**A HOMESTEAD FOR \$10!**  
**923 Farms for Sale in the Valley**  
**of Virginia at \$10 Each.**  
 THESE Farms are situated in Botetourt  
 County, Western Virginia, in one of the  
 healthiest regions in the world, as has been  
 demonstrated by recent statistics. The northern  
 portion of the tract lies within five miles of  
 Kanawha and James River Canal, the southern  
 portion within eight miles of the Virginia  
 and Tennessee railroad. The main road from  
 Fincastle to Sweet Springs runs through the  
 center of it. These farms will be sold by  
 subscription. The tract will be divided into  
 923 shares, ranging as follows:  
 1 Farm of 200 Ac's, containing a grove & lead.  
 2 Farms " 100 " each "  
 4 " " 50 " " "  
 10 " " 20 " " "  
 20 " " 10 " " "  
 30 " " 8 " " "  
 50 " " 5 " " "  
 100 " " 3 " " "  
 200 " " 2 " " "  
 400 " " 1 " " "  
 These shares will be sold at \$10 each, and  
 a numbered certificate to any one making applica-  
 tion. One-half of the purchase money will  
 be required before the division when the num-  
 bered certificate will be given—the other half  
 before the delivery of the deed, after the divi-  
 sion. Thus it will be perceived that each  
 subscriber or purchaser is sure of getting a  
 two-acre lot at a very trifling price, while at  
 the same time he has a chance of getting a  
 valuable farm. The division to take place on  
 the 28th day of March, 1888, unless the share-  
 holder all be disposed of before said time.  
 Due notice will be given when and where the  
 division will be made, so that those who de-  
 sire can be present.  
 These lands are surrounded by some of the  
 most famous mineral springs in the State, and  
 are in the midst of a deeply picturesque and  
 magnificent country. The title is good, having  
 lately been conveyed by the State to the  
 present proprietor. Some portions of the  
 tract are well timbered, and other portions  
 contain iron, lead and coal. It possesses a  
 strong and good soil like most lands in the  
 Valley. The two-acre lots are all in one body  
 in a central and eligible portion of the tract.  
 These lands are sold at a price below their  
 actual cost, in order to induce settlement. For  
 certificates, circulars &c. apply to

**IMPORTANT DISCOVERY.**  
**CONSUMPTION**  
**AND ALL**  
**DISEASES OF THE LUNGS AND THROAT**  
**ARE POSITIVELY**  
**CURABLE BY INHALATION.**  
 With all the remedies to the carina-  
 ria in the lungs, through the micropas-  
 sa, and coming in direct contact with the  
 disease, neutralizes the tubercular matter, al-  
 lers the cough, causes a free and easy expec-  
 toration, breaks the lung, purifies the blood,  
 imparts renewed vitality to the nervous system,  
 giving the restoration of health. To be able to  
 state confidently that Consumption is curable  
 by inhalation, is to me a source of unalloyed  
 pleasure. It is so much under the control of  
 medical treatment as any other formidable  
 disease, ninety out of every hundred cases  
 can be cured in the first stages, and fifty per-  
 cent in the second; but in the third stage it  
 is impossible to have more than five per cent.  
 to bid defiance to medical skill. Even, how-  
 ever, in the last stages, Inhalation affords ex-  
 traordinary relief to the suffering attendant  
 since five thousand persons in the United  
 States alone; and a correct calculation shows  
 that of the present population of the earth,  
 eighty millions are destined to fill the Con-  
 sumptive's graves.  
 Truly the power of death has narrow so-  
 far as Consumption. In all ages it has been  
 the great enemy of life, for it spares neither  
 age nor sex, but sweeps off alike the brave  
 & beautiful, the grateful and the gifted. By  
 the help of that Supreme Being whom whom  
 cometh every good and perfect gift, I am en-  
 abled to offer to the afflicted a permanent  
 and speedy cure in Consumption. The first  
 cause of tubercles is from impure blood, and  
 the immediate effect produced by their de-  
 posit in the lungs is to prevent the free ad-  
 mission of air into the air cells, which causes  
 a weakened vitality through the entire system.  
 This surely it is more rational to expect great-  
 er good from medicines entering the cavities  
 of the lungs than from those administered  
 through the stomach; the patient will always  
 find the lungs free and the breathing easy, af-  
 ter inhaling remedies. Thus, Inhalation is a  
 local remedy, nevertheless it acts constitutionally,  
 and with more power and certainty than any  
 remedies administered by the stomach. To  
 prove the powerful and direct influence of this  
 mode of administration, chloroform inhaled  
 will entirely destroy sensibility in a few  
 minutes, paralyzing the entire nervous  
 system, so that a limb may be amputated with-  
 out the slightest pain; inhaling the ordinary  
 burning gas will destroy life in a few hours.  
 The inhalation of ammonia will rouse the  
 system when in a state of apathy or death. The  
 effect of many of the medicines is perceptible  
 in the skin a few minutes after being inhaled,  
 and may be immediately detected in the blood.  
 A convincing proof of the constitutionally effects  
 of inhalation, is the fact that sickness is al-  
 ways produced by breathing foul air—it is not  
 this positive evidence that proper remedies,  
 carefully prepared and judiciously adminis-  
 tered through the lung should produce the  
 happiest results. During eighteen years  
 practice, many thousands suffering from dis-  
 ease of the lungs and throat, have been un-  
 der my care, and I have effected many remark-  
 able cures, even after the sufferers had been  
 pronounced in the last stages, which fully sat-  
 isfies me that consumption is no longer a fatal  
 disease. My treatment of consumption is  
 original and founded on long experience and  
 a thorough investigation. My perfect acquain-  
 tance with the nature of tubercles, &c., en-  
 ables me to distinguish readily the various  
 forms of disease that simulate consumption,  
 and apply the proper remedies, rarely being  
 mistaken even in a single case. This faculty,  
 in connection with certain pathological and  
 microscopical discoveries, enables me to re-  
 lieve the lungs from the effects of contracted  
 chests, to enlarge the chest, purify the blood,  
 impart to it renewed vitality, giving energy  
 and tone to the entire system.  
 Medicines with full directions sent to any  
 part of the United States and Canada by pa-  
 tients communicating their symptoms by letter.  
 But the cure would be more certain if the  
 patient should pay me a visit, which would  
 give me an opportunity to examine the lungs  
 and enable me to prescribe with much greater  
 certainty, and then the cure could be effected  
 without my seeing the patient again.

 Medical skill of the age, and will furnish the  
 most approved modern treatment.  
 The Directors, on a review of the past, feel  
 assured that their labors in this sphere of be-  
 nevolent effort, have been of great benefit to  
 the afflicted, especially to the young, and they  
 have resolved to devote themselves, with re-  
 newed zeal, to this very important but much  
 neglected cause.

**CHERRY PECTORAL,**  
 For the rapid Cure of  
**COUGHS, COLDS, HOARSENESS,**  
**BRONCHITIS, WHOOPING-COUGH,**  
**CROUP, ASTHMA, AND**  
**CONSUMPTION.**  
 TO CURE A COLD, WITH HEADACHE  
 AND SORENESS OF THE THROAT. Take the  
 Cherry Pectoral on going to bed and wrap up  
 warmly to sweat during the night.  
 FOR A COUGH AND COUGH, take in the morn-  
 ing, noon and evening, according to the direc-  
 tions on the bottle, and the difficulty will soon  
 be removed. None will long suffer from this  
 trouble when they find it can be so readily  
 cured. Per. one filled with a sweet cough,  
 which breaks them of their rest at night, will  
 find relief by the Cherry Pectoral on going  
 to bed, and may be sure of sound, uninter-  
 rupted sleep, and consequently refreshing rest. Great  
 relief from suffering, and an ultimate cure, is  
 afforded to thousands who are thus afflicted,  
 by this invaluable remedy.  
 From its agreeable effects in these cases,  
 many find themselves unwilling to forego its  
 use when the necessity for it has ceased.  
 TO SINGERS AND PUBLIC SPEAKERS  
 this remedy is invaluable, as by its action on  
 the throat and lungs, when taken in small  
 quantities, it removes all hoarseness in a few  
 hours; and wonderfully increases the power  
 and flexibility of the voice.  
 ASTHMA is generally much relieved, and  
 often wholly cured by Cherry Pectoral. But  
 there are some cases so obstinate as to yield  
 entirely to no medicine. The Cherry Pecto-  
 ral will cure them if they can be cured.  
 BRONCHITIS or irritation of the throat and  
 upper portion of the lungs, may be cured by  
 taking Cherry Pectoral in small and frequent  
 doses. The uncomfortable oppression is soon  
 relieved.  
