

Edwin and County.

Died.—In Owego, Feb. 27th, JOHN CHARLES, son of F. L. and A. D. Jones, aged 22 months and 8 days.

Mr. M. H. COBB, late editor of the Tioga Agitator, was united in the holy bonds of matrimony, on the 3d inst., to Miss BETSEY B. BIXBY. Our best wishes still continue with him; in this latest arrangement. By the way, is this the "pioneer work" alluded to in the eulogistic.—Bradford Reporter.

The Straight American candidate for Mayor—Clayton Trueax—was elected in Camden, N. J., on Tuesday, by a majority of 136 over both the other candidates. We hope this Trueax will do good service in hewing down the crime of that benighted city—and may it occasionally "glance off," and relieve the neighboring village of Philadelphia of a little of its criminality.

"Annie" is a new contributor, whom we gladly welcome to our columns—as will also our readers gratefully read her contributions as we hope to publish them from time to time. Read her article in this number, entitled "These Latter Days." There are thoughts in them well worth an effort at practical emulation.—Faintly often, ANNIE—you are truly welcome to a choice corner in the JOURNAL.

Legislative.—The following act passed in the House last Thursday evening; and we trust it will be speedily "put through" the Senate and signed by the Governor:

An act to repeal the act, approved April 20, 1858, supplementary to an act approved 31st March, 1856, to regulate the sale of intoxicating liquors, so far as said supplementary act applies to the county of Potter.

Cricket Club.—The following gentlemen have formed themselves into a club for weekly practice at the exciting and healthy game of Skit-Ball, with SAM. and ED. as the captains of the primitive match. We presume they will soon become so proficient in practice as to authorize us to challenge the "crack team" in the United States and Canada: E. N. STEBBINS, C. S. H. STORRS, C. A. C. TARRANT, C. S. JONES, J. S. MANN, P. A. STEBBINS, JR., S. SCHOMAKER, H. J. OLIMSTED, E. E. OLIMSTED, A. F. JONES, G. B. OVERTON, Z. J. THOMPSON, G. B. SMITH, A. G. OLIMSTED, W. B. JENKINS, E. A. JONES, E. B. KELLY, S. P. HART, F. W. KNOX, E. Z. STARKWEATHER.

Here is receipt of "Guy Manning," the second number of Messrs. T. B. Peterson & Brothers cheap edition of the "Fairy Novels." A number is published every Saturday, at 306 Chestnut St., Philadelphia, by this eminently entertaining firm—each number containing a complete novel, at the low price of 25 cents a number, or a complete set, in paper covers, will be sent by mail, post paid, to any part of the United States, for the receipt of 85 by the publishers. The second Edinburgh edition, from which is published verbatim, contains 48 volumes, and costs \$72—a vast reduction for the same matter. Address T. B. Peterson & Brothers, 306 Chestnut St., Philadelphia.

LUMBER is beginning to come down the upper streams in considerable quantities; fears are entertained, however, that the aggregate amount to run this spring will be far less than the demand, and the prices will range correspondingly. Lumber now commands from \$7 to \$8 per cubic M. Shingles are in demand at \$3 25 per M. Lath are not yet come into market; they are now selling at from \$1 87 1/2 to \$2 per M.

What is a "cubic M.," Mr. Dispatch? The Warren Mail of last week says: "The rats are running briskly this morning. The water is at a straggling stage and the weather is Spring and delightful."

Plant Trees.—We trust our readers, whether in villages or not, have determined to plant out a large number of shade fruit trees the present Spring. The shade of a growing tree about your house, along the road, is far beyond the ordinary estimate. The Erie Gazette speaks forcibly, and wisely on this subject: "The shade trees which line most of our streets, constitute the pride and glory of a city, especially in growing seasons. In summer they are a source of comfort, and at all times they are pleasing to the eye and grateful to the senses. Let them be raised up where they are not, and let us have our ambition to make this a noticeable feature of our City. "It would be a narrow view of the subject to suppose that TREES are merely useful ornaments—that they fulfil no other purpose than to adorn a city. Their moral value is much higher; and they are to be valued by a higher measure, and for a higher purpose. They are perpetual revellers of the Creator's power, wisdom, and goodness. They teach us, to despise much which we are brought into daily contact with, to look beyond the conventionalities of life and its hollowness and rottenness for pleasure and happiness."

The Rev. M. H. RICE, pastor of the M. E. Church of this place, is doing a good work for his cause and his church in this place and neighborhood. The last two or three weeks he held, meeting every evening, and his earnest and impressive sermons and prayers were effective as shown by the large and respectable audiences constantly in attendance upon the meetings. He is what may be properly called a "practical thinker," and delivers his ideas with a diction which at once carries them with force to the heart of his hearers. His illustrations are pointed and sufficiently common-place to render his sermons easily comprehended by all minds—hence their effectiveness. Independent of dogmatism and sophism, they offend none. Last Sabbath morning he uttered a creed for all men—as he said, a platform upon which all christian minds could meet and agree. His text was Ecclesiastes xii, 13 & 14:

"Let us hear the conclusion of the whole matter: Fear God and keep his commandments: for this is the whole duty of man. For God shall bring every work into judgment, with every secret thing, whether it be good, or whether it be evil."

And then applied it as a creed by giving the definition of the commandments of God as stated by Jesus. Matthew, xxii, 37, 38, 39 & 40:

"Jesus said unto him, Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like unto it, Thou shalt love thy neighbor as thyself. On these two commandments hang all the law and the prophets."

