

BUSTLES.—Of all the bustling things in this bustling world a lady's bustle is the most comical bustle of all. Many a notable dame bustled through the world without ever seeing a bustle, or knowing what a bustle is, that is, the kind of bustle to which our attention has been directed by certain events. Not being versed in these matters, our capacity is wholly inadequate to describe properly, and lucidly, what a bustle is. We assure our readers it is quite a delicate subject, and should be approached with great caution, for there is no knowing to what it may lead. Suffice it to say, it is a *disfigurantum*, (we have as good a right to coin a word as other people,) or an article worn by 'stuck up things,' as Jonathan Slick calls 'em, across the lower part of the back, giving to the wearer a camel like appearance, being a protuberance, most abominably disfiguring and marring the fairest work of the creation. We had heard a great deal about bustles, but never saw even the shadow of one—Happy ignorance! but our eyes at length have witnessed the ravages it made on one female beauty at least. Not long since we were walking in the streets of Cincinnati, in company with our better half, when we fell in behind, what we supposed, an unfortunately deformed young lady in her person though her face was fair to look upon. As we were commiserating her forlorn situation, our companion informed us that she wore a bustle, and that it was considered, by empty heads, a great ornament. Well, there is no accounting for tastes. We read of the ladies of some nations blackening their teeth as being the most beautiful, some compress their feet, others draw up their waste to a wasp's size, but to clasp a bag of bran, or a roll of wool on the back, we think is decidedly in the worst of all tastes. We have surmised it is made of bran or wool, but in truth we are ignorant of the genuine material of which it is composed.—*Licking Valley Register.*

LORD LYNDRHURST.—The London Times having stated Lord Lyndhurst to be the first Englishman who had received the seals three times from his Sovereign, a contemporary replies:—"Lord Lyndhurst is not an Englishman. He is an American, born at Boston, where his sisters yet reside. His father, Copley, the painter; left Boston when the troubles commenced, and brought his family with him to England."

A New Year—January, 1842.

GRAHAM'S LADY'S AND GENTLEMAN'S MAGAZINE:

With more splendid engravings than any other Magazine in the Union.

Edited by George R. Graham, C. J. Peterson, Mrs. Ann S. Stephens, Mrs. Emma C. Embury, and Edgar A. Poa.

Miss E. Leslie, Theodore S. Fay, Geo. P. Morris, Regular and Permanent Contributors.

This work, devoted to both sexes, will open a new volume with the month of January, 1842, with an array of Contributors of talent and fame which no periodical in the country can boast or pretend to rival. The Volume will be opened with new and beautiful type, the finest white paper, and with the first of a NEW SERIES OF EMBELLISHMENTS unsurpassed by any which have yet appeared in any Magazine.

The style of elegance, the beauty and finish of these illustrations, and the extensive improvements which will be made in its typographical appearance, and above all the tone of its literary Department given it by the brilliant array of its Contributors, whose articles will enrich the pages of each number, will give it a character above any magazine in the Union. The Magazine has become the standard of taste in matters of embellishment, and has led the way in every thing really beautiful published in the magazines of last year. The voice of the public press, while it places the work at the head of American Literature, is unanimous in the announcement that no work ever started in the country has been so elegantly embellished, or has so rapidly increased. For the new volume the most extensive arrangements have been made, with the most distinguished artists in the country, for a supply of elegant engravings of all sorts.

Our beautiful Mezzotint Engravings.—It affords us much pleasure to be able to state that we have made arrangements with Mr. Sartain, the accomplished mezzotint engraver, whose plates have contributed so much to the beauty of the Magazine heretofore, by which we secure his splendid mezzotints for this work alone. No other magazine of this kind can have them without permission from us. This we take to be a good move, and although this preference is purchased by us at a heavy expense, we are confident that nothing can be got up to equal them in beauty or to compete with them in popularity. The engagement is permanent, and is confined to magazine work alone. In addition to those we have secured the burin of another talented mezzotint engraver, H. S. Sudd, Esq. of New York, that there may be no disappointment as to number or regularity. These will be equal to any thing published, so that we are able to promise a mezzotint in every number. These beautiful engravings will therefore form a feature of Graham's Magazine in every number, so that we shall be able to distance any thing like competition on this ground. These plates are the most expensive that can be got up for a magazine of large circulation, in consequence of the great price of printing—being more than double that of line engravings—and the necessity of reduplicating the plates; our edition already rendering it necessary, that two or three plates of the same subject be prepared for every number in which they are used. We now print an edition greater than that of any contemporary for the last year, and confidently assert that at the same rate of increase we shall issue in 1842, an edition of not less than 35 thousand copies monthly, and shall soon have an edition unequalled in the history of magazines.

