DR. MORSE—the inventor of MORSE'S IN-DIAN ROOT PILLS. This philanthropist has spent the greater part of his life in traveling having visited Europe, Asia, and Africa. a well as North America—has spent three years among the Indians of our Western countryit was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the fact that all diseases arise from IMPURITY OF THE BLOOD—that our strength, health and life depended upon this vital fluid.

When the various passages become clogged. and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all pains, sickness and distress of every name; our strength is exbausted, our bealth we are deprived of, and it nature is not assisted in throwing off the stagnant humors, the blood will become chuked that we should keep the various passages of recovery of diseased man. One of the routs from which these Pills are made is a Sudorific. which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the for it, but more because many preparations, lungs by copious spitting. The third is a Dipretending to be object tracts of it, uretic, which gives ease and double strength to the kidneys; thus enqouraged, they draw large amounts of impurity from the blood.

During late years the public have been mis great quantities by the bowels.

Indian Root Pills not only enter the stomach, we call this compound Sarsaparilla and intend but become united with the blood, for they to supply such a remedy as shall recent the find way to every part, and completely rout out, mame from the load of obliquy, which rests and cleanse the system from all imp rity, and the life of the body which is the blood, be-comes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die, is because they do not get a medicine which will pass to the afflicted parte, and which will open the natural passages for the disease to be cast out hence, a large quantity of food and other mat-ter is lodged, and the stomach and intestines are literally overflowing with the corrupted has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that tation, constantly mixing with the blood, which it is entirely unnecessary for us to recount the throws corrupted matter through every vein and artery, until life is taken from the body by disease. Dr. Morse's PILLS have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been by discuse. Dr. Morse's PILLS have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish and whose feeble frames have been scorched by the harning elements of raging fever, and who have been brought, as it were, within a sten of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolately surprised, in witnessing their charming effects. Not only do they give immediate ease and strength, and take away all sickness, pain and auguish, but they at once go to work at the foundation of the disease, which is the blocd. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and parify, that distry, besides the additional advantage of a Gift and the flush of worth will take its flight, and the flush of youth and beauty will again; return, and the prospect of a long and happy

life will cherish and brighten your days. 11 by all Medicine Dealers in the county. A. J. WHITE & CO., Sole Proprietors, No. 50 Leonard St., New York; WM. MUDGE & CO.

pored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other ubstances of still greater alterative power as a still greater alterative power as a still greater alterative power as arsaparilla is reported to cure. It is believed that such a semedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense gerrice to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst chase to be found on SIXTY COLUMNS. of entertaining twenty Pages, and ELEGANTLY ILLUSTRATED

ENTSIPELAS, ROSE on Sr. ANTHONY'S FIRE, and indeed the whole class of complaints arising from Inventy or THE BLOOD.

This compound will be found a great pro-moter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timeare nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous seres, through which the system will strive to rid itself of corruption, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse it thenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy botter health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of

ife is disordered or overthrown.
Sursaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed
