FARM: A Pocket Manual of Practical Agriculture, or How to Cultivate all the Crops, Embracing an Exposition of the Nature and Action of Soils and Manures; the Principles of Rotation in Cropping; Directions for Irrigation, Draining, Subsoiling, Fencing, Planting Hedges, etc.; Descriptions of Improved Agricultural Implements; Instructions in the Cultivation of the various Farm Crops; How to Plant and Cultivate Orchards, etc. With a most valuable Essay on Farm Management. By the author of "The Garden," "How to do Business," "The Golden Rule," etc. New York: Fowler & Wells, 1854. [Price, postpaid, in paper, 30 cents; in muslin, 50 cents.]

To the readers of "The Garden" it is necessary only to say that this excellent farm-book is by the same author. It is fully equal in value to that popular work. It treats in a clear, concise, and fact-way of both the theory and practice of agriculture. It tells you how to cultivate all the common field crops, and what is better, gives you the principles which underlie all the practical operations of cultivation, so that you can use and modify any practical directions given in full understanding of what you are doing. It gives not only the "how" but the "why" of farming. The knowledge which one will get from it may make a difference of hundreds of dollars in a farm's income in a single season. No farmer, and especially no young farmer, can afford to be without it. So much valuable information for so little money, and to be had so readily, can be found nowhere else. The essay on farm management, by J. Thomas, here reprinted by the permission of the author, is alone well worth the price of the book. It is adapted to the needs of people who are interested in the affairs, and to all sections of the country.

The series of four "Rural Hand-Books" which this belongs to—"The House," "The Garden," "The Farm," and "Do as You Would Be Done"—will be furnished to subscribers ordering them all at the same price, \$1.

County Treasurer.

Editor of the Potter Journal: Sir—Please announce the name of SALA STEVENS, Esq., of Clara, as a candidate for the office of COUNTY TREASURER, subject to the decision of the Republican County Convention. Fellow-Citizens:—I feel a degree of pride in having been an inhabitant of Potter County for a goodly number of years. Assembly—Anti-Lecompton.

To the Electors of the Representative District composed of the Counties of Tioga and Potter:—I am a Candidate for the office of Representative in the next General Assembly. Should I be elected, my constituents may rest assured that, to the best of my ability, they will be represented upon the principles of the Declaration of Independence and the Constitution of the United States; and especially that the People of the Territories (including Kansas), have the same right to resist the enforcement of Slavery upon them against their will, that our Fathers had to resist the Stamp Act of George III., and throw his Tea into Boston Harbor. If this be Treason, make the most of it. JNO. M. KILBOURNE, Pike, Potter Co., Pa., June 30, 1858.

THE SKIN.

Is formed with thousands of pores in every inch of surface whose office it is to carry off the impurities of the blood—the acknowledged cause of all diseases of mankind—when the skin is dry and parched—when it is covered with eruptions—when it is cold and clammy—when there is inward fever or inflammation—it is impossible for the skin under these circumstances to perform its proper functions and to carry off the impurities from the body as designed by our Creator.

Morse's Indian Root Pills remove these obstructions, and produce free and healthy blood, removes the eruptions from the skin, and cause it to brighten with the flush of youth and beauty. Beauty so much admired and loved. Beauty without paints and cosmetics—but beauty produced by health and happiness.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines.

"The Greatest Biography of the Age."

NOW READY: THE
LIFE OF THOMAS JEFFERSON,
By HENRY S. RANDALL, LL. D.
In Three Volumes, Octavo.

THIS work contains upwards of 2,000 pages. It is printed on fine paper, and handsomely bound in various styles. It is illustrated by several engravings on steel, and numerous fac-similes; among the former are two fine portraits of JEFFERSON. The fac-similes embrace, among others, the original draft of the Declaration of Independence, in Jefferson's own handwriting.

This is, in every sense, an AUTHORIZED work: it was undertaken under the approbation of his family, and with an unreserved access to all the private papers of Jefferson in his possession; and has received the benefit of their recollections and opinions at every step. The work contains the expressions of Jefferson on every great public question which arose from his advent to public life to his death—a period of about sixty years, and embracing the whole formative period of the Republic. It contains JEFFERSON'S heretofore unpublished family correspondence; selections from his finest published letters, state papers, etc., etc.

OPINIONS OF THE PRESS:

"No other Life of Jefferson ever published—can bear any comparison to this in thoroughness, fullness of incident and conscientious fidelity."

"This biography has evidently been a labor of love, and the years of patient, assiduous toil has cost, have been given with ungrudging, untiring enthusiasm."—New York Tribune.

"At length the public have a Life of Thomas Jefferson that is not only fascinating, and therefore sure to be popular, but one that will stand the essential historic test—that of accuracy and truthfulness. It is seen that the ground-work of the whole is authentic contemporary material, and of the highest order. To gather it has been the work of years. We would not compare this volume with that inimitable and incomparable biography of Boswell, and yet so faithful is the portrait that Jefferson is made to draw of himself, that his nature, his very soul, is delineated with a distinctness not unlike that in which Johnson stands out in the pages of Boswell."—Boston Post.

"Imbued with that enthusiastic admiration of his subject, without which a biographer is rarely successful, Mr. Randall nevertheless does not seek to hide whatever faults he may find either from himself or from the reader. He paints the picture as Cromwell insisted his should be painted, 'warts and all.' The picture gains by this in-life-like coloring, without losing any of its majestic proportions."—Albany Evening Journal.

