

Edwin and County.

Court is in session at this place this week, and there is a pretty general attendance, notwithstanding the bad weather and roads.

Rev. H. M. Rice, appointed to fill the pulpit at this place, arrived last Sabbath, and preached his first sermon last evening, and was generally well pleased with the manner. We trust he will have a generous support from them.

At Providence, R. I., on the 14th inst., Mr. Alexander M. Robinson to Miss Mary J., daughter of the Rev. Dr. K. Merrill, all of P.—Necrology.

Equal and unconcerned I look on all, I could enjoy the pangs of death And smile in agony."

Park Benjamin, the editor, poet, critic and lecturer, is about to assume the editorship of a literary journal, which can not be other than a Constellation of literary stars of the first magnitude. We are the publisher's prospectus in another sheet, and would direct the attention of our readers to it. Mr. Benjamin is better acquainted in literary and business circles than any other editor in the world, having for the past few years been employed in the business of a manuscript proof critic.

We would call attention to the joint lecture of Mrs. E. H. N. Gridley and Mr. T. E. Gridley, in the appropriate part of our paper. They inform us that they will lecture cheaper than ever before known in the country, and we have no reason to doubt their ability to perform according to their programme. Gridley says he has the value of printer's ink, having made a small fortune by the free use of hand avails himself of our columns to illustrate the fact for the benefit of local merchants. The lesson is worthy of their special study.

The lecture of S. P. Johnson, Esq., of Warren, at the Court House last Tuesday evening, was well worthy the Lecturer and the lecturer. He addressed himself particularly to the Young Men of this county, of whom there were a large number present, and whose entire attention frequently expressed approbation of the speaker enjoyed for nearly an hour. The lecture embraced many happy and well illustrated points, a vast amount of healthy advice to young men, and portrayed a correct type of "True Manhood" such as we have never seen in any other country, and is therefore enabled to make or repair Bonnets, &c., in the latest style and with unexceptionable taste and durability. All articles warranted to be as represented. She desires the public to call and assure themselves of the correctness of her statements.

Messrs. Larabee & Co., will receive and supply orders to customers at Lewisville. T. E. Gridley will receive and promptly fill orders, throughout this and the adjoining counties, at shop prices. Special arrangements made for Holiday supplies.

In connection with the above, T. E. GRIDLEY would announce to the public of Potter and the adjoining counties, that he will regularly visit them, prepared to furnish all articles of Female and Male Attire, and Family Goods in general, warranted to be precisely as he shall represent, and at much lower prices than can be bought of any other person in the county. HEALTH WITHOUT PHYSIC: A PRIZE ESSAY ON NERVOUS DISEASES. Just published, the 25th thousand, in a sealed envelope, price 10 cents; or sent, postpaid, by the Publishers, for 3 cents: A MEDICAL ESSAY ON THE PHYSICAL EXHAUSTION AND DECAY OF THE FRAME FROM INDIGESTION, INFECTION AND THE INJURIOUS CONSEQUENCES OF MERCURY, WITH THE MODERN MEANS OF CURE. By R. J. CULVERWELL, M. D. Member of the Royal College of Surgeons, &c., &c., &c.

Two Dollars Wisely Applied.—A few days since, one of our most prompt paying village subscribers handed us two dollars, and requested us to send it for a volume of Harper's Magazine, as a club subscriber with the JOURNAL; and remarked that his object was to provide a way to keep his boys off the streets evenings—adding that it was "cheaper than running the streets after them." Yes, it was a much cheaper and less troublesome way of keeping them in doors; but the lesson did not end there—the saving was far greater to the boys themselves than even to the purse and anxiety of the parent. By keeping his boys in-doors evenings he removes them from the contaminating influences of a street education which would prove eminently disastrous to their moral character, and be forever a thorn in his side. If our citizens who have boys to bring up, would adopt the plan of paying two or even three dollars annually to keep them in the house evenings, after a reasonable hour or two of healthy exercise in a quiet manner, they would not only confer a lasting favor upon themselves and their boys, but upon the entire community at large; and instead of the howling and cursing with which the boys of this village entertain our citizens until late every evening, we would all be enabled to enjoy that repose to which a hard day's labor entitles us. Let the boys mutually congregate at 7 o'clock in the evening upon the village common, and enjoy some vigorous "plays" for an hour, without the yelling, cursing and blackguardism to which they are so much addicted, and adjourn by common consent to their homes and family circles to read and exercise their minds; let parents appropriate a small sum each year to provide them with the means of home enjoyment; and we vouch for a vast improvement in the morals and character of those who are to be the future men of our village. To be valuable and worthy men and citizens, it is necessary that boys should cultivate the society of, and be influenced by their mothers and sisters.