 FOR CROUP. Give an emetic of antimony,  
 to be followed by large and frequent doses of  
 the Cherry Pectoral, until it subsides the dis-  
 ease. If taken in season, it will not fail to  
 cure.  
 WHOOPING COUGH may be broken up  
 soon and cured by the use of Cherry Pecto-  
 ral. THIS INFLUENZA is speedily removed by  
 this remedy. Numerous instances have been  
 recorded where whole families were protected  
 from any serious consequences, while their  
 neighbors with out the Cherry Pectoral, were  
 suffering from the disease.  
 FOR CONSUMPTION in its earliest stages,  
 it should be taken under the advice of a good  
 physician if possible; and in every case where a  
 careful regard to the printed directions on the  
 bottle, is judiciously used, and the patient is  
 carefully nursed meantime, it will seldom fail  
 to cure the disease.  
 For settled CONSUMPTION of the Lungs,  
 the Cherry Pectoral should be given in doses  
 adapted to what the patient requires and can  
 bear: It always affords relief, and not  
 infrequently cures patients that were consid-  
 ered past hope. There are many thousands  
 scattered all over the country, who feel and  
 publicly proclaim that they owe their lives  
 and present health to the Cherry Pectoral.  
 Many years of trial, instead of impairing  
 the public confidence in this medicine, has  
 won for it an appreciation and notoriety by  
 far exceeding the most sanguine expectations  
 of its friends. Nothing but its intrinsic vir-  
 tues and the unmistakable benefit conferred  
 on thousands of sufferers, could originate and  
 maintain the reputation it enjoys. While  
 many inferior remedies thrust upon the com-  
 munity, have failed and been discarded, this  
 golden remedy by every trial, conferred  
 benefits on the afflicted that can never be ef-  
 fected and produced cures too numerous and too  
 remarkable to be forgotten.  
 While it is found upon the public to pretend  
 that any one medicine will infallibly cure  
 still there is abundant proof that the Cherry  
 Pectoral does not only as a general thing, but  
 almost invariably cure the malady for which it  
 is employed.  
 As time makes these facts wider and better  
 known, the medicine is gradually becoming  
 the best reliance of the afflicted, from the cot-  
 tages of the American Peasant, to the palaces  
 of European Kings.  
 The Cherry Pectoral is manufactured by  
 a practical Chemist, and every ounce of it un-  
 der his own eye, with invariable accuracy and  
 care. It is sealed and protected by law from  
 counterfeiters; consequently can be relied on as  
 genuine without adulteration.  
 Prepared and sold by JAMES C. AYER, Prac-  
 tical and Analytical Chemist, Lowell, Mass.  
 Sold by SEITH & JONES and D. W. SPENCER,  
 Coopersport, and by country merchants  
 and druggists everywhere. 10-25-4m.

**DR. DICKINSON'S**  
**MAGNETO-ELECTRIC MACHINE**  
 is exciting the  
 absorbing atten-  
 tion of the Medi-  
 cal Profession and  
 a large portion of  
 the intelligent  
 men of the land. It is now clearly demon-  
 strated that the lancet, mercury, and all other  
 internal "drug medication" may be laid aside  
 with perfect safety to the patient and shid-  
 dering benefit to posterity. Wherever these ma-  
 chines have been introduced, they excite the  
 highest wonder and praise. The apparatus  
 is adapted to prevent, relieve and cure every  
 disease incident to humanity,—more particu-  
 larly all those painful and formidable affec-  
 tions which have for centuries baffled the pro-  
 foundest learning, and skill of physicians.  
 From whatever cause there may be an ex-  
 cess or deficiency of the fluids—pro-  
 ducing an excess or deficiency of the acids  
 and alkaline secretions—the magnetic prin-  
 ciples of the system are deranged, and can  
 only be safely restored to their normal condition  
 by an application of magneto-electricity.  
**DR. DICKINSON'S MAGNETO ELECTRIC**  
**MACHINE** is without the dangerous com-  
 plications of batteries and acids—which fact alone  
 renders it superior to all others in utility.  
 It is, in fact, a handsome parlor ornament,  
 may be applied by a child, and will last  
 life-time, to the great saving of Doctor's  
 bills, &c.  
**PRICE OF THE MACHINE \$10.**

**CHERRY PECTORAL,**  
 For the rapid Cure of  
**COUGHS, COLDS, HOARSENESS,**  
**BRONCHITIS, WHOOPING-COUGH,**  
**CROUP, ASTHMA, AND**  
**CONSUMPTION.**

**TO CURE A COLD, WITH HEADACHE**  
**AND SORENESS OF THE THROAT.** Take the  
 Cherry Pectoral on going to bed and wrap up  
 warmly to sweat during the night.  
