Even where no particular disorde you when. Even where no particular usoraer is felt, people enjoy better health, and live longer, for cleansing the, blood. Keep the blood healthy, and all is well; but wich the pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, th reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is chained for it, but nore because many preparations pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparille or any thing else.

During late years the public have been min-cd by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. of these have been frauds upon the sick, for they not only contain little, if any, Sarsapa rillo, but often no curative properties whatev-er. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rest upon it. And we think we have ground for believing it has virtues which are irresistibl by the ordinary run of the diseases it is intend ed to cure. In order to secure their comple eradication from the system, the remedy she be judiciously taken according to directions of the bottle.
