We would call attention to the advertisement of Emerson & Co., in this week's issue.

BRELL LYMAN, ESQ., a much respected citizen of Roulet township, and well known to the citizens of this county, died at his residence last Friday, aged sixty-six years.

We hope every farmer and gardener in this county will read the article on our page in reference to the cause and cure of the Potato Rot. It is an excellent article.

The farmers in this section are nearly through their hay-harvest, and are commencing their grain crops. As we can learn the crops in this county are good, notwithstanding the backwardness of the planting season. All crops of corn that we have seen look well, and are rapidly maturing.

Our neighboring village, Wellsville, N. Y. was visited by another destructive fire Saturday night last. It was doubtless the work of an incendiary, and was first discovered in the ruins of Taylor's Hall, a scene of the thrilling accident on the 14th ult. Seven buildings in all were destroyed—among them, the office of the Press. The type, press and most of the other fixtures of the office were saved.

The Brass Band has been organized and a teacher engaged. We suppose it is unnecessary to tell our citizens that the instruments are already in preparation.

We are requested to give notice that the members of the Association will meet at the Court House on Monday evening to complete their permanent organization. The members are expected to be present.

Bank Note Reporters are becoming more numerous than Banks—nearly every money-broker in the leading cities has established one for his own convenience. Some new work of the above description makes its debut in our office each week recently; each giving unmistakable evidence of being the offspring of unscrupulous financiers or "bank-kickers."

It is necessary to be on the alert for the "business exigencies" of its particular locality, and each disclaiming all other responsibility for its establishment. In our opinion very few of them are worthy of confidence, though occasionally they may be found that is. The one which

has last made its appearance here is "Imley's Bank Note Reporter," published weekly, at 112 South Third St., Philadelphia, and corrected by Work, McCouch & Co. Terms, Weekly, \$2, per annum; Semi-Monthly, \$1.25; Monthly, 75 cents per annum. It has the appearance of a first class Reporter.

The National Finances.

What the people want to know is, what the Buchanan administration find to do with so much money, and we apprehend they will be impatient till they have a satisfactory bill of particulars. It appears to be well confirmed, that during the past fiscal year it has received from various sources over one hundred millions of dollars. If our readers will think of it, this is a pretty large sum of money. And this is the beginning of a government that preached economy and retrenchment, and talked manfully and wisely about waste and extravagance. The question just now is, who has got the money?

We know, of course, well enough where portions of it have gone, being well aware of the sums required by the terrible Mormon war, and the secret espionage service, and a few such matters; but summing up all we know anything about, there still remain some thirty odd millions to be accounted for. It is desirable that the well fed clerks should hurry up the figures, and let us know what our national administration have found to do with one hundred millions of dollars. Some of their pretensions would have thought themselves pretty well off and quite secure from any mysterious and annoying deficiency; with that snug little sum.—Missouri Democrat.

Col. Steptoe has been defeated by the Oregon Indians, and forced to retreat, with eleven killed and fifteen wounded.

Gen. John A. Quitman, of Miss., died recently, from effects of National Hotel poison.

RULES AND REGULATIONS:

I. All Animals, to be entitled to compete for Premiums, shall have been kept and owned in the County, by the persons presenting them, at least four months previous to the Annual Fair, and all animals, except breeding stock, shall have been bred and raised in the County; but when Working Oxen or Matched Horses or Mares are entered for Premiums, they shall be eligible if one was raised in the county.

II. No person or persons shall be permitted to compete for a Premium on any article of Domestic Manufacture, or Butter or Cheese, unless the same shall have been made or manufactured by such person or persons, or his or their family or families, within the year that it shall be offered for a premium.

III. Exhibitors must become members of the Society and have their articles and animals entered on the Secretary's book on or before the day next preceding the opening of the Exhibition; and all articles and animals must be brought within the enclosure as early as noon of the first day of exhibition, in order that they may be suitably arranged. The Managers do not intend to ASSURE any exhibitor who neglects these requirements, that his articles can be submitted to the Judges. While every effort will be made to secure the examination and proper notice of every article on exhibition, justice to those who comply with the rules of the Society requires that they shall in all cases first receive attention.

