We once heard of some remarkable strawberries raised in a neighboring town; and called the "Washington Excelsior" strawlerry. Rumor said that the leaves wore large, vividly green all summer, the fruit large and abundant for a long time, and not diminished by the severest droughts. The plants were sold for half a dollar apiece, and were considered cheap MRS. GRIDLEY tenders her thanks to the at that price. Attracted by these won offizens of Patter and adjoining counties, for derful stories of the new fruit, we went their generous patronage. She routed by to see it and learn all about it. The plants more indeed heautiful, and the fruit very fines. But our eyes were opened when Mr. Smith, the owner, told us frankly, that the plants were some comfrankly, that the plants were some common sort, the name of which he had forgotten; but that they were grown on a bed in the corner of his garden which was made ground for at least six feet delivered at the carliest moment. Ladies deep. Why did not this account for the please call or send in your orders. Shop locatpersistent verdure of the foliage and the led 31 miles west of Lewisville. size and verdure of the fruit? A et, the superior beauty of the plants and herries had attracted much attention in the neighborhood and seemed to call for a high sounding name; and so Mr. Smith dub-bed thems the Washington Excelsior.— Plainly this man's strawberry ted was enlarged without foucing in more land. Genesce Farmer .- g dein betsoulte

WILL GRAVERLY Soil IS HEALTHY, -Dr Show, in an important paper on the drainage and water supply, shows that the alisence of drainage, and its defective condition, are injurious to health only by contamination they cause to pump wells or other supplies of water and that when the health of the community is improved; by drainage, either in town or country, it is by the amendment which is feeted in the drinking water of the locality. It hadde also, that houses situate of gravel are generally more salubrious than those significant chart to be significant of the salubrious than those significant of the salubrious through the gravelland converted into mineral substances; chiefly nitrates, which have not the power of communicating diseases. It is only when the source of pollution is very near to dize the organic matter.

HOWARD ASSOCIATION PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemio diseases.

THE HOWARD ASSOCIATION, in view of the awful destruction of human life, caused by Sexual diseases, several years ago directed their Consulting Surgeon, to open a Dispen In all respects equal to machines heretofore sold at a hundred dollars and upwards.

Specimens of carried dollars and upwards.

The Directors of the Association, in their late Annual Report express the highest satis faction with the success which has attended the labors of their Surgeons in the cure of Spermatorrhoa, Seminal Weakness, Gonortho, Gleet, Syphilis, the vice of Onanism or Self-Abuse, Disease of the Kidneys and Blad-

Scrofula, or King's Evil is deputitional disease, a correction of the blood, by which this fluid becomes vittated weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may risk destroy. The scrotulous taint is variously caused by mercurial disease, low living, disordered or unlicalithy food, impure air, filth and filthy habits, the depressing vices, and above all, by the vanceal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the hole of the fathers, upon their children.

Its effects commence by deposition from the Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, cruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scroulous constitutions with the constitution of the constitutions. tions not only suffer from scrottons constitu-nations, but they have far less power to with-stand the attacks of other diseases; conse-quently, vast "humbers" perish by disorders which although not scrotulous in their nature, are still rendered fatal by this taint in the are still rendered fatal by this taint in the are still rendered latal by this taint in the system. Most of the consumption which desistants the human family has its origin directly in this serofulous contamination; and many destructive diseases of the liver, kidneys, brain,

destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lunking infection; and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can derise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrotula, but also those other affections which arise from it, such as Expurits and Sure Dispares See Assistantia From and Sure Dispares See Assistantia From the such as the such and Skin Diseases, Sr. Asthony's First, Rose, or Environment, Plunies, Pusieus, Blotenes, Hearts and Boils, Tomors, Trivia and Salt Rheum, Scald Head, Bingwom, RIBEUNATISM, SYPHILARS and MERCURIAL DIS-RASES, DEOPSY, DYSPERSIA, DEBILITY, and indeed, ALL COMPLAINTS ARISING FROM VITA-TED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid without which sound health is impossible in contaminated constitutions

Ayer's Cathartic Pills.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC

TOR ALL THE PURPOSES OF A FAMILY PHYSIO, are so composed that discase within the range of their action, can rarely withstand or evade them. Their penetrating properties search, and cleane, and invigorate every portion of the human organism, correcting its discased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once a simple and inviting.

Not only do they cure the every day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to fumish gratis my American Almana, containing certificates of their cures and directions for their use in the following complaints. Continues, Hearthurn, Headacks arising from allowing the language of appointed, Janualica, and other kindred complaint, arising from a low state of the body or obstruction of its functions. of its functions.
