Concert.—Our citizens will have a treat at the Court House this (Thursday) evening, in the way of a Concert by the "Quartette Party," from Friendship, N. Y. Mr. B. and his associates are all professors of music, and the programme will consist of Vocal and Instrumental music of choice selection. Mr. B. is the preceptor of the Coudersport Brass Band. Admission to Concert, 25 cents—children 10 cts.

We would call the attention of Farmers and others to the fact that the County Fair begins the day following the Election—Wednesday, October 13th. Every farmer—indeed, every man and woman, boy and girl—in the county should be present if possible, as a competitor for the prizes; or as a look-on. There are two things which every voter in the county should attend punctually to this fall—namely, Election and the County Fair. See that you fail not herein. We hope farmers who owe us will not forget that that will be an excellent opportunity to bring us produce &c., in payment of our claims.

COL. SAM'L C. COANE, late editor of the Bradford Miner, M'Kean Co., paid us a visit this week. The Col. is a clever fellow, and reads one of the best original essays we have ever heard. He read to a few (we are sorry to say) of our citizens Monday evening last, and we listened to him with a degree of pleasure we had not recently experienced. His subject was "Life in this fast age and fast country," and his Essay teems with pungent wit, philosophy and good common sense. We regret that so few of our citizens enjoyed the treat—but the notice given them was short, and even if that had not been the case, the Col. charged 15 cents for admission—and brain-work in this country is of no pecuniary value.

IRON CITY COMMERCIAL COLLEGE, PITTSBURG, PA.—Number of students attending this Institution is now 300—more than treble at any similar school in the country. It is a model, well furnished counting-house of four large halls, 23x80, 22x70, 43x80 feet, and is conducted by a Faculty of fourteen experienced teachers and practical business men. The course of study being the most thorough practical—Teachers of writing, ARITHMETIC, the medals here, also in eastern and western cities—Low prices of board and tuition—Healthiest city in the region—Success of its graduates—Best location for gaining situations—cause this to be the largest Commercial School in the Union, making it the most desirable College for business men in any part of the country.

For Circular and Specimens of Writing, address F. W. JENKINS, Pittsburg, Pa.—Pittsburg Gazette.

The Atlantic Monthly for October, is received and has the following excellent table of contents:

The New World and the New man; The Poet Keats, poetry; Her Grace, the Drummer's Daughter; Waldeinsamkeit, poetry; The German Popular Legend of Doctor Faustus; Miss Wimple's Hoop; The Cup, poetry; The Language of the Sea; The Whirligig of Time; The Telegraph, poetry; The Birds of the Garden and Orchard; The Old Orchard; The Dead House; The Anteroom of the Breakfast Table, concluded; The Dot and Line Alphabet; Literary Notices.

Harper's Monthly is also on our table, presenting the following "bill of fare" to the literary gourmandizer:

Strain's Ride over the Andes; Islands and Shores of Greece; The American Deer, its habits and associations; An Up-country Adventure; How I fell in Love; The Trial and Execution of John Huss; Poetico; *Mare Victim*, poetry; "Nipped in the Bud"; Enjoying our Work—an excellent article which we intend to present to the readers of the JOURNAL; Married to the Man of Her Choice; The Virginians; It Might Have Been, poetry; Together with the contents of the "Review," "Easy Chair," "Table" and "Review."

"I Have the Reading of it."—It not infrequently occurs, when persons are asked if they subscribe for a newspaper, that they reply, "No, neighbor Jodice, I do not, and I have the reading of it every week." Such often add that they do not like the paper, but they consider it a waste of money when they can read their neighbors. They are thus benefited by the tools, perplexities and expenditures of those who receive nothing in return.—Reader, if you feel reproved, just send in your name and take the paper yourself.—Exchange.

The above reminds us that recently a friend of the JOURNAL was recommending a continued story then being published in its columns, to a lady of her acquaintance, whose husband is a Hunker. When the latter very blandly remarked, "Why don't you send the paper to me?"—I would not mind having about the house and reading it; but I don't want to give it any encouragement.

We have a large number of subscribers who like this woman, deem it worth reading, but think it not worth paying for. We intend to be rid of a few of such after the 1st of October.

Again, others are reading it weekly, covertly, by borrowing from their neighbors, who a few months since stopped taking it because it published communications which did not meet their views. They have been borrowing it every week since to see if their withdrawal killed it,—and are now its most critical readers.

The Election in Maine.
A dispatch from Bath, Maine, received late last night, assures us that French (Repub.) is elected to Congress from the 11th District over Johnson (Dem.) by 35 majority. This makes the delegation all Republican. Some in the 1st District has 234 majority.

The Democrats have elected one (in Aristook) of the thirty-one Senators. The rest are either Republican or no choice, which assures them to the Republicans when the vacancies are filled.

To the House, *The Kennebec Journal* reports 92 Republicans to 31 Democrats elected—28 to come in.

Gov. Morrill is re-elected by over 9,000 majority. The vote is much heavier than last year.

