Town and County.

$70,00 invested by several young men men during the past fall and winter, for tuition, books, board, all expenses in full, at the Iron City College, Pittsburg, Pa., has secured for a great majority of them employment this spring, at rates varying from $40 to $80 per month.

We are requested to announce that there will be a meeting of the COUDERSPORT LITERARY ASSOCIATION, at the house of the Librarian, at 4 o'clock P. M. on *Saturday, May 7th* inst. A full attendance of the stockholders is solicited, as the officers for the current term are to be elected, and other important business concerning the welfare of this important institution transacted.

Seeds for Distribution.

I have a few papers of seeds, sent by the Patent Office for distribution among the farmers of this county, which I shall be happy to hand over to members of the Potter County Agricultural Society.—Those receiving any of these seeds are requested to report in the Fall, as to quality, productiveness and adaptation to our soil and climate. J. S. MANN,

Librarian Potter Co. A. S.

In the Cosmopolitan Art Association's last award of premiums, our neighbor of the *Democrat* drew a "Panel drawing."—We believe there were no regular subscribers in this place besides the *Democrat* and the JOURNAL. Nevertheless, the Association is spunky, and advertises in the *Art Journal* that it will make another trial next winter—no doubt thinking that the *Democrat* man will subscribe for several tickets in view of his recent luck.

The peace and rights of our citizens are most brutally outraged on Tuesday evening by the hideous noises of one of those conglomerations of folly and low blackguardism known as *"charivari"* parties. The participants were principally Germans and Irishmen, and were probably not aware that they were liable to prosecution and heavy fine under the nuisance law.—They kept up their racket until midnight, without seeming to comprehend that they were preventing respectable people from enjoying their nocturnal right of sleep—or that they were brutally outraging the quiet of several invalids in the locality.

PARDON GREEN, died in this village on Saturday night, at twelve o'clock,—he was entirely helpless and bedridden during the last six years, having been struck with the palsy twice. He was 57 years old, and, his widow and her sister, Mrs. Avery, of Hebron township, were the only living relatives in this neighborhood, we believe. He moved from Bradford to this county about eight years since, and into the Borough about four years ago; and Mrs. Green, by weaving and washing, and the voluntary aid of our citizens, has maintained herself and sick care of her husband until a year ago, when they were received as a town charge in part, by the Borough. Dr. French inclines to the opinion that Mr. G. had been suffering from dropsy of the heart during the last two or three years. His body was very much bloated, and continued to enlarge even after his death. The coffin measured thirty inches across the breast. He was buried by the side of his parents, in Crandal Hill in Hebron township, on Monday. Mrs. Green requests us to tender to the citizens of this place her most heartfelt thanks for the kind aid they have given her and her late husband during their residence here.

The funeral sermon will be preached in the M. E. Church in this place next Sabbath morning, at 10½ o'clock.

TERRIBLE ACCIDENT!

A Child Burned to Death!

About 9½ o'clock last Thursday morning our village was the scene of a frightful accident. Mrs. Dual, wife of H. Dual, blacksmith, residing on Fifth street, moved into her second-door neighbor's (Mr. Pardon Green's) a few moments, leaving Matilda, a little girl about 7 years old (who was, we believe, a daughter of Mr. Dual by his first wife,) in the house with a female relative, who also stepped out a few moments afterward. A very few moments after the latter left, they saw the child running towards the house they had left, her clothes being all in flames. When they reached her she had fallen on the sidewalk, and was writhing in the utmost agony. They immediately threw a pail of water upon her, which extinguished the flames. She was immediately carried into the house, and Drs. French, Johnson and Jeor, called in, but they were unable to do more than alleviate her agony by the application of chloroform. At 11 o'clock the child was relieved from her terrible agony by death—having lived about 2½ hours after the accident. Mr. Dual was at his shop on Second street, at the time of the accident, but was soon called, and held the child in his arms most of the time the physicians were operating. The entire skin of the body, arms and legs, excepting the feet, was literally crisped, and had the appearance of baked pork. The bravest heart would shrink on beholding the horrible spectacle, while the heartfelt sympathies of our citizens well elicited in behalf of the bereaved parents. She was buried on Saturday last.

