True and Spurious Democracy.

We have already recorded Governor Pollock's approval of an act passed by the late Pennsylvania legislature, providing for the sale of the main line of the public works of Pennsylvania for a sum not less than \$3,500,000.

Such a disposition of the main line of the public works seems to be in harmony with that truly democratic policy which insists on simplifying and reducing, as far as practicable, the functions of government, and relieving it of responsibilities which can only be properly discharged by private hands.

The course of the late Pennsylvania legislature, in getting rid of a dangerous and unprofitable encumbrance to the state, appears to us, as we have said, a return to the true democratic policy.

Social Intercourse.

There is a false necessity with which we continually surround ourselves—a restraint of conventional forms. Under this influence men and women check their best impulses, and suppress their highest thoughts.

What is there of joyful freedom in our social intercourse? We wish to enjoy ourselves and take away all his freedom, while we destroy our own.

If a visitor arrive, they say, I am very busy to-day; if you want to work, the men are raking hay in the field; if you want to romp, the children are at play in the court; if you want to read to me, I can be with you at such an hour.

At some houses in Florence, large parties meet without the slightest preparation. It is understood that on some particular evening of the week, a lady or gentleman always receive their friends.

music. Couples are ensconced in some shaded alcove, or groups dotted about the rooms, in mirthful or serious conversation. No man is required to speak to his host, either on entering or departing.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and this extensive trial of its virtues has conclusively shown what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills—one which should have every other. This has been attempted here, and with what success, we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is so irritating and irritating to the bowels. This is not. Many of them produce so much gripping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation of pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Altho' the directions for their use in the several diseases to which they are applicable are given on the box: Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, and Biliousness, Headache, Flatulency, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As a purgative, they afford a gentle and safe relief in Constipation, Piles, Colic, Dysentery, Humors, Scrofula and Scoury, Colds with soreness of the bowels, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced a singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify
