This is Court Week here, but there has been very little business done as yet. Read the advertisement of Redpath's new Book. We would not fear to fully commend the work without seeing it, from our knowledge of the author.

Republican Meeting. At a meeting of the Republicans of Potter County, convened at the Court House in Couderport on Tuesday evening the 22nd inst., called to order by A. C. Taggart, Esq., WM. B. GRAVES was elected President, ISRAEL DODGE and HENRY WHIPPLE, Esq.'s, Vice Presidents, and L. H. Kinsey, Secretary.

The object of the meeting, was stated by J. S. Mann, Esq., who moved that a delegate be chosen to the State Convention, when A. G. Olmsted, Esq., was unanimously chosen such delegate.

Moved that the chair appoint a County Committee for the ensuing year. The chair appointed G. B. Overton, H. L. Bird, G. G. Colvin, J. C. Thompson, O. A. Lewis, Collins Smith, Cyrus Sanderson and Julius Baker.

Mr. Rodgers moved that each township be all wed one delegate in our County Convention, and one additional delegate for every fifty voters residing in the township; to which motion J. S. Mann offered an amendment, providing that each township that cast ten or less Republican votes for Congressman last Fall, should be entitled to one delegate; those casting between ten and twenty, two delegates; those that cast forty, three delegates; and those additional delegate for every forty additional votes cast.

After a pretty full discussion by Messrs. Rodgers, J. S. Mann, L. H. Kinsey, S. Stevens, Julius Baker, Z. F. Robinson, H. L. Bird, S. H. Martin, H. O. Perry, C. Sandorin, Rev. Mr. Robertson, of Harwood, Joseph Mann, Lewis Mann, L. Bird, P. K. Kilbourn and others, Hon. Joseph Mann moved that the whole subject be laid on the table, which was carried.

The following resolution, offered by J. S. Mann, Esq., was unanimously adopted: Resolved, That the vote of Allison White in the House against Mr. Grow's proposition to give the pioneer ten years to pay his home, and Bigler's vote in the Senate against the Excise Bill, show the sympathies and tendencies of the party to which they belong to be in favor of the speculator and against the people.

Mr. Rasso offered the following: Resolved, That the bill now pending before the Legislature of this State, in relation to the apportionment of State and County taxes, meets with the approval of this meeting and our representative is requested to urge its passage. Not carried.

A resolution was offered, requesting our representative to introduce and urge the passage of a bill authorizing the levying of Post taxes upon unseated lands the same as upon seated lands or resident taxables, and providing for the collection of the same in the same manner that other taxes are by law collected. Carried.

On motion, adjourned sine die. W. B. GRAVES, President. L. H. KINSEY, Secretary. PENNSYLVANIA EDITORIAL CONVENTION.—The Convention met on Wednesday afternoon, in the Hall of the House of Representatives, Harrisburg. The attendance was large. Morton McMichael, Esq., of the Philadelphia North American, president, assisted by five Vice Presidents and two Secretaries. Some eighty members were in attendance, from various parts of the State. Mr. McMichael on taking the chair, made a happy speech. Governor Packer was present, by invitation, and addressed the Convention in a speech replete with happy thoughts, and expressive of the great good which the masses of the people had derived from the press. The Governor's speech was delivered in the most felicitous manner, and listened to attentively and warmly received. The Business Committee made a detailed report, which was referred to a special committee of three, who are to report at a special Convention, to be held on the third Wednesday of August, at Pittsburg. The Constitution was adopted and signed during the evening. Various other propositions were submitted and referred to the Business Committee. Harrisburg was fixed upon as the place of holding the next annual meeting on the third Wednesday of February. Mr. Torrey made the closing speech, which was a most sterling production. The Convention, which was the largest one of the kind ever held in the United States, adjourned at half-past eleven, the best feeling having prevailed during the session. It must be gratifying to the profession that the Editorial Association of this State has been so successfully inaugurated, for to the press, especially, is the motto applicable, "in an union there is strength."—*Mineral Journal.*

PENNSYLVANIA AND THE TARIFF.—The whip is cracking loud over the shoulders of the Pennsylvania Democrats. The three drivers at Washington, speaking through their agent, the editor of the States, gives the Keystone brethren to understand that their natural craving for a tariff will be lashed right out of them. That paper says:—

"Our associates in the Keystone State have already been indulged to the utmost limit of forbearance. They have been tolerated for years in the open profession of heresy. We permitted them to sacrifice Dallas for his intrepid fidelity to the principles of the party, and we allowed them to promote Buchanan because of his non-conformity to a cardinal point of Democratic doctrine. These things have been done for the Protectionist Democracy of Pennsylvania, and yet they have the audacity to exact a still further compromise of principle. The demand is insufferable. Protection is another name for Abolitionism, and rather than be responsible for its imposition, the representatives of the slaveholding States would surrender the control of the Government."

Mr. VAUGHN, editor of the Leavenworth (Kansas) Times, is out in a card in his own defence, in reference to the recent fugitive slave case. He says: "That I helped Charley Fisher to escape may be true—that I am rejoiced in his escape is certain. It is also equally true and certain that I am responsible for all that has appeared in the Times relative to the matter. If I have outraged any law, let me suffer. If any individual feels aggrieved, he can have all the satisfaction he desires."

