To Dr. H. WISTAR: Dear Sir, -- In your last letter you ask if your Balsam has been successful in this city. In reply to that enquiry, I can assure you I have never before sold any medicine that has sold so rapidly or been used with such universal success, as yours has. In some cases it has effected surprising cures, and in others has given great reliefafter every other remedy had failed. But there is one case that excels any I have yet heard of. This was a poor woman that has been afflicted with CONSUMPTION for several years, and had tried every thing in vain.— Knowing she was very poor, yet very worthy, I sent her a bottle gratis, which she said relieved her very her a bottle gratis, which she said relieved her very much. This circumstance was soon made known to a religious society she belonged to, and they immediately presented her with half a dozen bottles, which she has also used a part of, and is recovering very fast. She told me a few days since that she had not felt so well for the last year, and believed your medicine was the only thing that saved her life, &c. The same society have purchased over thirty bottles for different persons, and will no doubt purchase many more as they praise is very highly.

THE CAUSE OF CONSUMPTION.—Simplo as these complaints are usually considered, no one can deny their being the most common cause of this fatal and distressing disease. It is indeed a melancholy truth, that thousands fall victims to Consumption every year from no other sause than NEGLECTED COLDS Yet we find hundreds, nay thousands who treat such complaints with the greatest indifference, and bet them run on for weeks and even months without thinking of the denger. At first you have what you may consider a slight COUGH or COLD; you allow business, pleasure or carelessness to prevent you from giving it any attention; it then settles upon your breast, you become hourse, have pains in the side or chest, expecterate large quantities of matter, perhaps mixed with blood, a difficulty of breathing ensues, and then you find your own foolish neglect has brought on this distressing complaint If then you value most speedy cure over known, as thousands will

testify whose lives have been saved by it.

CROUP IN CHILDREN.

MOTHERS, BE ON YOUR GUARD .-

This is the season when this destructive com-plaint attacks your interesting little children, and often robs you of those you fondly dout on, and carries hundreds to the grave. Every mothor should, therefore, know its symptoms, watch them closely, and always be prepared with a remedy to cure it, as many are daily secrificed by such neglect. At first the little patient is seized with a shivering, it grows restless, has flushes of heat, the eyes become red and swollen, it breathes with difficulty, and then comes that fourful COUGH that will surely terminate in convulsions or death unless something is immediately given to check it. In this complaint the "BALSAM OF WILD CHERRY," is well known to be the most speedy cure over discovored. It is indeed a precious remody-mild, safe and innocent, and sure to give the little sufsafety and health. Every mother who loves her children should always keep in the house and give it to them early; by doing so you may often save the life of one you fundly love. Remember this is the femous remedy of that distinguished physician, Dr. Wietar, which has cured thousands of CROUP, WHOOPING COUGH, ASTHMA, CONSUMPTION, &c., after every other medicine had failed.
