IMPORTANT DISCOVERY.

CONSUMPTION AND ALL DISEASES OF THE LUNGS AND THROAT ARE POSITIVELY CURABLE BY INHALATION.

WHICH conveys the remedies to the cavities in the lungs through the air passages, and coming in direct contact with the disease, neutralizes the tubercular matter, always the cough, causes a free and easy expectoration, heats the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving tone and energy so indispensable for the restoration of health.

To be able to state confidently that Consumption is curable by inhalation, is to me a source of unalloyed pleasure. It is as much under the control of medical treatment as any other formidable disease; ninety out of every hundred cases can be cured in the first stages, and fifty per cent. in the second; but in the third stage it is impossible to save more than five per cent. For the Lungs are so cut up by the disease as to bid defiance to medical skill. Even, however, in the last stages, Inhalation affords extraordinary relief to the suffering attendant; this fearful scourge, which annually destroys ninety-five thousand persons in the United States alone; and a correct calculation shows that of the present population of the earth, eighty millions are destined to fill the Consumptive's graves.

Truly the quiver of death has no arrow so fatal as Consumption. In all ages it has been the greatest enemy of life, for it spares neither age nor sex, but sweeps off alike the brave, the beautiful, the graceful and the gifted. By the help of that Supreme Being from whom cometh every good and perfect gift, I am enabled to offer to the afflicted a permanent and speedy cure in Consumption. The first cause of tubercles is from impure blood, and the immediate effect produced by their deposition in the lungs is to prevent the free admission of air into the air cells, which causes a weakened vitality through the entire system.

Truly this is more rational to expect great good from medicine, entering the cavities of the lungs than from those administered through the stomach; the patient will always find the lungs free and the breathing easy, after inhaling remedies. Thus, Inhalation is a local remedy, nevertheless it acts constitutionally, and with more power and certainty than remedies administered by the stomach. To prove the powerful and direct influence of this mode of administering the medicine, the Inhaler will entirely destroy sensibility in a few minutes, paralyzing the entire nervous system, so that a limb may be amputated without the slightest pain; Inhaling the ordinary burning gas will destroy life in a few hours. The inhalation of ammonia will rouse the system when fainting or apparently dead. The odor of many of the medicines is perceptible in the skin, and in the most delicate cases may be immediately detected in the blood. A convincing proof of the constitutional effects of Inhalation, is the fact that sickness is always produced by breathing foul air—is not this positive evidence that proper remedies, carefully prepared and judiciously administered through the lungs should produce the happiest results? During eighteen years' practice, many thousands suffering from diseases of the lungs and throat, have been under my care, and I have effected many remarkable cures, even after the sufferers had been pronounced in the last stages, which fully satisfies me that consumption is no longer a fatal disease, the subscriber's name will be entered upon our subscription book, opposite a number, and the gift corresponding with that number will be forwarded within three days, to the subscriber, by mail or express, post-paid. Every yearly subscriber will receive one of the above gifts. No subscription for less period than one year will be entitled to a gift.

AYER'S

CHERRY PECTORAL, For the rapid cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

TO CURE A COLD, WITH HEADACHE AND SORENESS OF THE THROAT, take the Cherry Pectoral on going to bed and wrap up warm, to sweat during the night.

FOR A COLD AND COUGH, take in morning, noon and evening, according to the directions on the bottle, and the difficulty will soon be removed. None will long suffer from this trouble when they find it can be so readily cured.

Persons afflicted with a seated cough, which breaks them of their rest at night, will find by taking the Cherry Pectoral on going to bed, they may be sure of sound, unbroken sleep, and consequent refreshing rest. Great relief from suffering, and an ultimate cure, is afforded to thousands who are thus afflicted, by this invaluable remedy.

From its agreeable effects in these cases, many find themselves unwilling to forego its use when the necessity for it has ceased. TO SINGERS AND PUBLIC SPEAKERS, this remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

ASTHMA is generally much relieved, and often wholly cured by Cherry Pectoral. But there are some cases so obstinate as to yield entirely to no medicine. The Cherry Pectoral will cure them if they can be cured.

BRONCHITIS or irritation of the throat and upper portion of the lungs, may be cured by taking Cherry Pectoral in small and frequent doses. The uncomfortable oppression is soon relieved.

FOR CROUP. Give an emetic of antimony, to follow by large and frequent doses of the Cherry Pectoral, until it subsides the disease. If taken in season, it will not fail to cure.

WHOOPING COUGH may be broken up and soon cured by the use of Cherry Pectoral. THE INFLUENZA is speedily removed by this remedy. Numerous instances have been noticed where whole families were protected from any serious ailment, by their neighbors without the Cherry Pectoral, suffering from the disease.

FOR CONSUMPTION in its earliest stages, it should be taken under the advice of a good physician, if possible, and in every case with a careful regard to the printed directions on the bottle. If judiciously used, and the patient is carefully nursed meantime, it will seldom fail to subvert CONSUMPTION of the Lungs, the Cherry Pectoral should be given in doses adapted to what the patient requires and can bear. It always affords relief, and not infrequently cures patients that were considered past hope. There are many thousands scattered all over the country, who feel and publicly proclaim that they owe their lives and present health to the Cherry Pectoral.

For the purpose of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has cured friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

While it is fraud upon the public to pretend that any one medicine will infallibly cure still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American Peasant, to the palaces of European Kings.

