To the Citizens of Adams County.

FELLOW CITIZENS:- I perceive I stand charged in the "Star," a paper of your enunty, with three offences. First - with making an attempt to injure the reputation of a medicine, "fictitiously" called Dr. Wistar's Balsam of Wild Cherry. This is positively false. Dr. Wistar's Balsam of Wild Cherry never had a reputation to in are. I did say it was fictitious, and I say still, and I challenge enquiry. Second -- I am charged with bolstering up a "Syr up." of Wild Cherry. If it is meant Dr. Swnyne's Compound Syrup of Wild Cher Ly, that medicine has no occasion of bol stering up. It has thousands and tens of thousands to prop it up; its virtue alone would be sufficient if every other prop was cut from under it. My highest aim is to do good, that others may reap the benefit with myself. Third-I am accused with trickery. This is equally false with the rest-which those who know me best can lestify. What I would call trickery is coming out under false colours, calling things by names which belong not to them with a view to give a reputation which they do not deserve. For an individual to make high pretensions to cure the most formidable diseases, without any knowledge of the science of medicine either in theory or practice, is presumptuous in the highest degree. It was years after my medicine modate the public, and entertain strangers was introduced into the sick chamber, and its virtues had become widely known long is of good repute for honesty and temper- stantial manner, and on the most accommobefore others began to catch at the name ance, and is well provided as required by dating terms. of Wild Cherry" - thinking to borrow a law, with house room and conveniences for prentation from that already established.
