

ENGLAND.—A decision had been rendered in the Vice-Chancellor's Court, which in effect, will invalidate all marriages of British subjects with a deceased wife's sister, not only in Britain, but in all foreign States.

The London Sunday Times says it is stated to be the intention of the Government to raise several regiments of African troops for service in India—the staff to be composed of non-commissioned officers of the West India Regiments.

The marriage of the Princess Royal and Prince Frederick William of Prussia, is set down for the 25th of January.

The work of launching the Leviathan was progressing slowly but surely. She was moved a few feet forward every day. Operations were suspended on the 5th by a dense fog.

FRANCE.—A most extraordinary theological controversy has just issued from the pen of Mlle. C., an opera dancer at the Academie Impériale of Paris. The lady is a Protestant, and the discussion has been opened in answer to the various attempts made to convert her by the Abbé Théobald. The work is of a most remarkable tendency, and has excited the greatest interest among the writers of the Univers and other religious publications.

BE KIND TO YOUR SISTERS.—Boys, be kind to your sisters. You may live to be old, and never find such tender, loving friends as these sisters. Think how many things they do for you; how patient they are with you; how they love you in spite of all your ill temper or rudeness; how thoughtful for their. Be ever ready to oblige them, to perform any little office for them that lies in your power.—Think what you can do for them, and if they express a wish, be ready to gratify it if possible. You do not know how much happiness you will find in so doing. I never yet knew a happy and respected man who was not in youth kind to his sisters. There is a beautiful song which says—

Be kind to your sisters—not many may know
The depth of true sisterly love,
The wealth of the ocean lies fathoms below
The surface that sparkles above.

PHILADELPHIA MARKET being easily accessible, your attention is called to it as possessing facilities and advantages worthy of your consideration.

Among its advantages may be enumerated its location, having shorter lines of communication to the interior, its proximity to the Iron and Anthracite Coal districts of Pennsylvania, the large and varied extent of its manufactures, being far in advance of any other city in the United States, the moderate expense necessary for carrying on business, etc., etc.

The market possesses unrivalled advantages for the sale of many kinds of produce, such as Flour, Wheat, Barley, Wool, Butter, Cheese, &c., while the charges made upon these and attendant expenses are more moderate than neighboring seaboard markets.

IMPORTANT DISCOVERY. CONSUMPTION

AND ALL THE DISEASES OF THE LUNGS AND THROAT ARE POSITIVELY CURABLE BY INHALATION.

WHICH conveys the remedies to the cavity of the lungs, and the breathing apparatus, and coming in direct contact with the disease, neutralizes the malarious matter, allays the cough, causes a free and easy expectoration, heals the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving health and energy so indispensable for the restoration of health. To be able to state confidently that Consumption is curable by Inhalation, is to say a source of unalloyed pleasure. It is much under the control of medical treatment as any other formidable disease, ninety out of every hundred cases can be cured in the first stage, and fifty per cent. in the second; but in the third stage it is impossible to save more than five per cent. for the lungs are so cut up by the disease as to bid defiance to medical skill. Even, however, in the last stages, Inhalation affords extraordinary relief to the suffering attendant.

This fearful scourge, which annually destroys nearly five thousand persons in the United States alone; and a correct calculation shows that of the present population of the earth, eighty millions are destined to fill the Consumptive's graves.

Truly the quiver of death has no arrow so fatal as Consumption. In all ages it has been the great enemy of life, for it spares neither age nor sex, but sweeps off alike the brave, the beautiful, the graceful and the gifted. By the help of that Supreme Being from whom comes every good and perfect gift, I am enabled to offer to the afflicted, a permanent and speedy cure in Consumption. The first cause of tubercles is from impure blood, and the immediate effect produced by their deposition in the lungs is to prevent the free admission of air into the air cells, which causes a weakened vitality through the entire system. Then surely it is more rational to expect greater good from medicines entering the cavities of the lungs than from those administered through the stomach; the patient will always find the lungs free and perfect gift, after Inhalation remedies. Thus, Inhalation is a local remedy, nevertheless it acts constitutionally, and with more power and certainty than remedies administered by the stomach. To prove the powerful and direct influence of this mode of administration, chloroform inhaled will entirely destroy sensibility in a few minutes, paralyzing the entire nervous system, so that a limb may be amputated without the slightest pain; Inhaling the ordinary burning gas will destroy life in a few hours.

