

Coin and County.

We have received from Messrs. Fowler and Wells, 308 Broadway N. Y., a copy of "How to Get a Patent," a very neatly printed little pamphlet of 18 pages, and which is full of interesting instructions to inventors.

The Real Estate Register of the Northwest, is the title of a neat little quarterly paper, No. 3 of Vol. 1 of which has just been received. To those engaged in the real estate business, or those desiring information in regard to Western lands, it is well worth the low price of \$1 a year.

FREE LECTURE. DR. GIRARDIN will lecture in the Methodist Church, on Friday evening, July 24, at 8 o'clock. Subject—THE CAUSES AND ABUSES OF DISEASE.

The Good Templar, for July. As our table containing a continuation of Mrs. Sage's charming Temperance tale of "Elsie Magoon," and the proceedings of the National Lodge. This sterling little Temperance Magazine is deserving of the hearty support of all friends of the cause.

Be Wise in Time.—How many are there who, afflicted with disease in an incipient stage, delay from time to time having recourse to some remedial agent, which would effectually arrest the further progress of disease, and render the system impregnable to its insidious attacks.

WONDERFUL PHENOMENON.—Gold Falling from the Clouds in McKean.—A few weeks since we gave an account of the discovery of a gold mine in McKean county, and now have the pleasure of recording another astonishing phenomenon of the mineral wealth of that county.

NOTICE.—We are surprised that the Citizen does not give the details at length, arising as it does an editor especially devoted to noting down the mineral developments of that county.

In New York on the Fourth, the railroad cars in the First avenue, between Fourteenth and Twenty-sixth streets, were stopped by an armed band of rowdies, who levied an assessment upon the conductors before they would permit the horses to proceed! Beautiful!