Our splendid Steel Engravings.—We have also entered into a distinct and permanent arrangement with Rawdon, Wright, Hatch and Smilie, and with A. L. Dick, Esq. of New York, for a series of splendid engravings, to be got up in a style unsurpassed by any that have ever been done in this country. The wide spread fame of these artists is a sufficient guarantee of the character of the work we shall receive from their hands. So that with such an organization, we may safely defy competition in the way of embellishments, show the world a pattern for others to follow, in the way of liberal and judicious expenditure, and fix a new era in the history of magazine publishing in this country. It is a libel upon American artists to presume that the worn out plates of old English Annuals are to compete with or be preferred to the beautiful creations of their genius, taste and skill.

Elegant Embossed Work.—An agreement has also been made with that meritorious and accomplished artist, F. Quarre, Esq. for a full supply of tasteful Embroidery, Lace-work, Birds, Flowers, and Landscapes, colored in the most finished and elegant style. This will form an expensive, but popular and attractive feature in the work, and with the variety which will thus be introduced, will always be novel and pleasing.

Richly colored Fashions.—In compliance with the almost unanimous wishes of our lady subscribers, we shall furnish them with a beautiful and correct plate of fashions, and shall also give the style for gentlemen, which has been decidedly popular with both sexes, and has rendered the work the text book of fashion, the Union over. These fashions will be drawn from original designs from Paris and London, and may always be depended upon as the prevailing style in Philadelphia and New York, for the month in which they are issued. These, however, shall in no wise interfere with the regular and choice engravings, and music which accompany each number of the magazine, as we shall not suffer ourselves to be surpassed in number or beauty of illustrations by any other work, but shall maintain the position which we have assumed, of leading all others in the richness, beauty, excellence and variety of Magazine embellishments.

The Literary Character.—The reputation of the Magazine thus far, would be a sufficient guarantee for the future, but that it may be seen that nothing has been left undone to maintain every department of the work, and to elevate the literary, as well as the pictorial department, we beg leave to announce a host of talented and elegant American writers.

The List of Contributors.—In addition to the old contributors, whose names and articles have given a high celebrity to the Magazine, a number of new ones it will be perceived are added, of worth and note, so that we may fairly say that we have the strength of American Literature enlisted in the work. Theodore S. Fay, author of Norman Leslie, the Countess, Ida, &c. Miss E. Leslie, Hon. Robert T. Conrad, Mrs. Ann T. Stephens, Mrs. R. S. Nichols, Dr. Reynolds Coates, Dr. J. K. Mitchell, Emma C. Embury, George P. Morris, John Du Solle, Esq. The Author of Stanley, Edgar A. Poe, Philadelphia, T. G. Spear, do., Author of Howard Pinckney, Mrs. L. H. Sigourney, Hartford, Mrs. C. H. Estlin, Mrs. E. C. Stedman, Mrs. Lydia Jane Pierson, A. M. Elwood, J. R. Lowell, Robert Morris, Pliny Earle, M. D., J. S. Freleigh, H. Percival, Mrs. Lambert, Mrs. A. S. Whelpley, Mrs. M. S. B. Dana, George Lunt, J. Topham Evans, W. Gilmore Simms, R. M. Waleh, Mrs. St. Leon Loud, H. Hastings Weld, Prof. Ingraham, Author of La Fite, Prof. John Frost, Philadelphia, Prof. N. C. Brooks, Baltimore, Morton M'Michael Esq. Philadelphia, Ch. J. Peterson, Esq. do., Rev. Thos. H. Stockton, do., Samuel W. Stockton, do., E. Armstrong, Esq. do., Park Benjamin, N. York, Douglas Jerrold, England, Joseph C. Neal, (Charcoal Sketches,) the American Boz, J. Ross Browne, James F. Otis, New York, A. M'Kain and E. Holden, Esqs. J. Beauchamp Jones, Baltimore, J. E. Dow, Washington city, Mrs. E. F. Elliot, Boston, Louis F. Tassiro, H. W. Herbert, Author of Cromwell, the Brothers, &c., J. E. Snodgrass, Pierce H. Shelton, Herman Printzboff, Mrs. V. E. Howard, Mrs. E. Ashton, G. B. Brooks, Martin Thayer, E. G. Malory, J. Tomlin, Thomas Hanton, S. D. Anderson, John W. Forney, H. J. Vernon, S. W. Whelpley, A. M., William Duane, Rufus Dawes, Charles W. Thompson, J. H. Dana, A. A. Irvine.