IV. Articles or animals removed before the close of the Exhibition (except by permission of the President) can not receive a Premium, though awarded.

V. Should any individual enter an animal in any other name than that of the bona fide owner, the person making such entry shall not be allowed a premium should one be reported by the Judges, and shall be precluded from competing at any future exhibition of the Society.

VI. Persons entering stock of the age of three years and under, shall furnish the Judges evidence of the time when the animals were dropped, to be filed by them with the Secretary; and the ages of animals above this, to be given on making their entries.

VII. The Judges shall in all cases withhold premiums where the animal or article is not worthy, though there be no competition.

VIII. No premiums are to be awarded to Bulls, Cows, or Heifers that have been fitted for the butcher—the intention of the Society being to promote the rearing of superior animals for breeding purposes.

IX. Whenever it shall appear to the Judges that articles of superior merit have been presented, not noticed in the Premium List, they shall make special report thereof to the Board of Managers.

GRAVEL AND STONE. By this we understand a collection of sand-like substance having been lodged in the passage of the urine. When the system is in a healthy state, this substance is carried off by the natural passage of the body; but when there is a weakness of any organ, especially the kidneys, they become incapable of expelling such sandy concretions, and consequently they are lodged in the kidneys, urethra, or the bladder, causing great inflammation to those organs, and great pains and swelling, and great difficulty in voiding the urine. It has been admitted by many physicians, that Morse's Indian Root Pills are made out of some particular plants which have a wonderful charming influence in dissolving the substance which has clogged the passage, and by their cooling properties, they expel all inflammation, and leave the water passage in an active and healthy state. From three to four of these Pills night and morning, from one to two weeks, will decide how this dreadful disease is to be treated, and as they remove the cause of every kind of disease, it is utterly impossible for them to fail in curing the gravel, as they analog the passage, and leave the parts in a healthy and lively condition.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines.

TO EVERY FEMALE IN THE UNITED STATES.

MRS. MONTAGUE'S FEMALE CORDIAL. FOR THE CURE OF ALL THOSE PAINFUL DISEASES PECULIAR TO WOMEN.

Mrs. MONTAGUE, for many years afflicted with most of the diseases that are common to females, spending a large fortune in ten years in trying the different means of treatment for her relief, to no avail, was prevailed upon by many of her friends to visit Cuba, December '48, for the purpose of regaining her former health. While there, she obtained a prescription from a Spanish Physician—

Whose silver locks Were tending to the grave. With which through the mercy of God, she was restored to her youthful health.

After her return she made known to hundreds of her female sufferers the effects of the remedy with equally as great success.

This extraordinary medicine is offered to the public for the relief and cure of all the painful and dangerous diseases peculiar to women, and that the female constitution is subject to: To those suffering from "Prolapsus Uteri," Leucorrhoea, Amorrhoea, Menorrhagia, Dysmenorrhoea-Chlorosis, a speedy cure can be obtained.

In all spinal affections, pain in the region of the Pelvis, Lowness of Spirits, Hysteria, Sick-headache, and all those diseases arising from the peculiar formation of women, the Cordial will be found of an immense value.

This medicine moderates all excess, and removes all obstruction; it invigorates the debilitated constitution for the duties of life, and when taken in middle age proves a blessing.

Modesty forbids us, in a public advertisement, to make full the details; but the wrapper around each letter will fully explain every case.

Merchants, females, or others, by sending a three cent stamp, can have any information respecting the operations of the medicine. Agents wanted in every village in the United States. Put up in half pint bottles; \$2.00 per bottle; 50 per cent. off to the trade. All orders must be addressed to

Dr. J. D. STONEROD, (Sole Proprietor,) Lewistown, Pa., Box 11.
