A Card from Dr. James M. Jarret of the New York Lung Infirmary.--My connection for the past ight years with the above Institution, as Chief. Physician, and a twelve years' course of steady devotion to the Cure of Pulmonary Consumption and its kindred diseases, together with my unrivalled opportunities and advantages of pathological research-aided not a little by a perfect system of Medical Inhalation-has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive and radical cure of all diseases of the Throat: Lungs, and Air-Passages. By Inhalation, the

vapor and curative properties of medicines are directly addressed to the diseased organs and the integuments. I do not advise the use of Medical Inhalation of any kind, to the exclusion of general treatment; and although I consider it a useful adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each nationt should have the benefit of both general and local treatment. The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too wellknown to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, and after due consideration I have concluded to make such arrangements as will bring the benefits of my experience and treatment within the reach of all, and not confine myself, as heretofore, to those only who entered the Infirmary, or who? were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that I can now be consulted pernally or by letter, on all diseases as abo and that the medicines, the same as used in the Institution, prepared to suit each individual case. Inhaling Vapors, Medical Inhalers, &c.,

&c., will be forwarded by express to any part of the United States or the Canadas. TERMS My terms of treatment by letter are as follows, viz:; \$12 per month for each patient; which will include medicine sufficient for one month's use; also, Inhaling Vapor, and an Inhaling Apparatus. Payment as follows: \$6 to be a could to Express Agent on receipt of the box of Medicine, and the balance \$6 to be paid at the expiration of the month, if the patient be their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate.