In addition to this brilliant array of names known to fame, the distinguished services of a host of anonymous writers of no ordinary abilities will give worth and character to the pages of the Magazine. The series of the well known nautical papers entitled *Cruising in the Last War*, and the *Reefers of '76*, have had a run unequalled by any series published by any Magazine for years. The author promises to open a new series of *Tales of the Sea*, & from his known abilities as a depictr of sea scenes and life, much may be relied upon from him in maintaining the popularity of the magazine. Papers may be expected during the volume also, from the author of the well known articles entitled the *Log book of Old Ironsides*, besides a variety of choice articles in prose and verse from various writers of celebrity, as contributors to the prominent magazines of the country.

Sterling Criticisms.—The critical department shall still form a distinctive character of the work, and is under the control of a gentleman of critical acumen & reputation long established, and held every where second to none for sagacity, and an honest, fearless independence. The review of books may therefore be expected to be candid and entirely free from the insane puffing which marks the bookseller's back; but shall be thoroughly impartial and severely just.

Sports and Pastimes.—This interesting feature of the Magazine shall still be preserved as important to young sportsmen, and in fact to all young and old, who delight in the sports of the rod and the gun. Articles in this department, shall be from acknowledged pens, and of the very best authority.

Time of Publication.—The work will be published on the first of the month in every quarter of the Union. The most distant subscriber will consequently receive it on that day, as well as those who reside in Philadelphia. In all the principal cities agents have been established, to whom the Magazine is forwarded, prior to the time of issuing it, so that they may be delivered to resident subscribers on the first of the month. This is an important arrangement to distant subscribers, who become tired, importunate and eventually discontinue many works, in consequence of the great delay by publishers.

The Lowest Terms.—The proprietor being more desirous of publishing the hand-somest and best, than the cheapest work in the Union, while at the same time he is anxious to bring it within the reach of all, offers the following as the lowest possible terms, at which he can afford the work in its elegant style for 1842: Three dollars per annum in advance for a single copy. Or two copies yearly for five dollars, invariably in advance, post paid. No new subscriber received without the money, or the name of a responsible agent.

For the accommodation of those who may wish to subscribe for either of the following Philadelphia periodicals, the following liberal proposals are made: For five dollars, cash, free of postage, Graham's Magazine, and two copies of the Saturday Evening Post, for one year will be forwarded. For ten dollars, cash, free of postage, five copies of Graham's Magazine, or Graham's Magazine, and five copies of the Saturday Evening Post, for one year. For twenty dollars, cash, ten copies of the Magazine will be forwarded, and a copy gratis, to the postmaster or others forwarding the money. For thirty dollars, cash, twelve copies of Graham's Magazine, and the Waverly Novels complete, in 25 numbers, will be sent. This reprint of the popular Novels of Walter Scott, comprises every word of the Edinburgh Edition of 48 volumes, which cost in England \$72 per set. Address, post paid,

PROSPECTUS OF THE PEOPLE'S LIBRARY
OR
MAGAZINE OF CHOICE AND ENTERTAINING LITERATURE.

A distinctive characteristic of the present age is the multiplication and cheapness of its literature. In every department of letters new works are constantly falling from the press, and notwithstanding the extraordinary supply, the demand continues with unabated activity. This is especially true of those lighter publications which convey instruction in agreeable and attractive forms, and supply a means of recreation at the same time that they offer facilities for improvement. Scarcely a day passes in which some new work of this description is not given to the public, and though among the large number thus issued some may be unworthy or useless, generally they are deserving of commendation.

As most of the publications referred to are printed in solid volumes, they are inaccessible to the mass of those readers who are remote from large cities. The cost and the difficulty of transporting books to places which do not lie on the great thoroughfares of the country, are such as to prevent their extensive circulation in the interior, and to make their prices so high, as to impose a serious tax on all who purchase them. To obviate in some degree this difficulty, and to place within the reach of all, the choicest portions of the entertaining literature of the day, the Subscriber intends to publish, in a form suitable for transportation by the mails, beginning on the first day of October inst., a monthly periodical, to be called

The People's Library,
OR MAGAZINE OF CHOICE AND ENTERTAINING LITERATURE.