Peterson's Cheap Edition of Waverley Novels.—We have this day received ROB ROY, by Sir Walter Scott, being the third volume of T. B. Peterson & Brothers' new and cheap weekly issue of the Waverley Novels, by Sir Walter Scott. Giving truthful delineations of people, character and manners—ever upholding the cause of religion, morality and virtue, they should be welcome at every fireside where these precepts are taught. The great barrier, heretofore, to the introduction of these works, has been the high price at which they have been held, but this objection is now being overcome, by the publication of these works of Scott in such a form and at such a low price as to bring them within the means of all persons whatever. To Messrs. T. B. PETERSON & BROTHERS, of Philadelphia, more than all other publishers are we indebted for this new feature in American literature. The works of Chas. Dickens, Chas. Lever, Mrs. Southworth, and many other popular writers, have been issued from their press in a cheap form, and their last enterprise is in giving to the public, the works of Sir Walter Scott, complete and unabridged, at the very low price of 25 cents for each work, or the whole series for Five Dollars. The edition embraces the whole of the author's works, and will be contained in 26 volumes, one of which will be issued on each succeeding Saturday, until complete. A full set will be forwarded, *free of postage, by Mail*, to any part of the United States, to any one, by the publishers, on sending a remittance of five dollars to them, for the twenty-six volumes. At this low price, all persons should possess themselves of a sett, and we would take this occasion to advise all of our readers to make a remittance of Five Dollars at once, per first mail, to T. B. Peterson & Brothers, Philadelphia, for the entire sett, who will send them complete to any one, *free of postage*, on receipt of that sum.

DENTISTRY

H. M. SHEERAR, Dentist, of Wellsville, Allegany Co., N. Y., respectfully announces to the people of Potter and the adjoining Counties in Penn'a, that he is permanently established in Wellsville, and is prepared to perform the various operations in Dentistry. Especial attention is solicited to his style of inserting ARTIFICIAL TEETH, superior to any other style known, called "Allen's Continuous Gum." All work warranted. Letters of inquiry promptly answered. Nov. 10, 1858. H. M. SHEERAR.

What they manufacture.

THE AMERICAN SMOKER,

Consisting of a great variety of unique and beautiful patterns of Cigar Tubes; also, several varieties of Pipe Tubes. The peculiarity about these articles is that each one is arranged so as to receive a damp sponge, through which the smoke of the burning cigar has to pass on its way to the mouth. This damp sponge not only cools the smoke, but extracts from it the nicotine oil, the poisonous property of the Tobacco, which renders the breath less offensive. Smokers will find the use of these Tubes a luxury never before attained except by using the Turkish water-jar. Their use will also greatly promote the wealth of the habitual smoker and preserve the sweetness of the breath.

THE AMERICAN CARPET HOOK.

Is a little contrivance for putting down carpets without tacks. This is a new article, which has never before been upon the market. But it possesses the merit of enabling a person to put down or take up a carpet of the largest size in general use in fifteen minutes, without any injury to the floor or carpet. It is very cheap—cheaper in the long run than tacks—and the great facility with which even a servant can take up and put down carpets, without the possibility of a mistake, renders it invaluable to the housekeeper.

THE AMERICAN PEN-HOLDER & WIPER.

It is a neat invention for holding a wet sponge, into which the pen is thrust, always coming out clean and ready for use. A very convenient article for the Counting-House Desk and Library Table. 11:29

The American Smoker is an article of great utility and benefit to Smokers. Persons afflicted with Bronchitis, Asthma, Dyspepsia, Liver complaints or Kidney affections, can procure SPONGES MEDICATED for these various diseases by Old Dr. THORP. Sold by the AMERICAN TRADES COMPANY, Nos. 22 and 24 Frankfort-st.

The American Trades Company

Was organized November 8, 1857, with a Capital of one hundred thousand dollars. This Company was formed with a view of taking up inventors of small articles of general utility, who are unable to make independent arrangements for introducing their inventions by an equitable arrangement with them for their rights by purchase out and out, or by a tariff on the articles manufactured and sold. The inventive genius of this country has long called for an Institution of this kind. The American mind is so active, that thousands of things are invented, many of which would be really useful to the community, but which are never introduced, because the inventors of them have no means to carry them out.

The capital of this Company will be devoted to the development of really useful inventions. The Company have a Committee on Patents, whose duty it is to pass upon all applications, and from their large experience in such matters Inventors have a security that their inventions will not be adjudged, and the high character of the parties composing that Committee is a sufficient guaranty that plans and specifications may be submitted before patents are applied for, without any risk of advantage being taken of this circumstance, and when desired to do so, the Company will take out patents for others, securing for the inventor all of his invention that is patentable.

This Company respectfully invite inventors to submit to them their plans, and it will be furthering the objects of the Company if its officers and agents can be of any service to them.

Any one of the following modes is acceptable to this Company:—

First—To manufacture any articles for which their machinery is adapted by contract, the inventors receiving the articles and paying for the same on delivery.

Second—They buy any patent which is approved of by their committee.

Third—They will manufacture and sell any article which they choose to adopt, giving to the Inventor such a proportion of the profits as may be agreed upon.

