

THE STAR AND BANNER.

The following articles having appeared in only a portion of last week's issue, reached but a few of our readers. They are consequently re-inserted for the benefit of those that did not see them.

MELANCHOLY SUICIDE.

Just as our paper was going to press, a friend announced to us the melancholy intelligence of the death of Maj. D. G. Yost, a distinguished member of the Hagerstown Bar, by suicide. The deceased, it will be recollected, was one of the speakers at the Whig mass meeting in this place last fall. We understand that for several weeks, Mr. Yost had suffered from great depression of spirits and melancholy, consequent upon pecuniary embarrassment; and on Wednesday last, the first time during that period, visited his office, where he put an end to his existence by blowing out his brains with a pistol!

THE NEXT GOVERNOR.

The Harrisburg Intelligencer, of Wednesday last, contains an able and eloquently written communication, of four columns, urging the nomination of our distinguished fellow-citizen, the Hon. JAMES COOPER, as the Whig Candidate for Governor in 1847. There is but one opinion upon this subject here. "SCOTT AND COOPER," will make all things O. K. in Pennsylvania. We will endeavor hereafter to make room for a portion of the article alluded to.

It is rumored in Washington that Chief Justice TANEY is about to resign, on account of ill health, and that Mr. BUCHANAN will fill the vacancy.

The effect of the news by the Caledonia has caused a still further advance in the flour and grain markets. In N. York flour was selling at \$6.25, in Philadelphia \$5.87, in Baltimore from 5.25 to 5.50.

The trial of E. P. ROBERTS, one of the persons charged with the outrage upon the German girl Margaret Ehrman, in Baltimore some months since, has ended in his conviction of an assault with intent to commit a rape. The punishment will be imprisonment in the Penitentiary for from two to ten years. Three others are to be tried for the same offence.

MR. CHARLES W. AINSWORTH, a respectable merchant of Charleston, Va., was killed last week by the accidental discharge of his own gun, while on a hunting excursion.

A fire broke out in Wilmington, N. C., on the 4th inst. which destroyed about fifty houses—loss estimated at \$175,000.

One hundred and fifty-seven colored persons, liberated by will on two estates in Virginia, will sail for Liberia, in Africa, on Tuesday next.

Gov. WRIGHT has recommended the 4th of December as a day for public thanksgiving in New York.

MR. VICKERY, the Whig candidate for Governor of Michigan, built a school house on his own land; and, because a competent teacher could not be procured, taught the school himself through the last winter.

KIRATOPLASTIE.—We have already mentioned in our reports of the sittings of the Academy, some experiments in what the French call Kiratoplastie, which consists in replacing a diseased cornea by a portion of the cornea taken from another individual, and which, in fact, is a kind of animal grafting. To-day, there was read a communication from Dr. Plouviex, of Lille, in which he states that he recently performed the operation on a female, twenty-three years of age, and who became blind from the small-pox at the age of three years.—He removed the cornea, and substituted by sutures that of a young dog which he sacrificed for the purpose. The grafting process was entirely successful, but it does not appear that much benefit was derived from it. The girl does not see well enough to move about without a guide, and the only difference between her present state and that before the operation is, that she can now just distinguish night from day.—French Academy of Science.

A Mrs. NORTH, of Lowell, had a tumor or cancer cut from her breast on Tuesday last, while in a mesmeric state. The operation lasted fifteen minutes. She felt a little pain and had a sort of dreamy, indistinct notion all the while the operation was going on.

NATURAL CURIOSITY.—A white chicken with four legs, is now in the possession of Mr. Ricard Cruit, of Georgetown, D. C. This freak of nature is the more curious as the chicken is alive and well.

A Washington correspondent of the Charleston News says:—It is feared that Elliot, who killed young Kendall, will become insane. I am told that he rises from his bed in the night, and paces his cell in the greatest agony. His trial will shortly come on.

EVIDENCE OF CHARACTER.—A young woman brought before the Boston police lately, alleged in defence of her respectability, that she was acquainted "with all the lawyers in New York." She was instantly committed for six months.

AMERICAN SILK.—Mr. W. H. Greenough has submitted for the inspection of the Rochester American several beautiful specimens of handkerchiefs manufactured from American silk. The establishment of the silk manufacture in the U. States has been long a great desideratum, and every indication of the success of the efforts making for that end, is cheering to the well-wishers of American industry. Mr. Greenough's extensive store in that city is filled with products of American skill and labor.

SUPERIOR COOK STOVE.

THE attention of the public is respectfully called to S. BENTZ'S FARMER'S COOK STOVE as an article superior to any yet offered to the public for cooking purposes.

It was got up expressly to answer the wants of the Farmer, and will not fail to please all who may require a good sized COOK STOVE.

One of the many advantages possessed by this Stove is, that water, apple-butter, clothing, &c. can be boiled in a large copper kettle at the same time, whilst cooking is doing for 20 or thirty persons. It is decidedly superior to the control of the heat being completely under the control of the cook, who can apply it to the bottom as well as to the top of the oven, and thus bake with perfect regularity.

It is unnecessary to give any further detail of its advantages. Please refer to the subjoined certificate from Wm. F. Elliott, Esq., Patent Agent of Washington City.—Many testimonials equally flattering could be furnished, but this will suffice. Those who want a superior Cook Stove, will do well to try this article—they are warranted or no sale.

S. BENTZ, Boonsboro', Md., May 19, 1843.

WASHINGTON, May 3, 1843. To Samuel Bentz, Esq. Dear Sir—I have tried the Cooking Stove that you sent me, and am well pleased with its performance.

My expectations are more than realized. I believe it will perform more cooking in less time, and with less fuel than any of the various Cooking Stoves that I have tried during 25 years' connection with the Patent Office. It is not only more generally known to insure its fame throughout the country. I am at length satisfied in the culinary department of my domestic establishment—for which I acknowledge myself indebted to your genius and enterprise.

I remain very respectfully, yours, &c. WM. P. ELLIOTT, Patent Agent.

LET THIS DAY APPOINT J. D. PAXTON & Co., my AGENTS for the State of Pennsylvania, for the sale of Territory and otherwise, of my Cook Stove.

FARMERS AND OTHERS

Are respectfully informed that the undersigned have now on hand, and are manufacturing the above Stoves, so that they are now prepared to fill all orders with which they may be favored, upon the shortest notice.

Protection against Loss by FIRE.

THE "Cumberland Valley Mutual Protection Company," being incorporated by an act of the Legislature and fully organized and in operation under the direction of the following board of Managers, viz: Thomas C. Mier, John Moore, Moore, Samuel Galbraith, Thomas Paxton, A. G. Miller, Philip Spangler, Samuel Woods, Abraham Kurtz, George Brindle, and Scott Coyle, call the attention of the inhabitants of Cumberland and Adams counties, to the cheapness of the rates, and the many advantages which this kind of insurance has over any other:

1st. Every person insured becomes a member of the company and takes part in the choice of officers and the direction of its concerns.

2d. For insurance no more is demanded than is necessary to meet the expenses of the Company and indemnity against losses which may happen.

3d. The inconvenience of frequent renewals is avoided by insuring for a term of five years.

4th. Any person applying for insurance must give his premium note for the cheapest class at the rate of 5 per centum, which will be \$50 on the \$1000, for which he will have to pay \$2 50 for five years, and \$1 50 for survey and policy, and no more unless loss be sustained to a greater amount than the funds on hand will cover, and then no more will be required than a pro rata share. These rates are much cheaper than those of other companies, except such as are incorporated on the same principles.
