By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs and the integraments. I do not advise the use of Medical Inhalation of any kind, to the exclusion of general treatment; and although I conider it a useful adjuvant in the proper management of those fearful and often fatal disalses, yet I deem it very necessary that each patient should have the benefit of both general and local treatment. The success of my treatment in the above diseases, and the high charoctor of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from are. At he solicitation of many private and professional friends, through whose philan intopic aid the above charity has been long and liberally supported, and after due consideration, I have concluded to make such ar-

rangements as will bring the benefits of my experience and treatment within the reach of all, and not confine myself, as heretofore, to those only who entered the latirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brothrea and the public, I would respectfully announce in conclusion, that I can now be co enally or by letter, on all diseases as above. and that the medicines, the same as used in the Institution, prepared to suit each individual case. Inhaling Vapors, Medical Inhalers, &c., &c., will be forwarded by express to any part of the United States of the Canadas. TERMS-My terms of treatment by letter are as follows, viz: 312 per month for each patient, which will include medicine sufficient for one month's use; also labaling Vapor, and an labaling apparatus. Payment as follows: \$6 to be maid to Express Agent on receipt of the box of Medicine, and the balance So to be paid at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examiination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for ad-vice promptly answered.
