VOL. XVII.-28.}

To the Free Electors of the 15th Congressional District, composed of York and Adams Counties.

TALLOW CITIZENS-Having on a former occasion been honored with a majority of your suffrages, for a seat in the Congress of the U. States, and while acting as my judgement dictated, given satisfaction to my constituents, so far as I am aware; and having been solicited by many warm and respected friends to become a Candidate for the same office at the ensuing election, in October next, the encouragement, which those considerations afford, induces me again to offer myself as a candidate for a seat in the

30/h Congress of the U. States.

Should you think me worthy of your support, and I receive a majority of your votes, I will endeavor to promote the interests of my constituents and our common country, by defending such principles as were advocated by the Fathers of the natian, among which is Protection to American Interests in preference to those of Foreign Lands.

POETRY.

The Nursery Tale. O, did you not hear in your nursery, The tales that the gossips tell, Of two young girls that came to drink At a certain fairy well ?

The words of the younger were as sweet As the smile of her ruby lip; But the tongue of the oldest seemed to move As if venom were on its tip.

At the well a beggar accosted them, (A sprite in a mean disguise.) The eldest spoke with a scornful brow, The youngest with tearful eyes.

Cried the fairy, "Whene'er you speak, sweet girl! Pure gems from your lips shall fall: But whene'er you utter a word, proud maid ! From your tongue shall a serpent crawl !'

And have you not met with these sisters oft, In the hounts of the old and young ? The first with her pure, unsullied lip, The last with her serpent tongue.

The first is Goon NATURE-diadems bright O'er the darkest themes she throws ; And the last is SLANDER, leaving the slime Of the snake wherever she goes!