The Olean Advertiser says that the amount of lumber annually floated out of the Allegheny river and its tributaries, is from one hundred and fifty to one hundred and seventy-five millions of feet; but thinks the coming spring, the amount will not exceed one hundred million.

SPECIAL ADVERTISEMENTS.

WHY WILL YOU DELAY? Why will you neglect that disease which is taking such deep root, and which gives you warning by that hacking cough, that you are fast ripening for eternity? Why encourage that pain in the side, the raising of blood, those night sweats, or that difficult breathing, which silently whisper in your ear that something must be done to save you from the grave of the consumptive? Why act so carelessly by permitting that disease to destroy your life, and hasten you to the tomb from whence no traveler ever yet returned?

SILENCE THAT DREADEFUL COUGH! Or death must carry you to your silent grave. Why delay while there is yet hope? Consumption is caused by impure humors of the blood being deposited in the cells of the lungs. Hence, the lungs are like a spring of water, when fouled up by the dirt or mud, if clear water constantly flows through the spring, impurities or mud will be conveyed away by the pure water. Just so with the blood when kept in a clean or pure state; as it constantly flows through the lungs, it carries away all corrupt matter, and perfect health will be the result. From two to four Pills taken every night or every other night, or enough to keep the bowels regular, will in a reasonable time cure consumption. The reason these pills are used more than all others, is because they are made of purifying vegetables, and cleanse the body from all corrupt matter, and drive out disease of every description, quicker and in a milder way than any other Pills.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines.

THE ROVING EDITOR;

or, Talks with Slaves in the Southern States: By JAMES REDPATH, of Kansas. One neat vol., 12mo., 275 pp., Illustrated. Price \$1.

This book is a narrative of three journeys afoot, between Washington and New Orleans; contains lengthy reports of confidential conversations with the slaves in Virginia, the Carolinas, Georgia, Alabama and Louisiana; lively descriptions of social Southern and plantation life; a graphic sketch of adventure in Missouri; and the most searching and thorough and reliable investigation of American slavery ever published in our country. The author has given a full and an fearless report of slave sentiment—a thing never hitherto attempted in America. Let every one who would know what Southern slavery is—slavery as seen by the slaves—read this volume of their oral evidence, and startling record of their hopes and future designs. As to the author's skill as a writer, it will be seen that extremes have met and agree—"Redpath could not be dull, or tame, or slavish if he were to try; he has not an idle line in him and if eccentric and humorous, 'tis all for humanity. He has a rare mind and nature; both full of grit, and will war against wrong and tyranny with all their might."—Hon. J. C. Vaughn, in Leavenworth Times.

HARDWARE, Iron and Nails, Glass, Sash and Putty, Paints and Oils, Alcohol, Camphene and Burning Fluid, 20 CLARK & PHILLIPS.

Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary, or a constitution, descending "from parents to children into the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which poisons the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERECTILE and SKIN DISEASES, ST. ANTHONY'S FIRE, BURNS, ERYSIPELAS, PIMPLES, PUSTULES, BLEACHES, HAIRNS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYMPLECTIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIALED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every part of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with the physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting. Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis, my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in the Bowels, Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease. So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted that can never be forgotten, and produced cures too numerous and too remarkable to be forgotten.

TO EVERY FEMALE IN THE UNITED STATES.

MRS. MONTAGUE'S FEMALE CORDIAL. FOR THE CURE OF ALL THOSE PAINFUL DISEASES PECULIAR TO WOMEN. Mrs. MONTAGUE, for many years afflicted with most of the diseases that are common to females, spending a large fortune in ten years in trying the different means of treatment for her relief, to no avail, was prevailed upon by many of her friends to visit Cuba, December 18, for the purpose of regaining her former health. While there, she obtained a prescription from a Spanish Physician— "Whose silver locks

Were tending to the grave." With which, through the mercy of God, she was restored to her youthful health. After her return she made known to hundreds of her female sufferers the effects of the remedy with equally as great success. This extraordinary medicine is offered to the public for the relief and cure of all the painful and dangerous diseases peculiar to women, and the female constitution is subject to. To those suffering from "Protrusion of Uterus," Leucorrhoea, Amenorrhoea, Meteorism, Dysmenorrhoea-Chlorosis, a speedy cure can be obtained. To those suffering from Falling of the Womb or Uterine Weakness of any kind, the Female Cordial is especially recommended. It is warranted to cure this painful disease if persevered in. In all spinal affections, pain in the region of the Pelvis, Lowness of Spirits, Hysteria, Sick-headache, and all those diseases arising from the peculiar formation of women, the Cordial will be found of an immense value. This medicine moderates all excess, and removes all obstruction; it invigorates the debilitated constitution for the duties of life, and when taken in middle age proves a blessing. Modesty forbids us, in a public advertisement, to make full the details; but the wrapper around each letter will fully explain every case. Merchants, females, or others, by sending a three cent stamp, can have any information respecting the operations of the medicine. Agents wanted in every village in the United States. Put up in half pint bottles; \$2.00 per bottle; 50 per cent. off to the trade. All orders must be addressed to Dr. J. D. STONEROD, (Sole Proprietor,) Levistown, Pa., Box 111.
