled for cheapness. Nor can it be objected that its cheapness will lessen its merit, as the proprietor pledges himself that in every department of the work, literary, Typographical and Pictorial it shall be at least equal to the best periodicals of the day.

HORSE-POWER

AND THRASHING MACHINES.

THE Subscriber takes pleasure in announcing that he is now prepared to furnish the Farmers of Adams and Franklin Counties with the best HORSE POWER AND THRASHING MACHINES ever put in operation in either of the above counties. The advantages of the Horse-Power are obvious from the fact, that a much greater velocity of the cylinder of the Machine is acquired by a slower walk of the horses than in any other Machine now in use, and having greater leverage and less friction requires lighter draught. The superiority of the Thrashing Machine consists in that of Thrashing more grain in any given time with four men to attend it, than the Machines now in use do with seven men to attend them.

The above powers and Machines are ingeniously constructed, and will wear much longer than any heretofore offered to the public. The Shops in which they are manufactured are Mount Maria Furnace, near Millerstown, Adams county, and at Indian Springs, near Waynesboro', Franklin county, Pa.

All orders will be thankfully received and promptly attended to at either of the above shops. Farmers and others would do well to examine the above, previous to purchasing elsewhere.