The PEOPLE'S LIBRARY will consist principally of reprints of the best productions of the British press. The Novels of *Bulwer*, *Dickens*, *James*, *D'Israeli*, *Marryat*, *Lever*, the author of *O'Malley* and *Lorraine*, the author of *Rory O'More*, *Warren*, author of *Ten Thousand A-Year*, *Miss Pickering*, *Agnes Strickland*, *Mrs. Gore*, *Mrs. Austin*, *Lady Blessington*, *Mrs. S. C. Hall*. And all other modern writers of distinction will be embraced in the collection, as soon as possible after their publication abroad; and in occasional instances prior to any publication which can be made by the booksellers here. In addition to the Novels, the library will contain such amusing *Memoirs*, *Diversing Travels*, and other fresh and racy works as may from time to time be the property of being transferred to its pages. It is a subject of familiar remark, that along with the wide spreading taste for literature, there is springing up in all parts of this country, a taste for the finer works of pencil and the graver, which denotes a rapidly progressive civilization. To minister to this taste, and to render "The People's Library" of the highest value, and worthy of the most extensive patronage, the proprietor intends to furnish along with each number

An exquisitely engraved Steel Plate, From the burins of the most distinguished artists. These plates will be accompanied with letter press illustrations from the pens of Miss Leslie, Seba Smith, Mrs. E. C. Embury, Miss H. F. Gould, Mrs. L. H. Sigourney, &c., &c., &c., and other eminent American writers. This feature in his proposed publication is of an importance which the proprietor believes cannot be over estimated. The series will embrace many original pictures, and each subscriber will thus receive, in addition to the regular matter of the Library, a number of elegant and costly Engravings, which will make a valuable addition to the ornaments of the drawing room and the centre table.

Accompanying each number of the Library four pages of extra matter will be furnished in the form of a cover. This will comprise notices of new publications, a monthly compend of literature, contemporary events, &c. &c. The critical department will be supplied with judicious and impartial articles, the aim of which will be to elevate the character of our literature. "The People's Library" will be printed in large octavo form, on paper of the finest quality, from clear, distinct and elegant type. Each number will contain over 80 pages, making at the end of the year 1000 pages! The whole of this, with the engravings, additional matter, literary news, &c., &c., will be furnished at the singularly low price of 83 PER ANNUM, payable in advance. This price even in this age of cheap literature, is unrivalled for cheapness. Nor can it be objected that its cheapness will lessen its merit; as the proprietor pledges himself that in every department of the work, Literary, Typographical and Pictorial, it shall be at least equal to the best periodicals of the day.

HORSE-POWER AND THRASHING MACHINES.
THE Subscriber takes pleasure in announcing that he is now prepared to furnish the Farmers of Adams and Franklin Counties with the best HORSE-POWER AND THRASHING MACHINES ever put in operation in either of the above counties.—The advantages of the Horse-Power are obvious from the fact, that a much greater velocity of the cylinder of the Machine is acquired by a slower walk of the horses than in any other Machine now in use, and having greater leverage and less friction requires lighter draught. The superiority of the Thrashing Machine consists in that of Thrashing more grain in any given time with four men to attend it, than the Machines now in use do with seven men to attend them.
The above powers and Machines are permanently constructed, and will wear much longer than any heretofore offered to the public. The Shops in which they are manufactured are Mount Maria Furnace, near Millersburg, Adams county, and at Indian Springs, near Waynesboro', Franklin county, Pa.
All orders will be thankfully received and promptly attended to at either of the above shops. Farmers and others would do well to examine the above, previous to purchasing elsewhere.

READ WHAT IT HAS DONE.

And if you have a friend, relation, or know any one that is afflicted with that distressing disease, CONSUMPTION, persuade them without delay to try that famous and tried remedy, the "BALSAM OF WILD CHERRY," which has cured thousands of this complaint after every thing else had failed.—Read the following unaltered proofs of its efficacy:—
Boston, Sept. 10, 1841.

Dear Sir—Please send me two bottles more of your Balsam of Wild Cherry, like that you sent me before. I have taken nearly all of the first two, and confidently believe this medicine will cure me. I have used a great many remedies within the last year, but have never found all any thing that has proved so much. It has stopped my cough entirely, checked my night sweats, and I sleep better at night and feel better in every way than I have for many months.
Yours, respectfully,
JAMES KELLY.
Hornesburg, Sept. 12, 1841.

Friend Wistar—I must again trouble thee to send me two bottles more of thy invaluable Balsam. I have now taken three bottles in all, and can truly say that it has done me more good than all the medicine I have ever taken before. Send by the stage as soon as possible, and oblige thy friend,
JACOB HOLLOWAY.
Bristol, September 8, 1841.