This Legislature is to elect a U. S. Senator for six years ensuing. It is generally understood that the Hon. Wm. Pitt Fessenden will be re-elected.—*N. Y. Tribune*, 18th.

Campbell's Choice.
Lewis D. Campbell was, on the 24th, unanimously renominated by the Republicans of the Fourth Congressional District Ohio for a sixth term in the House of Representatives. In the course of an address to the convention, in which he announced his acceptance of the nomination, he stated that he had been assured by prominent democrats in Congress, that he should not be disturbed in his seat, if he would keep quiet on the Leocompton business; and after his rejection a proposition had been made to him to come over to the democratic party, and they would take care of him. To this proposition he replied by telling the gentleman who made it the following story:

"Monsieur Foix, a Frenchman who went to Jamaica to embark in business, had been sadly abused there. He had been robbed, whipped, put in prison, his property confiscated, and every species of indignity and outrage offered him. On his return to New Orleans, he told the story most pitifully to Col. Pike, of Arkansas.

"Why, Monsieur Foix," said the Col., "according to your story Jamaica must be as bad a place as the infernal regions!"

"Ma foi!—it is worse.

"Now, Monsieur, do you really mean that?"

"C'est vrai!"—it is true.

"Well now, Monsieur Foix," said Col. Pike, "suppose you were on your death-bed to-night, and the Lord should appear to you and say you might go back to Jamaica or go to the infernal regions, what would you say?"

"I would say, Monsieur good Lord, if it beez all ze same to you, if it makes no difference at all, I should very much choose to please, to prefer much razer to go to h—l."

He told his democratic friend that if it made no difference, he should prefer the Frenchman's choice to joining the democratic party.

Special Notices.
PIMPLES AND BLOTCHES.
Are the result of impure blood. The blood becomes thick and clogged. The skin is not able to cast off the impurities so important to health. How many young men and women see with their faces covered with pimples and blotches, who are endeavoring to remove them by the use of soaps and washes of various kinds. This is very dangerous and should never be practiced by persons desirous of good health. Mothers who have children afflicted with sores and eruptions, should never dry them up by external applications, for in this way they will drive in the humors and produce ill health for the child during its whole life time. There is no mother that likes to see her children afflicted with feeble health.

MORSE'S INDIAN ROOT PILLS are prepared expressly for the cure of eruptions of the skin, such as Pimples, Blotches, Sores, &c. They cleanse the blood of all impurities, producing a beautiful, clear and healthy skin, so much admired by all people of taste and refinement.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines.

Great Inducements to Subscribe FOR THE REPUBLIC.

We respectfully invite the attention of Republicans everywhere, to the reduced rates which we now offer the Weekly Republic to Clubs, as follows:

Four copies, one year, \$5
Ten copies, one year, 10
And for any number exceeding four and less than ten, \$1.25 per copy.

As some persons who are not acquainted with the paper would perhaps prefer subscribing for six months only, in the first instance, we will furnish it to clubs of ten or more, for six months, at the same low rates, viz:

Ten copies, six months, \$5
Twenty copies, six months, 10
As the next ensuing six months will cover not only the stirring political campaign of this Fall, but the whole of the next session of Congress, these are strong inducements to subscribe for a Washington paper, for that length of time at least. What village or neighborhood there is in any of the Free States, in which there cannot be found ten or twenty persons who will give fifty cents each for a Republican paper published at Washington, for the next six months? Now is the time to send in your names.

The paper will be mailed separately to each Club subscriber, and to different post offices, if desired.

Money may be forwarded by mail, if the letter containing it be registered, at our risk. Notes on Eastern banks preferred. Large amounts will be more safely remitted in drafts.

BRANDRETH'S PILLS PURIFY THE BLOOD.

Continued pain or uneasiness in any organ is generally cured by one or more doses of Brandreth's Pills. Thirty years' personal experience by the undersigned fully justify this assertion.

Dr. James Lull, of Potsdam, N. Y., says—"I have cured the deplorable costiveness of the bowels with Brandreth's pills, when every other remedy had failed, and the patient was given up to die. Skin diseases of an inveterate and painful character, such as erysipelas, salt rheum, tetter and summer-heat, I have seen eradicated by their use. I have cured the rheumatic, the epileptic, the paralytic and the consumptive with these excellent pills alone."

In jaundice and all affections of the liver, dyspepsia, dysentery and diarrhoea, pleurisy, sudden pains and inflammations, female obstructions, scorbutic and scrofulous, enteric and neuralgic affections, have given way to the use of this medicine, and now, after twenty years' experience, my estimation of Brandreth's Pills continues to increase.

OBSTRUCTION.
A young lady, beautiful and healthy, took cold, which caused a serious obstruction for two years; her health was broken down and her beauty departed. At length Brandreth's Pills were tried; eleven doses, of from two to four, were taken in fifteen days preceding the usual period. Regularity was restored, and her health and good looks recovered.