**FOR A COUGH AND COUGH,** take in the morn-  
 ing, noon and evening, according to the direc-  
 tions on the bottle, and the difficulty will soon  
 be removed. None will long suffer from this  
 trouble when they find it can be so readily  
 cured. Per. one filled with a sweet cough,  
 which breaks them of their rest at night, will  
 find relief by the Cherry Pectoral on going  
 to bed, and may be sure of sound, uninter-  
 rupted sleep, and consequently refreshing rest. Great  
 relief from suffering, and an ultimate cure, is  
 afforded to thousands who are thus afflicted,  
 by this invaluable remedy.  
 From its agreeable effects in these cases,  
 many find themselves unwilling to forego its  
 use when the necessity for it has ceased.  
 TO SINGERS AND PUBLIC SPEAKERS  
 this remedy is invaluable, as by its action on  
 the throat and lungs, when taken in small  
 quantities, it removes all hoarseness in a few  
 hours; and wonderfully increases the power  
 and flexibility of the voice.  
 ASTHMA is generally much relieved, and  
 often wholly cured by Cherry Pectoral. But  
 there are some cases so obstinate as to yield  
 entirely to no medicine. The Cherry Pecto-  
 ral will cure them if they can be cured.  
 BRONCHITIS or irritation of the throat and  
 upper portion of the lungs, may be cured by  
 taking Cherry Pectoral in small and frequent  
 doses. The uncomfortable oppression is soon  
 relieved.  
 FOR CROUP. Give an emetic of antimony,  
 to be followed by large and frequent doses of  
 the Cherry Pectoral, until it subsides the dis-  
 ease. If taken in season, it will not fail to  
 cure.  
 WHOOPING COUGH may be broken up  
 soon and cured by the use of Cherry Pecto-  
 ral. THIS INFLUENZA is speedily removed by  
 this remedy. Numerous instances have been  
 recorded where whole families were protected  
 from any serious consequences, while their  
 neighbors with out the Cherry Pectoral, were  
 suffering from the disease.  
 FOR CONSUMPTION in its earliest stages,  
 it should be taken under the advice of a good  
 physician if possible; and in every case where a  
 careful regard to the printed directions on the  
 bottle, is judiciously used, and the patient is  
 carefully nursed meantime, it will seldom fail  
 to cure the disease.  
 For settled CONSUMPTION of the Lungs,  
 the Cherry Pectoral should be given in doses  
 adapted to what the patient requires and can  
 bear: It always affords relief, and not  
 infrequently cures patients that were consid-  
 ered past hope. There are many thousands  
 scattered all over the country, who feel and  
 publicly proclaim that they owe their lives  
 and present health to the Cherry Pectoral.  
 Many years of trial, instead of impairing  
 the public confidence in this medicine, has  
 won for it an appreciation and notoriety by  
 far exceeding the most sanguine expectations  
 of its friends. Nothing but its intrinsic vir-  
 tues and the unmistakable benefit conferred  
 on thousands of sufferers, could originate and  
 maintain the reputation it enjoys. While  
 many inferior remedies thrust upon the com-  
 munity, have failed and been discarded, this  
 golden remedy by every trial, conferred  
 benefits on the afflicted that can never be ef-  
 fected and produced cures too numerous and too  
 remarkable to be forgotten.  
 While it is found upon the public to pretend  
 that any one medicine will infallibly cure  
 still there is abundant proof that the Cherry  
 Pectoral does not only as a general thing, but  
 almost invariably cure the malady for which it  
 is employed.  
 As time makes these facts wider and better  
 known, the medicine is gradually becoming  
 the best reliance of the afflicted, from the cot-  
 tages of the American Peasant, to the palaces  
 of European Kings.  
 The Cherry Pectoral is manufactured by  
 a practical Chemist, and every ounce of it un-  
 der his own eye, with invariable accuracy and  
 care. It is sealed and protected by law from  
 counterfeiters; consequently can be relied on as  
 genuine without adulteration.  
 Prepared and sold by JAMES C. AYER, Prac-  
 tical and Analytical Chemist, Lowell, Mass.  
 Sold by SEITH & JONES and D. W. SPENCER,  
 Coopersport, and by country merchants  
 and druggists everywhere. 10-25-4m.