The inhalation of ammonia will rouse the system when fainting or apparently dead. The odor of many of the medicines is perceptible in the skin a few minutes after being inhaled, and may be immediately detected in the blood. A convincing proof of the constitutional effects of inhalation, is the fact that sickness is always produced by breathing foul air—is not this positive evidence that proper remedies, carefully prepared and judiciously administered through the lungs should produce the happiest results? During eighteen years practice, many thousands suffering from disease of the lungs and throat, have been under my care, and I have effected many remarkable cures, even after the sufferers had been pronounced in the last stages, when fully satisfied me that Consumption is no longer a fatal disease. My treatment of Consumption is original, and founded on long experience and a thorough investigation. My perfect acquaintance with the nature of tubercles, &c., enables me to distinguish, readily, the various forms of disease that simulate Consumption, and apply the proper remedies, rarely being mistaken even in a single case. This familiarity, in connection with certain pathological and microscopic discoveries, enables me to relieve the lungs from the effects of contracted chests, to enlarge the chest, purify the blood, impart to it renewed vitality, giving energy and tone to the entire system.

Medicines with full directions sent to any part of the United States and Canada by patients communicating their symptoms by letter. But the cure would be more certain if the patient should pay me a visit, which would give me an opportunity to examine the lungs, and enable me to prescribe with much greater certainty, and then the cure could be effected without my seeing the patient again.

HOWARD ASSOCIATION, PHILADELPHIA.

A Beneficial Institution, established by special Act of the Legislature for the relief of the sick and distressed, afflicted with Virulent and Epidemic Diseases.

TO all persons afflicted with Sexual Diseases, such as SPERMATORRHOEA, SEMINAL WEAKNESS, IMPOTENCE, GONORRHOEA, GLEET, SYPHILIS, the Vice of ONANISM, or SELF ABUSE, &c., &c.

The HOWARD ASSOCIATION, in view of the awful destruction of human life, caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give MEDICAL ADVICE GRATIS, to all who apply by letter, with a description of their condition (age, occupation, habits of life, &c.) and in cases of extreme poverty, to FURNISH MEDICINES FREE OF CHARGE. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel confident that their labors in this regard, have not been of great benefit to the afflicted, especially to the young and those who have resolved to devote themselves, with renewed zeal, to this very important but much despised cause.

Just Published by the Association, a Report on Spermatorrhoea, or Seminal Weakness, the Vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the Consulting Surgeon, which will be sent by mail, (in a sealed envelope,) FREE OF CHARGE, on receipt of TWO STAMPS for postage.

Address: for Report or Treatment, Dr. GEORGE R. CALHOUN, Consulting Surgeon, Howard Association, No. 2 South Ninth Street, Philadelphia, Pa.

By order of the Directors,

AYER'S CHERRY PECTORAL,
For the rapid cure of
**COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.**

TO CURE A COLD, WITH HEADACHE AND SORENESS OF THE BODY. Take the Cherry Pectoral on going to bed and wake up warm, to sweat during the night.

FOR A COLD AND COUGH, take in morning, noon and evening, according to the directions on the bottle, and the difficulty will soon be removed. None will long suffer from this trouble when they find it can be so readily cured. Persons afflicted with a seated cough, which breaks them of their rest at night, will find by taking the Cherry Pectoral on going to bed, they may be sure of sound, unbroken sleep, and consequent refreshing rest. Great relief from suffering, and an ultimate cure, is afforded to thousands who are thus afflicted, by this invaluable remedy.

From its agreeable effects in these cases, many find themselves unwilling to forego its use when the necessity for it has ceased. This remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

ASTHMA is generally much relieved, and often wholly cured by Cherry Pectoral. But there are some cases so obstinate as to yield entirely to no medicine. The Cherry Pectoral will cure them if they can be cured.

BRONCHITIS or irritation of the throat and upper portion of the lungs, may be cured by taking the Cherry Pectoral in small and frequent doses. The uncomfortable oppression is soon relieved.

FOR CROUP. Give an emetic of antimony, to be followed by large and frequent doses of the Cherry Pectoral, until it subdues the disease. If taken in season, it will not fail to cure.

WHOOPING COUGH may be broken up and soon cured by the use of Cherry Pectoral. THE INFLUENZA is speedily removed by this remedy. Numerous instances have been noticed, where whole families were protected from serious consequences, while their neighbors without the Cherry Pectoral, were suffering from a disease.

FOR CONSUMPTION in its earliest stages, it should be taken under the advice of a good physician if possible, and in every case with a careful regard to the printed directions on the bottle. If judiciously used, and the patient is carefully nursed meantime, it will seldom fail to subdue the disease.