The Cherry Pectoral is manufactured by a practical Chemist, and every ounce of it under his own eye, with inviolable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

Prepared and sold by JAMES G. AYER, Practical and Analytical Chemist, Lowell, Mass. Sold by SMITH & JONES, and D. W. SPENCER, Coudersport, and by country merchants and druggists everywhere. 10-3-54m.

A GREAT BOOK FOR AGENTS. Published this Day, Feb. 9, 1858. Fifty Years in Chains: OR, THE LIFE OF AN AMERICAN SLAVE. WRITTEN BY HIMSELF.

436 Pages, Cloth, Gilt Back. Price \$1. A narrative of real experience like the above will have far more effect against slavery than the ingeniously wrought novel, however true to life its pictures may be.—Am. Baptist.

This is the title of one of the most intensely interesting biographies of the day. It is a plain history of an American slave in the far South, who, after two or three escapes and recaptures, finally, an old man, found freedom and rest in one of the Northern States.

WHAT THE PRESS SAYS. The story is told with great simplicity, but with much power and pathos. Whoever takes it will find it difficult to lay it down until it is finished.—National Era, Washington, D. C. A narrative of real experience like the above will have far more effect against slavery than the ingeniously wrought novel, however true to life its pictures may be.—Am. Baptist.

Here is a book of facts, stranger than fiction, and a thousand-fold more thrilling; a simple tale of life and death, revealing truly the workings of the "peculiar institution" in our country. To the story-loving we would say, here is a story worth reading.—Missionary. A THOROUGH CANVASSER IS WANTED.

In each county in the free States, to engage in the sale of the above work immediately. Such can easily clear from \$50 TO \$100 PER MONTH.

The work is beautifully printed and bound, and is as large as the books that sell for \$1.25; but as we mean to sell at least ONE HUNDRED THOUSAND COPIES, THROUGH AGENTS, we have made the retail price ONE DOLLAR.

A SAMPLE COPY of the book will be sent by mail, postage paid, on receipt of the price, and our private circular to Agents, with terms, &c. Address H. DAYTON, Publisher, 35-36 No. 29 Ann-street New York.

IMPORTANT INFORMATION

For the People. On Receipt of ONE DOLLAR, I will forward by mail (post paid) a sufficient quantity of the "Costars" Exterminator to destroy all of this class of vermin that may infest your premises.

SEE THE FOLLOWING: RATS, ROACHES, BUGS, INSECTS, &c. What the Farmers say: A late writer says that "the various species of vermin are multiplying at a fearful rate throughout the land. Their ravages have become a matter of serious danger. A Postmaster in Illinois, writing to "Costars" Depot, says: "The country is literally overrun with them (rats, mice, &c.)." Another, from the same State, says, "The rats positively gnaw the gutters of my horses while in the stable." An Ohio Correspondent remarks, "They (the rats) are everywhere—in the house, the barn, and under every stump in the field." In the South it is still worse. A late order from the Navy Yard at Mobile was for thirty pounds of the Rat Exterminator alone.

What the People say: New York, April 12, 1856. Dear Sir—Having a great many rats around my stable and shop, I thought I would try your Rat Exterminator, and bought one of your boxes, and fixed it according to your directions. The next morning I found over one hundred and fifty dead rats. I take pleasure in saying that it will do more than you say it will; I have also tried it on steam-boats, and satisfied them that it is the greatest thing of the age. J. S. UNDERHILL, No. 425 10th St.

CARE, Ill, June 21st, 1857. Dear Sir—My brother, J. W. McCree, P. M., purchased a box of your Rat Exterminator, and found it to be what you recommended it to be, a perfect Rat destroyer. I herewith inclose \$5 for more of it. Yours, &c. ANSELME MCCREEY.

New York, Dec. 17, 1857. Sir—All this summer I have been troubled with Roaches and Mice. I was particularly ashamed of the house, for the Roaches were everywhere, and I don't know what I should have done by this time. I purchased a box of your Exterminator and tried it, and in one week there was not a Roach or Mouse in the house. JOHN B. GIVEES, No. 94 Elm St. Moore's Salt Works, Ohio, June 8, 1857. Dear Sir—I have used it (the Rat, Roach, &c. Exterminator) three nights; and it is making a sad havoc among the Rat tribe. Yours, &c. J. B. BECOM.

What the Press say: We know, by actual experience, that "Costars" preparations for Rats, Roaches, Bed Bugs and Insects generally, are complete and perfect exterminators. Wherever "Costars" Exterminators have been used, they have never failed to perform all that is claimed for them. Housekeepers should not fail to try them.—N. Y. Atlas, May, 17th.

What the Druggists say: A. J. BLOOMSDEN, [Druggist] New Lisbon, O.: "Your Exterminators prove satisfactory." G. & T. E. McDONALD, [Druggists] New Brunswick, N. J.: "We tried the Rat, Roach, &c. Exterminator, and it answered a good purpose." E. B. CUNNINGHAM, [Druggist] Beaver Dam, Wis.: "It [the Rat, Roach, &c. Exterminator] is highly satisfactory to those who have tried it." SAMUEL HILL, [Druggist] Deer Creek, Pickaway Co., O.: "The Rat, Roach, &c. Exterminator does all it is recommended to do." GUILFORD & LEMBERGER, [Druggists] Lebanon, Pa.: "We are pleased to say that which is sold gives satisfaction." [35-61.]