The illustrations of these two passages of Scripture formed a most excellent discourse. Mr. Rice has been requested to re-deliver it some time in the future, and we trust he will yield to the invitation; and we hope he will have a larger audience, then.

THE BOWELS AND THEIR FUNCTIONS.

As perfect health is the greatest blessing that we can enjoy, without which all other blessings are of little consequence, we deem it of great importance to point out the way for you to enjoy it. The bowels must be kept in a state by which they are enabled to carry off the useless matter; they are the main channel which nature has appointed to carry everything that is unnecessary. And it is impossible to tell what a large amount of sickness has been caused by constipation, or costiveness; in other words, by not keeping the bowels regular; it is the cause of unnatural irritation of the mucous membranes of the bowels. Having lost their natural strength, they cannot perform what is required of them. Hence, object to what is required of them. Hence, the bowels become inflamed, and unless you find a speedy relief, a thousand other complaints are ever ready to drag you through a miserable and wretched life. Such medicines must be given as will cleanse the stomach and bowels, and restore their natural strength. To accomplish this there is no compound so valuable as these Pills; all other medicines sink to utter insignificance when compared to it; it seems as though the Author of Nature had designed them for this as well as other complaints. From two to five Pills a day will increase strength and appetite, and cleanse the stomach and intestines from whatever is injurious.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines. L. P. WILLISTON, ATTORNEY AT LAW, Wellsboro, Tioga Co., Pa., will attend the Courts in Potter and McKean Counties. 9-13

HEAVY CORN-FED EGGS, from Wyoming and Livingston Counties, are being packed, and will be until January, 1859, by CLARK & PHILLIPS. SUBSCRIBE FOR THE "POTTER JOURNAL."

The American Trades Company, was organized November 8, 1857, with a Capital of one hundred thousand dollars. This Company was formed with a view of taking up inventors of small articles of general utility, who are unable to make independent arrangements for introducing their inventions, by an equitable arrangement with them for their rights by purchase out and out, or by a tariff on the articles manufactured and sold.

What they manufacture. THE AMERICAN SMOKER, Consisting of a great variety of unique and beautiful patterns of Cigar Tubes; also, several varieties of Pipe Tubes. The peculiarity about these articles is that each one is arranged so as to receive a lamp sponge, through which the smoke of the burning cigar has to pass on its way to the mouth. This lamp sponge not only cools the smoke, but extracts from it the nicotine oil, the poisonous property of the Tobacco, which renders the breath less offensive.

THE AMERICAN CARPET HOOK. Is a little contrivance for putting down carpets without tacks. This is a new article, which has never before been upon the market. But it possesses the merit of enabling a person to put down or take up a carpet of the largest size in general use in fifteen minutes, without any injury to the floor or carpet. It is very cheap—cheaper in the long run than tacks—and the great fact is that even a servant can take up and put down carpets, without the possibility of a mistake, renders it invaluable to the housekeeper.

THE AMERICAN PEN HOLDER & WIPER. It is a neat invention for holding a wet sponge, into which the pen is thrust, always coming out clean and ready for use. A very convenient article for the Counting-House Desk and Library Table.

THE AMERICAN SMOKER is an article of great utility and benefit to Smokers. Persons afflicted with Bronchitis, Asthma, Dyspepsia, Liver complaints or Kidney affections, can procure Sponges medicated for these various diseases by Old Dr. THOMP. Sold by the AMERICAN TRADES COMPANY, Nos. 22 and 24 Frankfort-st.

MRS. MONTAGUE'S FEMALE CORDIAL. FOR THE CURE OF ALL THOSE PAINFUL DISEASES PECULIAR TO WOMEN. Mrs. MONTAGUE, for many years afflicted with most of the diseases that are common to females, spending a large fortune in ten years in trying the different means of treatment for her relief, to no avail, was prevailed upon by many of her friends to visit Cuba, December '48, for the purpose of regaining her former health. While there, she obtained a prescription from a Spanish Physician—

"Whose silver locks Were tending to the grave." With which, through the mercy of God, she was restored to her youthful health. After her return she made known to hundreds of her female sufferers the effects of the remedy with equally as great success. This extraordinary medicine is offered to the public for the relief and cure of all the painful and dangerous diseases peculiar to women, and that the female constitution is subject to. To those suffering from "Prolapsus Uteri," Leucorrhoea, Amorrhoea, Menorrhagia, Dysmenorrhoea-Chlorosis, a speedy cure can be obtained. To those suffering from Falling of the Womb or Uterine Weakness of any kind, the Female Cordial is especially recommended. It is warranted to cure this painful disease if persevered in. In all spinal affections, pain in the region of the Pelvis, Lowness of Spirits, Hysteria Sick-headache, and all those diseases arising from the peculiar formation of women, the Cordial will be found of an immense value. This medicine moderates all excess, and removes all obstruction; it invigorates the debilitated constitution for the duties of life, and when taken in middle age proves a blessing. Modesty forbids us, in a public advertisement, to make full the details; but the wrapper around each letter will fully explain every case. Merchants, females, or others, by sending a three cent stamp, can have any information respecting the operations of the medicine. Agents wanted in every village in the United States. Put up in half pint bottles; \$2.00 per bottle; 50 per cent. off to the trade. All orders must be addressed to Dr. J. D. STONEROAD, (Sole Proprietor), Lewistown, Pa., Box 111. 11:1-1y.
