THE NEW YORK TRIBUNE.

THE TRIBUNE was first issued as a Daily on the 10th of April, 1841. Its Weekly edition was commenced in September of the same year; its Semi-Weekly in May, 1845. It was the first daily in America to issue a double or eight-page sheet at a low price, and it has kept at least even with the foremost of its rivals in the rapid expansion of its paper...

THE TRIBUNE deals with questions of Political Economy, Public Policy, Ethics, Material Progress, and whatever may affect the Intellectual, Moral, Social and Physical well-being of mankind, dogmatic Theology alone excepted. Its leading idea is the honoring of honest, useful work in whatever sphere or capacity, and the consequent elevation of the Laboring Class in knowledge, virtue and general esteem...

SUFFER NOT!

Of all disease, the great, first cause is Suffering from neglect of Nature's laws. Which a CURE is guaranteed in ALL STAGES OF SECRET DISEASES, Self-Abuse, Nervous Debility, Stricture, Gleet, Gravel, Diabetes, Diseases of the Kidneys and Bladder, Meuricure, Rheumatism, Scrofula, Pains in the Bones and Arteries, Diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body of Limbs, Cancerous Dropsy, Epileptic Fits, St. Vitus's Dance, and all diseases arising from a derangement of the Secret Organs...

Such as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Disease, Eruptions upon the face, Pains in the back and head, Female irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has resisted all the means of cure. The medicines are pleasant without odor, causing no sickness and free from mercury or poison. During twenty years of practice, I have rescued from the jaws of Death many thousands, who in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my hands, a perfect and most speedy cure. Secret Diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula, and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the disease but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption, and in many cases, death follows. Secret Diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula, and many other diseases, and should be a terror to the human family...