The extensive building, No. 22 and 24 Frankfort-st, New York, being about 60 feet front by over 100 feet deep, and 7 stories high above the sidewalk, is owned by the President of the Company, and is occupied in part by all the machinery, warerooms and offices of the Company, where all its business and sales are transacted.

TO EVERY FEMALE IN THE UNITED STATES.

MRS. MONTAGUE'S FEMALE CORDIAL,

FOR THE CURE OF ALL THOSE PAINFUL DISEASES PECULIAR TO WOMEN.

Mrs. MONTAGUE, for many years afflicted with most of the diseases that are common to females, spending a large fortune in ten years in trying the different means of treatment for her relief, to no avail, was prevailed upon by many of her friends to visit Cuba, December '48, for the purpose of regaining her former health. While there, she obtained a prescription from a Spanish Physician—

Whose silver locks
Were tending to the grave!

With which, through the mercy of God, she was restored to her youthful health.

After her return she made known to hundreds of her female sufferers the effects of the remedy with equally as great success.

This extraordinary medicine is offered to the public for the relief and cure of all the painful and dangerous diseases peculiar to women, and that the female constitution is subject to. To those suffering from "Prolapsus Uteri," Lucorrhœa, Ammorrhœa, Menorrhagia, Dysmenorrhœa-Chlorosis, a speedy cure can be obtained.

To those suffering from Falling of the Womb or Uterine Weakness of any kind, the Female Cordial is especially recommended. It is warranted to cure this painful disease if persevered in.

In all spinal affections, pain in the region of the Pelvis, Lowness of Spirits, Hysteria, Sick-headache, and all those diseases arising from the peculiar formation of women, the Cordial will be found of an immense value.

This medicine moderates all excess, and removes all obstruction; it invigorates the debiliated constitution for the duties of life, and when taken in middle age proves a blessing.

Modesty forbids us, in a public advertisement, to make full the details; but the wrapper around each letter will fully explain every case.

Merchants, females, or others, by sending a three cent stamp, can have any information respecting the operations of the medicine.

Agents wanted in every village in the United States. Put up in half pint bottles; $2,00 per bottles; 50 per cent. off to the trade. All orders must be addressed to

THE NEC PLUS ULTRA
SEWING MACHINES.
THE PATENT LEVER SEWING MACHINE,
MANUFACTURED BY THE GLOBE
MANUFACTURING COMPANY,
339 Broadway,
New York.

May be truly regarded as the "*ne plus ultra*" of sewing machines, and all who are wishing to find a Machine which is capable of doing any kind of sewing for Tailors and House-wives, with a satisfaction heretofore unknown, should lose no time in ordering one of this *PATENT LEVER MACHINES*, which are to occupy a similar position towards other sewing Machines that a Patent Lever Watch and everybody knows its value) occupies towards a Lapine or any other second rate watch.

This Machine makes the "Lock Stitch," which looks the same on both sides of the fabric, and cannot be ripped.

PRICE $50.

In all respects equal to machines heretofore sold at a hundred dollars and upwards.

Specimens of sewing done by the PATENT LEVER MACHINE, will be forwarded to any part of the country, upon receipt of a postage stamp.

N. B. An energetic and reliable agent is wanted in every town and village of the United States and Canadas to sell the above named machine. An advantageous arrangement will be made with the right kind of merchant who is willing to have the exclusive agency.

ANNOUNCEMENT EXTRAORDINARY!
No Humbug!
A LADIES' FASHIONABLE FURNISHING STORE IN POTTER COUNTY.

MRS. E. H. N. GRIDLEY has established a fashionable and extensive Ladies' Furnishing Store, at Ulysses, Potter Co., Pa., three miles west of Lewisville, where she will take pleasure in furnishing Millinery, Mantuamaking, and Ladies' Apparel generally, in better style and at much lower rates than ever before offered in this county. Mrs. G. receives the fashions from New York regularly, and is therefore enabled to make or repair Bonnets &c., in the latest style and with unexceptionable taste and durability. All articles warranted to be as represented. She desires the public to call and assure themselves of the correctness of her statements.

Messrs. Larabee & Co., will receive and supply orders to customers at Lewisville.

T. E. Gridley will receive and promptly fill orders, throughout this, and the adjoining counties, at shop prices.

Special arrangements made for Holiday supplies.

In connection with the above, T. E. GRIDLEY would announce to the public of Potter and the adjoining counties, that he will regularly visit them, prepared to furnish all articles of Female and Male Attire, and Family Goods in general, warranted to be precisely as he shall represent, and at much lower prices than can be bought of any other person in the county.
