County School Superintendents

We have compiled below, says the Harisburg Telegraph, what we believe to be a substantially correct list of the newly elected County Superintendents...

Table listing names and salaries of County School Superintendents, including Adams, Allegheny, Armstrong, Beaver, Bedford, Berks, Blair, Bradford, Butler, Cambria, Carbon, Centre, Chester, Clarion, Clearfield, Clinton, Columbia, Crawford, Cumberland, Dauphin, Delaware, Elk, Erie, Fayette, Forest, Franklin, Fulton, Green, Huntingdon, Indiana, Jefferson, Juniata, Lancaster, Lawrence, Lebanon, Luzern, Lycoming, McKean, Mercer, Mifflin, Monroe, Montgomery, Montour, Northampton, Northumberland, Perry, Pike, Potter, Schuylkill, Snyder, Somerset, Sullivan, Susquehanna, Tioga, Union, Venango, Warren, Wayne, Westmoreland, Wyoming, York.

The Miseries and Effects of Intemperance

The following is the most graphic delineation of the miseries and effects of intemperance that we have ever seen. It is from the arguments advanced by certain citizens of Portage county, Ohio, in a memorial to the Legislature on the subject:

"And yet its march of ruin is onward still! It reaches abroad to others, invades the family and social circles, and spreads woe and sorrow all around. It cuts down youth in its vigor, manhood in its strength, and age in its weakness. It breaks the father's heart, bereaves the doating mother, extinguishes natural affection, erases conjugal love, blots out filial attachment, blights parental hope, and brings down mourning age in sorrow to the grave. It produces weakness, not strength; sickness, not health; death, not life. It makes wives widows, children orphans, fathers fiends, and all of them paupers and beggars. It hails fevers, feeds rheumatism, nurses gout, welcomes epidemics, invites cholera, imparts pestilence, and embraces consumptions. It covers the land with idleness, poverty, disease and crime. It fills your jails, supplies your almshouses, and demands your asylums. It engenders controversies, fosters quarrels, and cherishes riots. It contemns law, spurns order, and loves mobs. It crowds your penitentiaries, and furnishes the victims for your scaffolds. It is the life-blood of the gambler, the aliment of the counterfeiter, the prop of the midnight incendiary. It countenances the liar, respects the thief, and esteems the blasphemer. It violates obligation, reverences fraud, and honors infamy. It defames benevolence, hates love, scorns virtue, and slanders innocence. It incites the father to butcher his wife, and aids the child to grind his parricidal axe. It burns up man, consumes woman, degrades life, curses God, and despises Heaven. It suborns witnesses, nurses perjury, defiles the jury box, and stains the judicial ermine. It bribes votes, disqualifies voters, corrupts elections, pollutes

our institutions, and endangers our government. It degrades the citizen, debases the legislator, dishonors the statesman, and disgraces the patriot. It brings shame, not honor; terror, not safety; despair, not hope; misery, not happiness. And now, as with the malevolence of a fiend, it calmly surveys its frightful degradation, and, insatiate with havoc, it pours its felonies, kills peace, ruins morals, blights confidence, slays the reputation, and wipes out national honor, then curses the world and laughs at its ruin."

GREAT EXCITEMENT! TREMENDOUS RUSH! Another Cargo of Goods at THE OLD REGULATOR.

YOU might as well undertake to dam up the waters of the Niagara with bulrushes, as to try to convince the multitude that there is any other place in town where they can get such great bargains in the line of

GROCERIES & PROVISIONS,

as at the Old Regulator, which has so long been the Great Emporium of Trade in this flourishing Metropolis. Now we have come to the conclusion that there is only one way to sell Goods, and that is to let the people know we have them to sell, and sell them at prices which will be an inducement to those in want to buy of us; and for this purpose we have chartered a column in the Journal where we intend to keep the people posted as to what may be found at our establishment. Every body knows, (or at least ought to know) where the Old Regulator is; and for the benefit of those who don't know, and who wish to know, we will just inform them that it is located right on the

RAILROAD,

only a few rods from the Depot, and is always open for customers and all who wish to save 25 per cent. in purchasing the necessities of life; for it is the only place in town where you can expect to have a little change left after purchasing your necessary supplies, notwithstanding the common assertion of every one that they sell cheaper than their neighbors. We don't boast of selling goods at or below cost, but we have adopted as our standard to "Live and Let Live," and to sell as cheap as the cheapest; for when people advertise to sell below cost, you may easily conclude that they are only "throwing out bait." In order that the people may know what we keep to sell, we will enumerate a few of the most important articles.

GROCERIES.

Any one examining our stock of Groceries, we are confident will at once come to the conclusion that a better and more complete assortment cannot be found in this section, consisting of

- SUGAR, TEA, COFFEE, MOLASSES, SYRUPS, PEPPER, SPICE, GINGER, CLOVES, Mustard, Saleratus, Cinnamon, Pepper-Sauce, Catsup, Yeast and Soap Powders, Vinegar, Oil, Camphene, Fluid, Chewing and Smoking Tobacco, Sauff, Segars, Candy, Nuts, Raisins, Crackers, Herring, Soap, Candles, and every article necessary to mention, may be found in this department, and which will be sold at a trifling advance from cost to ready pay.

PROVISIONS.

Just take a look at our large stock of Provisions, and see if we have not got the where-withal to relieve the numerous wants of the needy, and enough to keep you all from starving through the long and dreary winter. It is impossible for us to enumerate one half the articles we keep, in a single advertisement, but we will mention a few of the most important, which may be found in abundance and in great variety, consisting of

- PORK, HAM, BUTTER, CHEESE, LARD, SALT, CORNED BEEF, DRIED BEEF, SHOULDER, FLOUR, CORN MEAL, BUCKWHEAT FLOUR, DRIED PEAS, DRIED PLUMS, POTATOES, OATS, BEANS, SALT, and a host of other articles in the line of provisions. Also kept constantly on hand a good assortment of

WOODEN AND WILLOW WARE

such as Brooms, Washtubs and Boards, Mops, Dinner Boxes, Brushes, &c., together with a general assortment of Stone Ware, which we will sell very cheap for cash. A general invitation is extended to all, and to the people of Potter County in particular to call at the Old Regulator before purchasing elsewhere.

AYER'S PILLS. A new and singularly successful remedy for the cure of all Bilious diseases—Constipation, Indigestion, Jaundice, Dropsy, Rheumatism, Fever, Gout, Humors, Nervousness, Irritability, Inflammation, Headache, Neuralgia, Spasms, Gravel, Catarrh of the Bladder, Female Complaints, &c., &c., &c. Induced very few are the diseases in which a Purgative Medicine is not more or less required, and much distress and suffering are prevented, and a more prompt and effectual Cathartic more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which lead the human race to premature graves. A reliable family physic is of the first importance to the public health, and this Pills has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Nurses, and Patients, has afforded the most convincing evidence of its efficacy, and has induced the most distinguished names in the medical profession to give their names to it. Among the many eminent gentlemen who have testified in favor of these Pills, we may mention: DR. A. A. HAYES, Analytical Chemist, of Boston and State Assayer of Massachusetts, who has analyzed the Pills, and pronounced them to be a safe and reliable family physic of the first importance to the public health, and this Pills has been perfected with consummate skill to meet that demand.
