

THE OLD REGULATOR

THE OLD REGULATOR which has so long been the favorite of the people in this flourishing Metropolis. Now we have come to the conclusion that this is only one way to sell goods and that is to let the people know we have them to sell, and sell them at prices which will be an inducement to those in want to buy of us; and for this purpose we have changed a column in the *Journal* where we intend to keep the people posted as to what may be found at our establishment—**Every body knows** (or at least ought to know) that the *Old Regulator* is; and for the benefit of those who do not know, and who wish to know, we will just inform them that it is located right on the

RAILROAD, only a few rods from the Depot, and is always open for customers and all who wish to save 25 per cent. in purchasing the necessities of life, for it is the only place in town where you can expect to have a *little change left* after purchasing your necessary supplies, notwithstanding the common assertion of every one that they sell cheaper than their neighbors. We don't boast of selling goods at a below cost, but we have adopted as our standard to "give and let live," and to sell as cheap as the cheapest; for when people advertise to sell cheap, you may easily conclude that they are only "throwing out bait." In order that the people may know what we keep to sell, we will enumerate a few of the most important articles.

GROCERIES. Any one examining our stock of Groceries, will be confident that at once come to the conclusion that a better and more complete assortment cannot be found in this section, consisting of **BUTTER, CHEESE, LARD, SOAP, SYRUPS, PICKLES, SPICES, SALT, OLIVES, CLOVES, Mustard, Serratus, Cinnamon, Pepper-Sauce, Catsup, Yeast and Soap Powders, Vinegar, Oil, Camphene, Fluid, Cheering and Smoking Tobacco, Snuff, Segars, Candy, Nuts, Raisins, Crackers, Herring, Soup, Onions, and a vast variety of other articles which it is unnecessary to mention, may be found in this department, and which will be sold at a trifling advance from cost to ready pay.**

PROVISIONS. Just take a look at our large stock of Provisions, and you will be not get the where-withal to mention the numerous wants of the people, and enough to keep you all from starving through the long and dreary winter. It is impossible for us to enumerate one half the articles we keep, in a single advertisement, but we will mention a few of the most important, which may be found in abundance and in great variety, consisting of **PORK, HAMS, BUTTER, FISH, CHEESE, LARD, SALT, CORN, BEEF, DRIED BEEF, SHOULDERS, FLOUR, CORN MEAL, BUCKWHEAT FLOUR, DRIED APPLES, DRIED PLUMS, POTATOES, OATS, BEANS, SALT, WOODEN AND WILLOW WARE** such as Brooms, Wash-tubs and Boards, Mops, Dinner Boxes, Brushes, &c., together with a general assortment of Stone Ware, which we will sell very cheap for cash. A general invitation is extended to all, and to the people of Potter County in particular to call at the *Old Regulator* before purchasing elsewhere.

PROVISION STORE.

E. K. SPENCER, Offers Great Inducements TO BUYERS OF GROCERIES, PROVISIONS &c., at the store formerly occupied by D. W. SPENCER, on 3d Street, North side of Public Square.

GROCERIES. A good assortment constantly on hand, from which I will enumerate a few of the leading articles, such as **Sugar, Mustard, Candy, Coffee, Cinnamon, Onions, Pepper-Sauce, Crackers, Syrup, Catsup, Soap, Pepper, Yeast, Caudles, Spices, Oils, Shot, Ginger, Tobacco, Lead, Cloves, Snuff, "C." Caps, Carb. Sods, Segars, C. Tartar,** and many other things too numerous to mention, will be found in this department, which will be sold at a trifling advance from cost, for ready pay.

PROVISIONS—Constantly on hand, such as **PORK, HAMS, SHOULDERS, FISH, SALT, BUTTER, CHEESE, LARD, BEANS, OATS, FLOUR, CORN MEAL, BUCKWHEAT FLOUR, DRIED APPLES, DRIED PLUMS,** and many other articles in the line of Provisions not necessary to mention. Also, **WOODEN WARE**, such as Brooms, Wash-Tubs and Boards, Mops, Dinner Boxes, &c., which will be sold low for cash or ready pay. Oats, Potatoes, Butter, Eggs, Cheese, and in fact almost everything of former raises, will be taken in exchange for goods, at their cash value. I invite the attention of Villagers, Farmers and Lumbermen who desire to make purchases in the above articles, and solicit them to call before purchasing elsewhere.

