During twenty years of practice, I have rescued from the jaws of Death many thousands, whe, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the diseases but ruin the constitution, filling the system with mercury, which, with the diseaso, hastens the sufferer into a rapid Consumption.

But should the disease and the treatment not cause death speedily and the victim mar-ries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in Scrofula, Tetter, Ulcers, Eruptions an other affections of the skin, Eye Throat and Lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.
