#### SUPERIOR COOK STOVE.

THE attention of the public is respectfully called to S BENTZ's FARMER'S COOK STOYE as an article superior to any yet offered to the public for cooking purposes. It was got up expressly to answer the wants of the Farmer, and will not fail to please all who may require a good sized COOK STOVE. One of the many advantages possessed by this Stove is, that water, apple-butter, clothing. &c, can be boiled in a large copper kettle at the same time, whilst cooking is doing tor 20 or thirty persons. It is decidedly superior for BARING—the heat being completely under the control of the cook, who can apply it to the botom as well as to the top of the oven, and thus bake with perfect regularity. It is unnecessary to give any further detail of its advantages. Please efer to the subjoined certificate from Wm. F. Elliott. Esq., Patent Agent, of Washington City -Many testimonials equally flattering could be furnished, but this may suffice. Those who want a superiorCook Stove, will do well to try this article—they are warranted or no sale.

Boonsboro', Md., May 19, 1843.

Washington, May 3, 1843.

To Samuel Bentz, Esq.,
Dear Sir:—I have tried the Cooking Stove that you sent me, and am well pleased with its performance. My expectations are more than realized. I believe it will perform more cooking in less time, and with less fuel than any of the various Cooking Stoves that I have tried during 25 according to the quality, than | years' connection with the Patent Office. Its merits need only be more generally known to insure its same throughout the country. I am at length satisfied in the culinary department of my do mestic establishment—for which I acknowleged myself indebted to your genius and enterprise.

I remain very respectfully, yours, &c., WM. P. ELLIOTT, Patent Agent.
