faction with the success which has attended

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints: of the following complaints:—
Schofula and Schofulous Complaints.

ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PERSIA AND INDIGESTION, EXTSURELAS, Rose on Sr. Anthony's Fine, and indeed the whole

sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Channes aut the itiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell whenever it is foul, and your reemings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live fonger, for cleaning the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something nust go wrong, and the great machinery of

they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has fullowed the use of the various extracts of

when desired to do so, the Company will take and cleanse the system from all imperity, and to the part patents for others, securing for the investion and cleanse the system from all imperity, and the life of the body, which is the blood, become synonymous with imposition and cheat. Still to this formulation that is patentable.

This Company respectfully invite inventors to submit to them their plans; and it will be furthering the objects of the Company it is so pure and clean. For they cannot remain when the body becomes so pure and clean. The reason why people are so distressed when sick, and why so many die, is because they officers and agents can be of any service to when sick, and why so many die, is because they officers it has virtues which are irrestable by the ordinary run of the diseases it is intendently to the afflicted parts, and which will open the natural passages for the disease to be cast out; the formulation of the following modes is acceptant the inventors receiving the articles and paying for the same on delivery.
