

Selected Miscellany

Nature has written a letter of credit upon some men's faces, which is honored almost wherever presented.

The Female Mind.—The influence of the female mind over the stronger mind of man, is greater, perhaps, than many are willing to acknowledge.

That Dreadful Question.—Talfourd's tragedy of "Ion" overruns with big and beautiful thoughts.

The Springfield (Ill.) Journal has received the following conundrum from a correspondent:—"Why is James Buchanan like a harp struck by lightning?"

The Home Journal says the man who stoutly objected to his wife's learning to skate, at length, concluded to let her slide.

IMPORTANT DISCOVERY. CONSUMPTION AND ALL DISEASES OF THE LUNGS AND THROAT ARE POSITIVELY CURABLE BY INHALATION.

WHICH conveys the remedies to the capillaries in the lungs through the air passages, and coming in direct contact with the disease, neutralizes the tubercular matter, cures the cough, causes a free and easy expectoration, heals the lungs, purifies the blood, imparts renewed vitality to the nervous system, giving that tone and energy so indispensable for the restoration of health.

Truly the quiver of death has no arrow so fatal as Consumption. In all ages it has been the greatest enemy of life, for it spares neither age nor sex, but sweeps off alike the brave, the beautiful, the graceful and the gifted.

For CROUP. Give an emetic of antimony, to be followed by large and frequent doses of the Cherry Pectoral, until it subdues the disease. If taken in season, it will not fail to cure.

For settled CONSUMPTION of the Lungs, the Cherry Pectoral should be given in doses adapted to what the patient requires and can bear.

AYER'S CHERRY PECTORAL. For the rapid cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

TO CURE A COLD WITH HEADACHE AND SORENESS OF THE THROAT. Take the Cherry Pectoral on going to bed and wrap up warm, to sweat during the night.

FOR A COLD AND COUGH, take in morning, noon and evening, according to the directions on the bottle, and the difficulty will soon be removed.

From its agreeable effects in these cases, many find themselves unwilling to forego its use, when the necessity for it has ceased.

FOR BRONCHITIS or irritation of the throat and upper portion of the lungs, may be cured by taking the Cherry Pectoral in small and frequent doses.

WHOOPIING COUGH may be broken up and soon cured by the use of Cherry Pectoral. THE INFLUENZA is speedily removed by this remedy.

FOR SETTLED CONSUMPTION of the Lungs, the Cherry Pectoral should be given in doses adapted to what the patient requires and can bear.

While it is fraud upon the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has become the best remedy for the afflicted, from the log-cabin of the American Peasant, to the palaces of European Kings.

The Cherry Pectoral is manufactured by a practical Chemist, and every ounce of it, under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeiters, consequently can be relied on as genuine without adulteration.

Prepared and sold by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass. Sold by SEWTH & JONES and D. W. SPENCER, Coudersport, and by country merchants and druggists everywhere. 10:25-4m.

THE WELCOME VISITOR. The Cheapest and Handsomest Periodical in the world. Circulation 100,000.

THIS ELEGANT AND FASCINATING LITERARY AND FAMILY MONTHLY MAGAZINE closes its first volume in June next. During the few brief months of its existence it has attained a popularity unequalled in the annals of the Press.

The publishers, having offered liberal Premiums for choice literary efforts, the Stories, Romances, Essays, Poetry, and other sparkling and interesting reading was commenced in January last, and are being still published in the Visitor.

Some of the most popular and brilliant male and female contributors are regular contributors and the publishers will spare no pains or expense to render the "Welcome Visitor" every way acceptable to a refined and intelligent community.

Of all disease; the great first cause Springs from neglect of Nature's laws. SUFFER NOT! When a CURE is guaranteed IN ALL STAGES OF SECRET DISEASES, Self-Arrest, Nervous Debility, Strictures, Gleet, Gravel, Diarrhea, Diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, Diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitis's Dance, and all diseases arising from a derangement of the Sexual Organs.

Such as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision with peculiar spots appearing before the eyes, Loss of Sight, Watfulness, Dyspepsia, Liver Disease, Eruptions upon the face, Pain in the back and head, Female irregularities and all improper discharges from both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure.

The medicines are pleasant without odor, causing no sickness and free from mercury or lead. During twenty years of practice, they have rescued from the jaws of Death many thousands, who, in the last stages of the above mentioned diseases had been given up to die by their physicians, who warrant me in promising to the afflicted, who may place themselves under my care, a perfect and most speedy cure. Secret Diseases are the greatest enemies to health, as they are the first cause of Consumption, Scrofula, and many other diseases, and should be a terror to the human family. As a permanent cure is scarcely ever effected, a majority of the cases falling into the hands of incompetent persons, who not only fail to cure the disease, but ruin the constitution, filling the system with mercury, which, with the disease, hastens the sufferer into a rapid Consumption.

But should the disease and the treatment not cause death speedily and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions; and the current of life corrupted by a virus which betrays itself in Scrofula, Tetters, Ulcers, Eruptions on other affections of the skin, Eyes, Throat and Lungs, entailing upon them a brief existence of suffering and consigning them to an early grave.

SELF-ABUSE is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system, drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the Nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of Self-Abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

The afflicted are cautioned against the use of Patent Medicines, for there are so many ingenious snares in the columns of the public prints to catch and rob the unwary, suffering that millions have their constitutions ruined, or the vital compounds of quack doctors, or the equally poisonous "patent" medicines, many of the so called Patent Medicines and find that nearly all of them contain Corrosive Sublimate, which is one of the strongest preparations of mercury and a deadly poison, which instead of curing the disease disables the system for life.

Three-fourths of the patent nostrums now in use are put up by unprincipled and ignorant persons, who do not understand even the alphabet of the materia medica, and are equally as destitute of any knowledge of the human system, having one object only in view, and that to make money regardless of consequences.

Irregularities and all diseases of males and females treated on principles established by twenty years of practice, and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the United States or Canada, by patients communicating their symptoms by letter. Business correspondence strictly confidential. Address, A. C. DICKINSON, M.D.