RESOLUTION

Proposing Amendments to the Constitution of the Commonwealth.

RESOLVED by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met: That the following amendments are proposed to the constitution of the commonwealth, in accordance with the provisions of the tenth article thereof.

FIRST AMENDMENT. There shall be an additional article to said constitution to be designated as article eleven, as follows:—

ARTICLE XI. OF PUBLIC DEBTS. SECTION 1. The state may contract debts, to supply casual deficits or failures in revenues, or to meet expenses not otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more acts of the general assembly, or of different periods of time, shall never exceed seven hundred and fifty thousand dollars, and the money arising from the creation of such debts, shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever.

SECTION 2. In addition to the above limited power the state may contract debts to repel invasion, suppress insurrection, defend the state in war, or to redeem the pre-ent outstanding indebtedness of the state; but the money arising from the contracting of such debts, shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SECTION 3. Except the debts above specified, no sections one and two of this article, no debt whatever shall be created by, or on behalf of the state.

SECTION 4. To provide for the payment of the present debt, and any additional debt contracted as aforesaid, the legislature shall, at its first session, after the adoption of this amendment, create a sinking fund, which shall be sufficient to pay the accruing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; which sinking fund shall consist of the net annual income of the public works, from time to time owned by the state, or the proceeds of the sale of the same, or any part thereof, and of the income or proceeds of sale of stocks owned by the state, together with other funds, or resources, that may be designated by law. The said sinking fund may be increased, from time to time, by assigning to it any part of the taxes, or other revenues of the state, not required for the ordinary and current expenses of government, and unless in case of war, invasion or insurrection, no part of the said sinking fund shall be used or applied otherwise than in the extinguishment of the public debt, and the amount of such debt is reduced below the sum of five millions of dollars.

SECTION 5. The credit of the commonwealth shall not in any manner, or event, be pledged, or loaned to any individual, company, corporation, or association; nor shall the commonwealth hereafter become a joint owner, or stockholder, in any company, association, or corporation.

SECTION 6. The commonwealth shall not assume the debt, or any part thereof, of any county, city, borough, or township; or of any corporation, or association; unless such debt shall have been contracted to enable the state to repel invasion, suppress domestic insurrection, defend itself in time of war, or to assist the state in the discharge of any portion of its present indebtedness.

SECTION 7. The legislature shall not authorize any county, city, borough, township, or incorporated district, by virtue of a vote of its citizens, or otherwise, to become a stockholder in any company, association, or corporation; or to obtain money for, or loan its credit to, any corporation, association, institution, or party.

SECTION 8. The legislature shall not authorize any county, city, borough, township, or incorporated district, by virtue of a vote of its citizens, or otherwise, to become a stockholder in any company, association, or corporation; or to obtain money for, or loan its credit to, any corporation, association, institution, or party.

SECTION 9. The legislature shall not authorize any county, city, borough, township, or incorporated district, by virtue of a vote of its citizens, or otherwise, to become a stockholder in any company, association, or corporation; or to obtain money for, or loan its credit to, any corporation, association, institution, or party.

SECTION 10. The legislature shall not authorize any county, city, borough, township, or incorporated district, by virtue of a vote of its citizens, or otherwise, to become a stockholder in any company, association, or corporation; or to obtain money for, or loan its credit to, any corporation, association, institution, or party.

IN THE HOUSE OF REPRESENTATIVES. April 29, 1857. Resolved, That this resolution pass. On the first amendment, yeas 23, nays 12; on the second amendment, yeas 23, nays 12; on the third amendment, yeas 23, nays 12; on the fourth amendment, yeas 23, nays 12.

