COUDERSPORT, MAY 5, 1859.

Remember the meeting of the Library Association Saturday afternoon at 4 o'clock.

The M'Kean Citizen calls for information as to the whereabouts of the North Democrat.

Two Horticultural Notes for the Ladies. We glean from our exchanges the following information for our lady readers.

Summer Flowers in the Winter. By taking up shrubs or plants at this time, with some of their own soil about the roots and placing them upright in a jar until October, then transplanting them into pots and watering them with a solution of half an ounce of salt ammonia.

The Sleep of Plants. A beautiful illustration of the sleep of plants discovered by Linnaeus is given in the Household Words. The leaves of the common blackweed-stallaria medica—every night approach each other in pairs, so as to invade within their upper surfaces the tender rudiments of the young shoots; and the uppermost pair but one at the end of the stalk are furnished with longer leaflets than the others, so that they can be upon the terminating pair, and protect the end of the shoot.

The Atlantic Monthly for May came too late for notice last week, but is no less interesting for that, as will be seen by the following table of contents:

The Gymnasium; Why did the Goddess fail?; Two years after; A Bundle of old Letters; In the Pines; The Bird; The Utah Expedition; Bulls and Bears (concluded); Inscription for Albus Chest; A Trip to Cuba; The Professor at the Breakfast-table; The Minister's Wooing; The Walker of the Rocks; Reviews and Literary Notices. It still club the Atlantic at \$2 a year.

We are also in receipt of the ever-welcome Knickerbocker Magazine, for May. Its contents are as follows:

The Romance of a Poor Young Man, an admirable story, to be continued; Utopia; Over the Pabari; Literary Puff; Mr. Jo Jylgreen's Western Tour; My Cousin's Secret; The Model Wife; Wanderings in the Kingdom of the White Elephant; Soul Conflicts; Dante from the Point of View; Adulterations of Food (Illustrated); Madame de Chevreuse; Book Notices; Editor's Table; David Steel Engraving; Harper's Magazine has not reached us yet, but we are sure that it will be a most interesting volume.

MARION AND HIS MEN! The anxiously-looked for and deeply exciting TALE OF THE REVOLUTION, NOW READY! THE SWAMP FOX; or, THE Rebel Riflemen. A TALE OF THE TIMES AND FEATS OF MARION, BY GEORGE ALBANY, ESQ.

NEW YORK MERCURY of Saturday, April 30, 1859, Now Ready at all News Dealers and Bookstores. No character in history offers a better subject for the romancer than that of Marion, or, as he was familiarly called, "The Swamp Fox."

MARION AND HIS MEN as they really were, and to do fit homage to that deliberate valor, that unyielding patriotism, which, in a few noble spirits, defying danger, and above the scenes of privation, could keep alive the sacred fires of liberty in the thick swamps and dense and gloomy forests—asking nothing, yielding nothing, and only leaving the field the better to re-enter it for the contest!

Bayard Taylor, Esq. who will hereafter make the Mercury the only recipient of his inimitable SKETCHES OF TRAVEL, one of which will appear every week.

STRAY CHAPTERS OF LIFE AND TRAVEL. BY BAYARD TAYLOR. The initiatory article being entitled "THE FIRST JOURNEY I EVER MADE," which is considered by the author—as it unquestionably will be by the public—to be his most interesting adventure since the original outset of the Great American Traveler, and cannot fail to be of interest to all. These delightful articles will be BEAUTIFULLY ILLUSTRATED with original designs, in the highest style of the art, portraying the scenes and characters described in the most graphic manner.

FAMILY PAPERS. Since the first announcement of our engagement of MR. TAYLOR, we have received a flood of inquiries from all parts of the Union, relative to the enterprise, showing that public expectation is on tip-toe to learn the particulars regarding the character of his contributions. As it is impossible for us to answer these in detail, we can only refer our friends and correspondents to

The American Trades Company, was organized November 8, 1857, with a Capital of one hundred thousand dollars. This Company was formed with a view of taking up inventors of small articles of general utility, who are unable to make independent arrangements for introducing their inventions, by an equitable arrangement with them for their rights by purchase out and out, or by a tariff on the articles manufactured and sold.

What Noise is That? O! IT IS THE RUSH AT THAT OLD REGULATOR, in full blast from 6 A. M. to 9 P. M., by the good people from Dan to Boreas, after the good things therein contained. Wellsville is a fast City, and the people are fast nags. O! my!! how they do work at that old Store!

The American Carpet Hook. Is a little contrivance for putting down carpets without tacks. This is a new article, which has never before been upon the market. But it possesses the merit of enabling a person to put down or take up a carpet of the largest size in general use in fifteen minutes, without any injury to the floor or carpet. It is very cheap—cheap in the long run than tacks—and the great facility with which even a servant can take up and put down carpets, without the possibility of a mistake, renders it invaluable to the housekeeper.

THE AMERICAN SMOKER. Consisting of a great variety of unique and beautiful patterns of Cigar Tubes; also, several varieties of Pipe Tubes. The peculiarity about these articles is that each one is arranged so as to receive a damp sponge, through which the smoke of the burning cigar has to pass on its way, to the mouth. This damp sponge not only cools the smoke, but extracts from it the nicotine oil, the poisonous property of the tobacco, which renders the breath less offensive. Smokers will find the use of these Tubes a luxury never before attained, except by using the Turkish water-jar. Their use will also greatly promote the health of the habitual smoker and preserve the sweetness of the breath.

THE AMERICAN PEN HOLDER & WIPER. Is a neat invention for holding a wet sponge, into which the pen is thrust, always coming out clean and ready for use. A very convenient article for the Counting-House Desk and Library Table. 11:29

THE AMERICAN SMOKER. IN EVERY BODY'S MOUTH! IN EVERY BODY'S MOUTH! WHAT'S IN EVERY BODY'S MOUTH? WHAT'S IN EVERY BODY'S MOUTH? WHY "THE AMERICAN SMOKER." WHY "THE AMERICAN SMOKER." STUDDED WITH DIAMONDS. STUDDED WITH DIAMONDS. WHAT'S STUDDED WITH DIAMONDS. WHY, PRESIDENT BUCHANAN'S AMERICAN SMOKER.