WORMS.
Brandreth's Pills are the best vermifuge; they are infallible. A little child, six years old, for some weeks was drooping; its mother gave it one of Brandreth's sugar coated pills; the next day there came away a worm sixteen inches long, and as large as a child's finger. The child was cured.

PLEURISY.
A gentleman, away from home, was taken with pleurisy; the inflammation was terrible; every breath made him writhe with agony. Eight Brandreth's Pills were swallowed, and warm oil applied locally; the pills operated, and the pain was relieved; plenty of gruel was taken, and six more pills, and the second day the patient was cured.

The statements should have weight, and prevent the use of poisonous drugs, and stop the bad practice of bleeding.

PURSUANT to an act of the General Assembly of the Commonwealth of Pennsylvania, entitled "An Act relating to the elections of this Commonwealth," approved the second day of July, A. Also, that in the fourth section of the Act of Assembly, entitled "An Act relating to elections and for other purposes," approved April 16th, 1840, it is enacted that the aforesaid 13th section shall not be construed as to prevent any military officer or Borough officer from serving as Judge, Inspector, or Clerk of any general or special election in this Commonwealth.

It is further directed that the meeting of the return judges at the Court House in Coudersport, to make out the general returns, shall be on Tuesday, the 19th day of October, 1858, to make returns for Members of Assembly.

TO EVERY FEMALE IN THE UNITED STATES.
MRS. MONTAGUE'S FEMALE CORDIAL.

FOR THE CURE OF ALL THOSE PAINFUL DISEASES PECULIAR TO WOMEN.
Mrs. MONTAGUE, for many years afflicted with most of the diseases that are common to females, spending a large fortune in ten years in trying the different means of treatment for her relief, to no avail, was prevailed upon by many of her friends to visit Cuba, December 1848, for the purpose of regaining her former health. While there, she obtained a prescription from a Spanish Physician—

"Whose silver locks
Were tender to the grave."
With which, through the mercy of God, she was restored to her youthful health.

After her return she made known to hundreds of her female sufferers the effects of the remedy with equally as great success.

This extraordinary medicine is offered to the public for the relief and cure of all the painful and dangerous diseases peculiar to women, and that the female constitution is subject to. To these suffering from "Painful Urterine Leucorrhoea, Amorrhoea, Menorrhagia, Dysmenorrhoea-Chlorosis, a speedy cure can be obtained.

To those suffering from Falling of the Womb or Uterine Weakness of any kind, the Female Cordial is especially recommended. It is warranted to cure this painful disease if persevered in.

In all spinal affections, pain in the region of the Pelvis, Lowness of Spirits, Hysteria, Sick-headache, and all those diseases arising from the peculiar formation of women, the Cordial will be found of an immense value.

To those suffering from all excesses and removes all obstruction; it invigorates the debilitated constitution for the duties of life, and when taken in middle age proves a blessing. Modesty forbids us, in a public advertisement, to make full the details; but the wrapper around each letter will fully explain every case.

Merchants, females, or others, by sending a three cent stamp, can have any information respecting the operations of the medicine.

Agents wanted in every village in the United States. Put up in half pint bottles; \$2.00 per bottle; 50 per cent. off to the trade. All orders must be addressed to

By order of Burgess, **SAM'L H. STORRS, Secy.**
Coudersport, Sept 13, 1858.

A Card from Dr. James M. Jarret of the New York Lung Infirmary.—My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the Cure of Pulmonary Consumption and its kindred diseases, together with my unrivalled opportunities and advantages of pathological research—nided not a little by a perfect system of Medical Inhalation—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive and radical cure of all diseases of the Throat, Lungs, and Air-Passages. By Inhalation; the vapor and curative properties of medicines are directly addressed to the diseased organs and the integuments. I do not disavow the use of Medical Inhalation of any kind, to the exclusion of general treatment; and although I consider it a useful adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both general and local treatment. The success of my treatment in the above diseases, and the high character of the Institution over which I have presided, and the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, and after due consideration, I have concluded to make such arrangements as will bring the benefits of my experience and treatment within the reach of all, and not confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that I can now be consulted personally by letter, of all diseases as above; and that the medicines, the same as used in the Institution, prepared to suit each individual case, including Vapors, Medical Inhalers, &c., &c., will be forwarded by express to any part of the United States or the Canadas. Terms.—My terms of treatment by letter are as follows, viz.: \$12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhalation Vapor, and an Inhalation Apparatus. Payment as follows: \$6 to be paid to Express Agent on receipt of the box of Medicine, and the balance \$6 to be paid at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarret's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for advice promptly answered. For further particulars address

JAMES M. JARRET, M. D.,
No. 820 Broadway, cor. Twelfth St., N. Y.
P. S.—Physicians and others visiting the city are respectfully invited to call at the Infirmary, where many interesting cases can be witnessed, and where our improved apparatus for the inhalation of medicated vapor can be seen and inspected. 11:3—6m.
