We commence, in this number a continued story from the Atlantic Monthly, entitled "Loo Loo." It is from the pen of a favorite Anti-Slavery writer, Mrs. L. Maria Child; and we commend it to our readers as an excellent story, well worth a careful perusal.

Emerson's Magazine and Putnam's Monthly, for July, has reached us at last. It is the first number of the new Volume, and though ours is a "printer" copy, it bears evidence of much improvement on the last volume. Try and send ours along next time in proper season.

"Knicks" for August, is already looming up from among our pile of exchanges. It is the Magazine among all on this or the other side of the "big pond," for our reading in leisure hours. It is the cheapest \$3 Magazine we are acquainted with. John A. Gray, 10 and 18 Jacob St., N. Y., is the publisher.

Fire.—We regret to learn that on Monday evening last, about 5 o'clock, the house of Mr. WM. HENRY HARRISON, in Harrison township, was entirely destroyed by fire—a portion only of his goods being saved. The loss is nearly \$400, and will fall heavy upon Mr. H. who was a young man, and was just fairly started in life.

The fire is supposed to have been caused by the oldest son of Mr. H., about 4 years of age. Mr. Harrison used his wood-house to shave shingles in, and the cook-stove stood in the house on a platform which projected into the wood-house, where a large pile of dry shingle-shavings were laying in front of or near the stove. Mrs. H. went out to feed the hogs, leaving her two children in the house. There was a very little fire in the stove; but when she returned the entire pile of shavings was in flames, and the fire beyond control. It is supposed that the boy pulled some of the coals out of the stove into the shavings. The boy was nowhere to be found during the progress of the fire, and after it had gone down the embers were carefully looked over for his ashes—but no traces could be found—when lo! about dark he came out of the cornfield, where he had run to, and remained in his fright; and where he, no doubt, gave vent to his sorrow for having been the cause of so much mischief.

CAUTION: WHEREAS my wife, SARAH ANN has left my bed and board without just cause or provocation, I hereby warn all persons not to trust her on my account, as I will pay no debts of her contracting. RUSSELL B. BAKER, Homer, June 28, 1858.—59-34.

Rules and Regulations

LIST OF PREMIUMS

FIRST ANNUAL FAIR

OF THE

Potter Co. Agricultural & Horticultural Society,

TO BE HELD AT COUDERSPORT, PA.,

Wednesday and Thursday, October 13th & 14th, 1858.

RULES AND REGULATIONS:

I. All Animals, to be entitled to compete for Premiums, shall have been kept and owned in the County, by the persons presenting them, at least four months previous to the Annual Fair, and all animals, except breeding stock, shall have been bred and raised in the County; but when Working Oxen or Matched Horses or Mares are entered for Premiums, they shall be eligible if one was raised in the county.

II. No person or persons shall be permitted to compete for a Premium on any article of Domestic Manufacture, or Butter or Cheese, unless the same shall have been made or manufactured by such person or persons, or his or their family or families, within the year that it shall be offered for a premium.

III. Exhibitors must become members of the Society and have their articles and animals entered on the Secretary's book on or before the day next preceding the opening of the Exhibition; and all articles and animals must be brought within the enclosure as early as noon of the first day of exhibition, in order that they may be suitably arranged. The Managers do not intend to ASSURE any exhibitor who neglects these requirements, that his articles can be submitted to the Judges. While every effort will be made to secure the examination and proper notice of every article on exhibition, justice to those who comply with the rules of the Society requires that they shall in all cases first receive attention.

IV. Articles or animals removed before the close of the Exhibition (except by permission of the President) can not receive a Premium, though awarded.

V. Should any individual enter an animal in any other name than that of the bona fide owner, the person making such entry shall not be allowed a premium should one be reported by the Judges, and shall be precluded from competing at any future exhibition of the Society.

VI. Persons entering stock of the age of three years and under, shall furnish the Judges evidence of the time when the animals were dropped, to be filed by them with the Secretary; and the ages of animals above this, to be given on making their entries.

VII. The Judges shall in all cases withhold premiums where the animal or article is not worthy, though there be no competition.

VIII. No premiums are to be awarded to Bulls, Cows, or Heifers that have been fitted for the butcher—the intention of the Society being to promote the rearing of superior animals for breeding purposes.

IX. Whenever it shall appear to the Judges that articles of superior merit have been presented, not noticed in the Premium List, they shall make special report thereof to the Board of Managers.

X. It is particularly desired that no persons shall be present while the Judges are examining the Stock referred to them, except those taking charge of the animals, unless by special request.

Political Appointments.

We will announce Candidates for Office of the State of \$1 each, in advance, for all occupying 10 lines or less—each additional line 10 cents.

County Treasurer. Editor of the Potter Journal: Sir—Please announce the name of SALA STEVENS, Esq., of Clara as a candidate for the office of COUNTY TREASURER, subject to the decision of the Republican County Convention.

Mr. Stevens has been long and well known to the Republicans of this County as a staunch and unwavering member of the party, and has equal claims with any other candidate for the office. Yours, &c. SHARON. Sharon, July 19, 1858.

County Treasurership. Fellow-Citizens:—I feel a degree of pride in having been an inhabitant of Potter County for a goodly number of years. I hereby present myself to you as a Candidate for the Office of COUNTY TREASURER, subject, of course, to the decision of the Republican Nominating Convention. JASON LEWIS, Keating, July 17, 1858.

Assembly—Anti-Lecompton. To the Electors of the Representative District composed of the Counties of Troy and Potter:—I am a Candidate for the office of Representative in the next General Assembly. Should I be elected, my constituents may rest assured that, to the best of my ability, they will be represented upon the principles of the Declaration of Independence and the Constitution of the Union; and especially that the People of the Territories (including Kansas,) have the same right to resist the enforcement of Slavery upon them against their will, that our Fathers had to resist the Stamp Act of George III. and throw his Tea into Boston Harbor. If this be Treason, make the most of it. JNO. M. KILBOURNE, Pike, Potter Co., Pa., June 30, 1858.

Special Notices.

Coudersport Academy. NOTICE is hereby given that an Election will be held by the Stockholders of said Institution, at the Court House in Coudersport, on FRIDAY, THE 9TH DAY OF AUGUST, next, between the hours of 1 and 5 o'clock P. M., for the purpose of electing TRUSTEES, as required by law. By order of the Board. Coudersport, July 20, 1858.

GRAND AND STONE. By this we understand a collection of sand-like substance having been lodged in the passage of the urine. When the system is in a healthy state, this substance is carried off by the natural passage of the body; but when there is a weakness of any organ, especially the kidneys, they become incapable of expelling such sandy concretions; and consequently they are lodged in the kidneys, urethra, or the bladder, causing great inflammation to those organs, and great pains and swelling, and great difficulty in voiding the urine. It has been admitted by many physicians, that Morse's Indian Root Pills are made out of some particular plants which have a wonderful charming influence in dissolving the substance which has clogged the passage, and by their cooling properties, they expel all inflammation, and leave the water passage in an active and healthy state. From three to four of these Pills night and morning, from one to two weeks, will decide how this dreadful disease is to be treated, and as they remove the cause of every kind of disease, it is utterly impossible for them to fail in curing the gravel, as they unplug the passage, and leave the parts in a healthy and lively condition.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines.