DR. DICKINSON'S MAGNETO-ELECTRIC MACHINE is exciting the absorbing attention of the Medical Profession and a large portion of the people of the land. It is now clearly demonstrated that the lancet, mercury and all other "drug medication" may be laid aside with perfect safety to the patient and abiding benefit to posterity. Wherever these machines have been introduced, they excite the highest wonder and praise. The apparatus is adapted to prevent, relieve and cure every disease incident to humanity,—more particularly those painful and formidable diseases which have for centuries baffled the profoundest learning and skill of physicians.

From whatever cause there may be an excess or deficiency of the nervous fluid—producing an excess or deficiency of the acid and alkaline secretions—the magnetic principles of the system are deranged, and can only be safely restored to their normal condition by an application of magneto-electricity, by means of DR. DICKINSON'S MAGNETO-ELECTRIC MACHINE. This apparatus will positively prevent, and speedily relieve and cure Consumption, Scrofula, Rheumatism, Palsies, Neuralgia, Spinal Diseases, and all other painful maladies, however hopeless and of long standing. They are eminently useful in all sexual and urinary disorders, particularly where the Constitution has been broken down and ruined by a natural solitary habit, to which too many of the young of both sexes are so lamentably prone.

DR. DICKINSON'S MAGNETO-ELECTRIC MACHINE is without the dangerous complications of batteries and acids, which fact alone renders it superior to all others on the score of neatness, cleanliness, safety and utility. It is, in fact, a handsome parlor ornament, may be applied by a child; and will last a life-time, to the great saving of Doctor's bills.

PRICE OF THE MACHINE \$10. It will be safely packed and sent to any part of the United States. Sold wholesale and retail at the Medical Office, No. 28 NORTH SEVENTH Street, Philadelphia. Address **A. C. DICKINSON, M.D.**

AYER'S PILLS, A new and singularly successful remedy for the cure of all Bilious Diseases—Constipation, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Stronous, Scrofula, Headache, Pain in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and the necessity and suffering might be prevented, if a less and less effectual Cathartic were used. No person can feel well while a course of body prevails; hence, the most common cause of often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Cold, Feverish symptoms, and Bilious derangements. The Pills we have prepared produce the deep seated and formidable distempers which lead the learned all over the land. Here a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand, an extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. None have been effected beyond what we had anticipated, and we are confident that our Pills are not surpassed by persons of such exalted position and character as to furnish the highest of untruth.

Among the many eminent gentlemen who have testified in favor of these Pills, we may mention **Dr. A. A. HAYES,** Analytical Chemist of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the **Hon. EDWARD EVERETT,** Senator of the U. S., **ROBERT C. WINSTON,** Esq., Speaker of the House of Representatives, **AMORY LAWRENCE,** Minister Plen. to England, **J. JONES D. FITZPATRICK,** Cath. Bishop of New York, **Dr. J. C. WOOD,** Practical Chemist of New York City, endorsed by **Hon. W. L. MANN,** Secretary of State, **Hon. B. ARROW,** the richest man in America, **S. L. LANE & Co.,** Proprietors of the New-York Hotel, and others.

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence of their efficacy is furnished by the experience of eminent public men in their effects upon trial.

These Pills, the result of long investigation and study, are offered to you as the best and most complete which the present state of medical science can afford. They are compounded not only of vegetable remedies, extracted by scientific process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Chery Pectoral and Pills both to be more efficient remedies than had ever before been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of the most noxious and injurious ingredients, which neutralize its individual virtue, or that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, and the curative virtues only being retained. Hence it is self-evident that the effect should prove as they have proved more purely remedial, and the Pills a more powerful antidote to disease than any other medicine ever known.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of the remedy without knowing its composition, I have supplied the certificate furnished by each bottle of Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If however there should be one who has not received a certificate, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, few would be so likely to injure their composition as this. It consists in their injury. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge of the subject being scrupulously guarded, and the best of their intrinsic merits. The Chery Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Since that time Physicians have declared the same to be my Pills, and even more confidently, and are willing to certify that their anticipations were well than realized by their effects upon trial.

They operate by their powerful influence on the internal vessels to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action by acting by correcting, wherever the blood and other humors are the first origin of disease.

Being sugar wrapped they are pleasant to take and being purely vegetable, no harm can be done by their use in any quantity.

For minute directions, see wrappers on the Box.