For settled CONSUMPTION of the Lungs, the Cherry Pectoral should be given in doses adapted to what the patient requires and can bear. It always affords relief, and not infrequently cures patients that were considered past hope. There are many thousands scattered all over the country, who feel and publicly proclaim that they owe their lives and present health to the Cherry Pectoral.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

While it is fraud upon the public to pretend that any one medicine will infallibly cure still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American Peasant, to the palaces of European Kings.

The Cherry Pectoral is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

Prepared and sold by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass.
Sold by SEITH & JONES and D. W. SPENCER, Coudersport, and by country merchants and druggists everywhere. 10:25-1m.

GREAT REVOLUTION IN MEDICAL SCIENCE.

The best Therapeutic Agent ever introduced.

DR. DICKINSON'S MAGNETO-ELECTRIC MACHINE is exciting the absorbing attention of the Medical Profession, and a large portion of the intelligent laymen of the land. It is now clearly demonstrated that the lancet, mercury, and all other internal "drug medication" may be laid aside with perfect safety to the patient and abiding benefit to posterity. Wherever these machines have been introduced, they excite the highest wonder and praise. The apparatus is adapted to prevent, relieve and cure every disease incident to humanity,—more particularly all those painful and formidable diseases which have for centuries baffled the profoundest learning, and skill of physicians.

From whatever cause there may be an excess or deficiency of the nervous fluid,—producing an excess or deficiency of the acids and alkaline secretions—the magnetic principles of the system are deranged, and can only be safely restored to their normal condition by an application of magneto-electricity, by means of DR. DICKINSON'S MAGNETO-ELECTRIC MACHINE. This apparatus will positively prevent, and speedily relieve and cure Consumption; Convulsions, Rheumatism, Palsies, Neuralgia, Spinal Diseases, and all other painful maladies; however hopeless and of long standing. They are eminently useful in all sexual and urinary disorders, particularly where the Constitution has been broken down and ruined by unnatural solitary habits to which too many of the young of both sexes are so lamentably prone.

DR. DICKINSON'S MAGNETO ELECTRIC MACHINE is without the dangerous complications of batteries and acids, which fact alone renders it superior to all others, on the score of neatness, cleanliness, safety and utility. It is, in fact, a handsome parlor ornament, may be applied by a child; and will last a life-time, to the great saving of Doctor's bills, &c.

PRICE OF THE MACHINE \$10.
It will be safely packed and sent to any part of the United States. Sold wholesale and retail at the Medical Office, No. 38 NORTH SEVENTH Street, Philadelphia. Address,

Of all diseases, the great first cause Springs from neglect of Nature's laws.

SUFFER NOT!
When a CURE is guaranteed IN ALL STAGES OF SECRET DISEASES, Self-Abuse, Nervous Debility, Strains, Gleet, Gravel, Diarrhoea, Diseases of the Kidneys, Bladder, Mercurial Rheumatism, Scrophula, Pains in the Bones and Joints, Diseases of the Lungs, Throat, Nose and Eye, Ulcers upon the Body or Limbs, Cancer, Dropsy, Epileptic Fits, St. Vitis Dance, and all diseases arising from a derangement of the Sexual Organs.

SUCH as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Disease, Eruptions upon the face, Pain in the back and head, Female irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicine is pleasant without odor, causing no sickness and free from mercury or balsam. During twenty years of practice, I have rescued from the jaws of Death, many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted who may place their trust in my cure, a perfect and most speedy cure. Secret Diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrophula, and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the diseases but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer to a rapid and untimely end.

But should the disease and the treatment not cause death speedily and the victim wastes, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Scrophula, Tetter, Ulcers, Eruptions on other affections of the skin, Eyes, Throat and Lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

SELF ABUSE is another formidable enemy to health, for nothing else in the catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wracked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself.

Confidently I assure the unfortunate victims of Self-Abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious snares in the columns of the public prints to catch and rob the unwary sufferers that millions have their constitutions ruined by the vile compounds of quack doctors, or the equally poisonous nostrums vend as "Patent Medicines." I have carefully analyzed many of the so called Patent Medicines and find that nearly all of them contain Corrosive Sublimates, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease disables the system for life.

Three-fourths of the patent nostrums now in use are put up by unprincipled and ignorant persons, who do not understand even the alphabet of the materia medica, and are equally as destitute of any knowledge of the human system, having one object only in view, and that to make money regardless of consequences.

Irregularities and all diseases of males and females treated on principles established by twenty years of practice, and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the United States or Canada, by patients communicating their symptoms by letter.—Business correspondence, strictly confidential. Address,