Dear Doctor—Hearing so many people talk about the wonderful cures your Balsam of Wild Cherry has made in Consumption, I sent to one of your agents the other day for a bottle, and have found it to relieve me so much, that I will order three more sent soon, as I believe it will cure me too. I have used a great many balsams of different kinds, have tried Jayne's Expectorant and other medicines besides, but nothing has ever done me as much good as yours has. Send by the steamboat Bolivar. Yours truly,
WILLIAM THOMAS.
Bristol, September 8, 1841.

Besides its astonishing efficacy in Consumption, it is also the most effectual remedy ever discovered for LIVER COMPLAINTS, ASTHMA, BRONCHITIS, COUGHS, CROUP, WHOOPING COUGH, &c. and hundreds will testify who have been cured by it after all other remedies had failed.
Be very particular to ask for DR. WISTAR'S BALSAM OF WILD CHERRY, and be sure you get the genuine article, and retail by WILLIAMS & Co. Chemists, No. 33 South Fourth street, Philadelphia.

By the extraordinary virtues of that unrivalled medicine, the "BALSAM OF WILD CHERRY," the well-known famous remedy for CONSUMPTION AND LIVER COMPLAINT, COUGHS, COLIC, ASTHMA, BRONCHITIS, CROUP, WHOOPING COUGH, &c.
Boston, June 16, 1841.

To Dr. H. Wistar:—
Dear Sir—In your last letter you ask if your Balsam has been successful in this city. I am happy to say that enquiry, I can assure you I have never before used any medicine that has sold so rapidly or been so successful as yours. As you have been so kind as to send me a bottle gratis, I have immediately presented her with half a dozen bottles, which she has also used a part of, and is recovering very fast. She told me a few days since that she had not felt so well for the last year, and believed your medicine was the only thing that saved her life, &c. The same society have purchased over thirty bottles for different persons, and will no doubt purchase many more as they praise it very highly.

COUGHS & COLDS.

THE CAUSE OF CONSUMPTION.—Simple as these complaints are usually considered, no one can deny their being the most common cause of this fatal and distressing disease. It is indeed a melancholy truth, that thousands fall victims to CONSUMPTION every year from no other cause than NEGLECTED COLDS. Yet each year hundreds, nay thousands who treat such complaints with the greatest indifference, and let them run on for weeks and even months without thinking of the danger. At first you have what you may consider a slight COUGH or COLD; you allow business, pleasure or caroliness to prevent you from giving any attention to it; then coughing upon your breath, you become hoarse, have pains in the side or chest, expectorate large quantities of mucus, perhaps mixed with blood, a difficulty of breathing ensues, and then you find your own foolish neglect has brought on this distressing complaint. If then you value life or health, be warned in time, and don't trifle with your COULD, or trust to any quack nostrum to cure you, but immediately procure a bottle of the famous remedy, the "BALSAM OF WILD CHERRY," which is known to be the most speedy cure ever known, as thousands will testify whose lives have been saved by it.
Be very particular when you purchase to ask for "DR. WISTAR'S BALSAM OF WILD CHERRY," as there is also a SYRUP of this name in use.

GROUP IN CHILDREN.

MOTHERS, BE ON YOUR GUARD.—This is the season when this destructive complaint attacks your interesting little children, and often robs you of those you fondly dot on, and carries hundreds to the grave. Every mother or should, therefore, know its symptoms, watch them closely, and always be prepared with a remedy to cure it, as many are daily sacrificed by such neglect. At first the little patient is seized with a shivering, it grows restless, has flushes of heat, the eyes become red and swollen, it breathes with difficulty, and then comes that fearful COUGH that will surely terminate in convulsions or death unless something is immediately given to check it. In this complaint the "BALSAM OF WILD CHERRY" is well known to be the most speedy cure ever discovered. It is indeed a precious remedy—mild, safe and innocent, and sure to give the little sufferer immediate relief, and quickly restore it to safety and health. Every mother who loves her children should always keep in the house and give it to them early; by doing so you may often save the life of your child. Remember that this is the famous remedy that distinguished physician, Dr. Wistar, which has cured thousands of CROUP, WHOOPING COUGH, ASTHMA, CONSUMPTION, &c., after every other medicine had failed.
Be particularly when you purchase to ask for "DR. WISTAR'S BALSAM OF WILD CHERRY," as there is a SYRUP of this name advertised in the papers, and which is entirely different.