"No one who runs his eye, however casually, over this work, will fail to be satisfied that Mr. Randall has added very largely to the stock of the world's information about Jefferson, that he has had access to sources hitherto unexplored, and that he has done more than was ever done by any one before him to illustrate the personality of that great statesman."—New York Evening Post.

"We have read with delight Mr. Randall's captivating details of Mr. Jefferson's personal history, which he has sedulously gathered, and admirably grouped together, from a great variety of authentic sources hitherto unexplored. Out of the tempting richness of his materials, the able and clear-sighted author has constructed a book, at once most entertaining and instructive—one that should be studied by every patriot in the land."—Richmond Enquirer.

"There can be only one opinion as to the ability, general impartiality and industry which Mr. Randall has brought into combination in the composition of this biography. * * * He has worthily executed a much wanted book."—Philadelphia Press.

"It will take place among the choicest classics of American literature, and be consulted by every future historian of his country."—Philadelphia Evening Bulletin.

"We like it because it neither conceals, palliates, exaggerates, nor distorts, but approaches, in every instance, and in every particular, the career of the noble character whose opinions have done so much to shape the domestic and foreign policy of the nation he contributed so greatly to call into existence."—N. O. True Delta.

THIS work will be SOLD EXCLUSIVELY BY SUBSCRIPTION, at the low price of \$7 50—handsomely bound in cloth.

Experienced Canvassing Agents wanted, in all parts of the country, to obtain subscribers for this work. Applicants should state what counties they would like to canvass.

Specimen copies will be sent by mail, prepaid, to any address, on receipt of the price.

Coudersport Academy.

NOTICE is hereby given that an Election will be held by the Stockholders of said Institution, at the Court House in Coudersport, on FRIDAY, THE 6TH DAY OF AUGUST, next, between the hours of 1 and 5 o'clock P. M., for the purpose of electing TRUSTEES, as required by law. By order of the Board.
Coudersport, July 20, 1858.

A Card from Dr. James M. Jarrett of the New York Lung Infirmary.—My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the Cure of Pulmonary Consumption and its kindred diseases, together with my unrivaled opportunities and advantages of pathological research—aided not a little by a perfect system of Medical Inhalation—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive and radical cure of all diseases of the Throat, Lungs, and Air-Passages. By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs and the integuments. I do not advise the use of Medical Inhalation of any kind, to the exclusion of general treatment; and although I consider it a useful adjunct in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both general and local treatment. The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, and after a consideration, I have concluded to make such arrangements as will bring the benefits of my experience and treatment within the reach of all, and not confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that I can now be consulted personally or by letter, on all diseases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case. Inhaling Vapors, Medical Inhalers, &c., &c., will be forwarded by express to any part of the United States or the Canadas. Terms: My terms of treatment by letter are as follows, viz: \$12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhaling Vapor, and an Inhaling Apparatus. Payment as follows: \$6 to be paid to Express Agent on receipt of the box of Medicines, and the balance \$6 to be paid at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for advice promptly answered. For further particulars address

JAMES M. JARRETT, M. D.,
No. 820 Broadway, cor. Twelfth St., N. Y.

P. S.—Physicians and others visiting the city are respectfully invited to call at the Infirmary, where many interesting cases can be witnessed, and where our improved apparatus for the inhalation of medicated vapor can be seen and inspected. 11:2-6mo.

TO EVERY FEMALE IN THE UNITED STATES.

MRS. MONTAGUE'S FEMALE CORDIAL.

FOR THE CURE OF ALL THOSE PAINFUL
DISEASES PECULIAR TO WOMEN.

Mrs. MONTAGUE, for many years afflicted
with most of the diseases that are common to
females, spending a large fortune in ten years
in trying the different means of treatment for
her relief, to no avail, was prevailed upon by
many of her friends to visit Cuba, December
'48, for the purpose of regaining her former
health. While there, she obtained a prescription
from a Spanish Physician—
"Whose silver locks
Were tending to the grave."
With which, through the mercy of God, she
was restored to her youthful health.

After her return she made known to hun-
dreds of her female sufferers the effects of the
remedy with equally as great success.

This extraordinary medicine is offered to the
public for the relief and cure of all the painful
and dangerous diseases peculiar to women,
and that the female constitution is subject to.
To those suffering from "Palpitations, Uteri,"
Lacerations, Amenorrhoea, Menorrhagia, Dys-
menorrhoea-Chlorosis, a speedy cure can be
obtained.

To those suffering from Falling of the Womb
or Uterine Weakness of any kind, the Female
CORDIAL is especially recommended. It is war-
ranted to cure this painful disease if perse-
vered in.

In all spinal affections, pain in the region
of the Pelvis, Lowness of Spirits, Hysteria,
Stech-headache, and all those diseases arising
from the peculiar formation of women, the
CORDIAL will be found of an immense value.

This medicine moderates all excess, and re-
moves all obstruction; it invigorates the de-
bilitated constitution for the duties of life, and
when taken in middle age proves a blessing.
Modesty forbids us, in a public advertise-
ment, to make full the details; but the wrap-
per around each letter will fully explain every
case.

Merchants, females, or others, by sending a
three cent stamp, can have any information
respecting the operations of the medicine.

Agents wanted in every village in the United
States. Put up in half pint bottles; \$2.00
per bottle; 50 per cent. off to the trade. All