A Large and Brilliant weekly Newspaper. THE CONSTELLATION. PARK BENJAMIN, EDITOR.

"A Constellation is but one, Though 'tis a train of Stars."—Dryden.

THE Subscriber has great pleasure in announcing that he has made arrangements to issue on SATURDAY, JANUARY 1, 1859, the largest, handsomest, and most complete Weekly Newspaper ever published. It will be a superb Folio Sheet, double the size of the New York Ledger containing Nine broad Columns on each page, 35 inches in length, and double the quantity of reading matter given by any weekly paper now published—embracing the choicest and freshest matter, selected and original, furnished from abroad and at home. It will be in all respects A LIVING JOURNAL—containing the productions of the most popular writers in liberal quarters—Romances, Stories, Essays, Poems, Anecdotes, Sketches, Editorials, Notices of Amusements and the Arts, &c., &c., in fine, all things which are new, beautiful, interesting, and attractive. Each Number will contain not only a carefully condensed synopsis of the General News during each week, but all the very latest information and Telegraphic Despatches up to the hour of going to press. "The Constellation" will not be an Illustrated Paper—as the picture sheets are—but it will contain beautiful Designs and Engravings, when they really illustrate and ornament a subject.

The subscriber has already engaged a Corps of Contributors, of unequalled talents, unequalled for genius, brilliancy, no matter what other journal now published, no matter what may be its pretensions. It is with no slight gratification that he announces his success in engaging, after much persuasion, the able and experienced services of a gentleman, so long and so justly eminent, as Mr. PARK BENJAMIN. Connected for twenty years with the Press of New York City, and always successful in his literary enterprises, whether as Editor, Author, or Public Speaker, the name of Mr. Benjamin is an augury of certain good fortune.

The public may rest assured that no means will be neglected by the Subscriber to secure a grand and brilliant accomplishment of his efforts to establish the largest and best Weekly Paper ever published—since nothing will be left undone that can be done by talents, capital, experience, learning, and a resolute perseverance. "The Constellation" will mainly recommend itself to a cordial and generous support from the very best people by its observance of good and avoidance of evil. It will be an unobjectionable and perfect Family Newspaper—giving offence to no sect or party—the favorite alike of both sexes, of young and old. The Subscriber, having had nearly a quarter of a century's experience in the publication of daily and weekly journals, and having connected himself with such well known and favorable Editorial aid as he has herein mentioned, flatters himself that this new enterprise will at once achieve a popular favor and success unparalleled in newspaper enterprises.

The terms of "The Constellation" will be TWO DOLLARS PER ANNUM each, when Ten Copies are sent in one envelope to one address. Twenty-Eight Copies to one address, Forty-nine Dollars. Five Copies, Twelve Dollars. Two Copies, Five Dollars. One Copy, Three Dollars, including postage or delivery. All Subscriptions to be invariably in advance. Single Copies, Five Cents. To Newspaper Agents, \$5 00 per 100.

A late Saturday Evening Edition will be published, and left early Sunday Mornings at the residences of City Subscribers by regular Carriers, employed by the Publisher. Those who desire to commence with the first number, should send in their subscriptions and orders as early as possible—since, owing to the immense size of the sheet, only such numbers will be printed as may be ordered.

All orders and letters to be addressed to the undersigned, GEORGE ROBERTS, 12 & 14 Spruce Street, New York. New York, November 17, 1858.

THIS popular monthly Magazine will be greatly enlarged for 1859. It will contain nearly 1000 pages; from 25 to 30 steel plates; and about 800 wood engravings—and all this for only TWO DOLLARS A YEAR. The stories in "Peterson's" are conceded to be the best published anywhere. The editors are Mrs. Ann S. Stephens, author of "Mary Devent," "Fashion and Famine," and Charles J. Peterson, author of "Kate Aylesford," "The Valley Farm," &c., &c.; and they are assisted by Alice Carey, by Frank Lee Benedict, by the author of "Susy Lee's Diary," by T. S. Arthur, E. L. Chandler, Montfort Holroyde, Virginia P. Townsend, Mary Stanley, Caroline E. Fairfield, Eliza Ashton, F. L. Mace, E. Devoes, A. L. Otis, and all the most popular female writers of America. In addition to the usual number of stories, there will be given in 1859, THREE ORIGINAL AND COPY-RIGHTED NOVELS, viz.: JULIANA, a domestic novel, by Mrs. Ann S. HARPER'S MAGAZINE.

Commencement of the Eighteenth Volume.

