COCKROFT & OVEREND, 68 Ann st. Dec. 19. SUPERIOR COOK STOVE.

THE attention of the public is respectfully cal-led to S. Bentz's Farmen's Cook Stove as an article superior to any yet offered to the public for cooking purposes. It was got up expressly to answer the wants of the Farmer, and will not fail to please all who may require a good sized COOK STOVE. One of the many advantages possessed by this Stove is, that water, apple-buter, clothing, &c. can be boiled in a large copper cettle at the same time, whilst cooking is doing for 20 or thirty persons. It is decidedly superior for BAKING—the heat being completely under the entrol of the cook, who can apply it to the bottom as well as to the top of the oven, and thus bake with perfect regularity. It is unnecessary to give any further detail of its advantages. Please refer to the subjoined certificate from Wm. F. Elliott. Esq., Patent Agent, of Washington City. Many testimonials equally flattering could be furnished, but this may suffice. Those who want a superiorCook Stove, will do well to try this arti-
