SCARPA'S ACUOSTIC OIL! THE ONLY CURE FOR DEAFNESS.

MEMORRHOIDS, OR PILES, is a disease produced by local irritation, costiveness, purgative stimulants, undue determination of blood to the hemorrhoidal vessels by excessive riding or walking, or a congestive state of the liver, and often by a peculiarity of the constitution itself. It is usually considered under three forms, or varieties, as follows: 1. Blind Piles, White Piles, and Bleeding Piles. This disease is so common, and so very well known, that a description of its symptoms is not deemed necessary. The success which has followed the use of the Embrocation in the cure of this disease, has been truly astonishing. Physicians now advise their patients to try it, as the only PILE MEDICINE. In addition to its being a positive remedy for the piles, it never fails to cure that intolerable itching, which is so very common, and has its location in the same parts as the piles. Certificates of cures may be seen by calling on his agent, in Gettysburg. S. H. BUEHLER. Gettysburg, June 26, 1846. 3m

FOR the cure of DEAFNESS, PAINS, and the discharge of matter from the Ears. Also, all those disagreeable noises like the buzzing of insects, falling of water, whizzing of steam, &c., &c., which are symptoms of approaching deafness, and also generally attendant with the disease. Many persons who have been deaf for ten, fifteen, and twenty years, and were obliged to use ear trumpets, have, after using one or two bottles, thrown aside their trumpets, being made perfectly well. Physicians and Surgeons highly recommend its use. The application of the oil produces no pain, but on the contrary an agreeable sensation. The recipe for this medicine has been obtained from an Aurist of great reputation, who has found, from long observation, that deafness, in nineteen cases out of twenty, was produced either from a want of action in the nerves of hearing, or a dryness in the ears; his object, therefore, was to find something that would create a healthy condition of those parts. After a long series of experiments his efforts were at last crowned with success, in the discovery of this preparation, which has received the name of SCARPA'S COMPOUND ACUOSTIC OIL. Certificates of cures may be seen by calling on his agent, in Gettysburg. S. H. BUEHLER. Gettysburg, June 26, 1846. 3m

THE Subscriber has just received a fresh supply of this valuable Medicine, which has acquired a celebrity which few others ever received in so short a time as a few years. The sale of which has constantly increased, and will continue as its merits are made known. This celebrated Balsam of Health is a medicine of vegetable compound, warranted a safe and effectual remedy, not only for dyspepsia, but for the whole train of diseases resulting from a connection with a disordered condition of the stomach and liver, or derangement of the digestive functions.

PROTECTION AGAINST LOSS BY FIRE. THE "Combsland Valley Mutual Protection Company," being incorporated by an act of the Legislature and fully organized and in operation under the direction of the following Board of Managers, viz: Thomas C. Miller, John Moore, David W. McCullough, James Weckly, William Moore, Samuel Galbraith, Thomas Paxton, A. G. Miller, Philip Spangler, Samuel Wood, Abraham Kurtz, George Brindle, and Scott Coyle, call the attention of the inhabitants of Combsland and Adams counties, to the cheapness of the rates, and the many advantages which this kind of insurance has over any other:

1st. Every person insured becomes a member of the company and takes part in the choice of officers and the direction of its concerns. 2d. For insurance no more is demanded than is necessary to meet the expenses of the Company and indemnity against losses which may happen. 3d. The inconvenience of frequent renewals is avoided by insuring for a term of five years. 4th. Any person applying for insurance must give his premium note for the cheapest class at the rate of 5 per centum, which will be \$50 on the \$1000, for which he will have to pay \$2.00 for five years, and \$1.50 for survey and policy, and no more unless loss be sustained to a greater amount than the funds on hand will cover, and then no more will be required than a pro rata share. These rates are much cheaper than those of other companies, except such as are incorporated on the same principles. THOMAS C. MILLER, PRESIDENT. A. G. MILLER, Sec'y.