With the December Number HARPER'S NEW MONTHLY MAGAZINE commences another Volume of its publication. The Publishers believe that the Seventeen Volumes now issued contain a larger amount of valuable and attractive reading than will be found in any other periodical of the day. The best Serial Tales of the foremost Novelists of the time: LEVIA'S "Maurice Tierney," BELWA LITTON'S "My Novel," DICKENS'S "Black House" and "Little Dorrit," THACKERAY'S "Newcombs" and "Virginians," have successively appeared in the Magazine simultaneously with their publication in England. The best Tales and Sketches from the Foreign Magazines have been carefully selected, and original contributions have been furnished by CHARLES REAN, WILKIN COLLINS, Mrs. GASKELL, Miss MULLOCK, and other prominent English writers.

The larger portion of the Magazine has, however, been devoted to articles upon American topics, furnished by American writers. Contributions have been welcomed from every section of the country; and in deciding upon their acceptance the Editors have aimed to be governed solely by the intrinsic merits of the articles, irrespective of their authorship. Care has been taken that the Magazine should never become the organ of any local clique in literature, or of any sectional party in politics. The following List which contains the names of LEAS THAN USE who have furnished articles for its pages, will show the amount and variety of the talent which has been enlisted in support of the Magazine: Rev. TO EVERY FEMALE IN THE UNITED STATES. MRS. MONTAGUE'S FEMALE CORDIAL. FOR THE CURE OF ALL THOSE PAINFUL DISEASES PECULIAR TO WOMEN. Mrs. MONTAGUE, for many years afflicted with most of the diseases that are common to female, spending a large fortune in ten years in trying the different means of treatment for her relief, to no avail, was prevailed upon by many of her friends to visit Cuba, December '48, for the purpose of regaining her former health. While there, she obtained a prescription from a Spanish Physician— "Whose silver locks Were tinged to the grave," With which, through the mercy of God, she was restored to her youthful health. After her return she made known to hundreds of her female sufferers the effects of the remedy with equally as great success. This extraordinary medicine is offered to the public for the relief and cure of all the painful and dangerous diseases peculiar to women, and that the female constitution is subject to. To those suffering from "Prolapsus Uteri," Leucorrhoea, Amorrhoea, Menorrhagia, Dysmenorrhoea-Chlorosis, a speedy cure can be obtained. To those suffering from Falling of the Womb or Uterine Weakness of any kind, the Female Cordial is especially recommended. It is warranted to cure this painful disease if persevered in.

In all spinal affections, pain in the region of the Pelvis, Lowness of Spirits, Hysteria, Sick-headache, and all those diseases arising from the peculiar formation of women, the Cordial will be found of an immense value. This medicine moderates all excess, and removes all obstruction; it invigorates the debilitated constitution for the duties of life, and when taken in middle age proves a blessing. Modesty forbids us, in a public advertisement, to make full the details; but the wrapper around each letter will fully explain every case. Merchants, females, or others, by sending a three cent stamp, can have any information respecting the operations of the medicine. Agents wanted in every village in the United States. Put up in half pint bottles; \$2 00 per bottle; 50 per cent. off to the trade. All orders must be addressed to Dr. J. D. STONEROAD, (Sole Proprietor.) Lewistown, Pa., Box 111.

A Card from Dr. James M. Jarrett of the New York Lung Infirmary.—My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the Cure of Pulmonary Consumption and its kindred diseases, together with my unrivaled opportunities and facilities for pathological research—aided not a little by the perfect system of Medical Inhalation—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive and radical cure of all diseases of the Throat, Lungs, and Air-Passages. By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs and the integuments. I do not advise the use of Medical Inhalation of any kind, to the exclusion of general treatment; and although I consider it a useful adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both general and local treatment. The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, and after due consideration, I have concluded to make such arrangements as will bring the benefits of my experience and treatment within the reach of all, and not confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. I hope therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that I can now be consulted personally or by letter, on all diseases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case, including Vapors, Medical Inhalers, &c., &c., will be forwarded by express to any part of the United States or the Canadas. Terms—My terms of treatment by letter are as follows, viz.: \$12 per month for each patient, which will include medicine sufficient for one month's use; also, including Vapor, and an Inhalation Apparatus. Payment as follows: \$8 to be paid to Express Agent on receipt of the box of medicine, and the balance \$6 to be paid at the expiration of the month, if the patient is cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for advice promptly answered. For further particulars address: JAMES M. JARRETT, M. D., No. 829 Broadway, cor. Tenth St. N. Y. P. S.—Physicians and others visiting the city are respectfully invited to call at the Infirmary, where many interesting cases can be witnessed, and where our improved apparatus for the inhalation of medicated vapor can be seen and inspected. 11-3-5mo
