FANYBUDY, including maids and matrons,

The Ameriaca Trades Compamy, was organized November 8, 1857, with a Capital of one hundred thousand dollars This Company was formed with a view of tak-ing up inventors of small articles of general utility, who are unable to make independent arrange nents for introducing their inventions by an equitable arrangement with them for their rights by purchase out and out, or by a tariff on the articles manufactured and sold. The inventive genius of this country has long called for an Institution of this kind. The

them have no means to carry them out. The capital of this Company will be devoted to the development of really useful inventions.

The Company have a Committee on Patents, vhose duty it is to puss upon all applications and from their large experience in such matters Inventors have a security that their inventions will not be misjudged; and the high character of the parties composing that Com-

tor all of his invention that is patentable. This Company respectfully invite inventors and Children. to submit to them their plans; and it will be furthering the objects of the Company if its fficers and agents can be of any service to

Any one of the following modes is acceptable to this Company:

First: To munufacture any articles for which their muchinery is adapted by contract

for the same on delivery.

Second: They buy any patent which is ap-

proved of by their committee.

Third: They will manufacture and sell any article which they choose to adopt, giving to the Inventor such a proportion of the profits as may be agreed upou.

The extensive building, No. 22 and 2 Frankfort-st New York, being about 60 feet front by over 100 feet deep, and 7 stories high above the sidewalk, is owned by the President of the Company, and is occupied in part by all the machinery, wareroom and offices of the Company, where all its business and sales are transacted.
