Maps and Portraits, has just been published by G. G. Evans (the original Gift Book Pub. isher) of Philadelphia, at the low price of \$1,25, and is as well timed as it is well executed. The design is to show Italy in her Past and PRESENT, so that the reader may understand on what grounds she bases her expectancy of a glorious kuture; with this view the author, who has travelled largely through Europe, and has resided for a considerable period in Milan, with visits to the other great cities of I:alv, describes places with which she is acquainted, and personages whom she inimately knew. The statistics of the various States now engaged in hostilities, are given, with biographical sketches of the Sovereigns generally, and Statesmen, whom the war has brown into prominency. A great deal of personal anecdote is introduced, which very much adds to the spirit and acceptability of the work. The causes of the war are fully and fairly developed, and there is appended an authentic account of the war itself up to the present time, including the official reports y of of the various battles, and the chivalrous ex-ploits of General Garribaldi, the gallant Guer-

Of this series of Domestic Remedies is that each particular medicine is a Specific for the particular disease or class of diseases whose name it bears, and may be relied upon for the cure of that particular affection. Hence, persons suffering from a chronic disease or longstanding ailment, in buying a case of HUMPH-REYS' Specifics, obtain the particular one desired in their case, and thus themselves make a care which etherwise would cost them many dollars, and no small amount of time and medical attendance, if, indeed it could be obtained

Thus multitudes suffer from Dyspersia, Bit. IOUS CONDITION, COSTIVENESS, BAD TASTE, COATED TONGUE and DEBILITY, which is perfectly controlled and cured by the

DYSPEPSIA SPECIFIC.

There is scarcely a phase or form of this ultimately cured by the use of this Specific. W. H. BUTTERWORTH having located bleeding and blind, is one of those common himself in this Borough, in the store of and obstinate forms of disease which are so J. B. Smith, on the corner of Second and Main difficult to cure on the ordinary methods, but which find an entire and fundamental cure in the Piles Specific. True, time is required; but the Specific is pleasant to take, requires neither diet nor restraint, and being followed up a perfect cure is the result. Hundreds of persons, in purchasing a case of Specifics, have obtained a cure for this most trying and Having some years' experience in the business, I feel confident in giving the public GEN-ERAL SATISFACTION. The patronage of the public is solicited. Please give me a call. All work warranted or no pay. we believe all may be cured by perseverance.

The case contains the best FEVER AND AGUE SPECIFIC

known. A remedy without any deleterious or poisonous substances, which not only cures the ague, and old, mismanaged agues, but may be relied upon as a preventative when persons are residing in a fever and ague district. It prevents or protects upon the same principle that vaccination prevents small-pox or belladonna prevents scarlet fever, by pre-occupying the system with true Specific. Hundreds have been thus protected and cured.

The Ophthalmy Specific has proved a most invaluable remedy for SORE EYES and EYELIDS, and for WEAK and BLURRED SIGHT. One lady in Indiana, who had been a sufferer from sore eyes for many years, and for two years was entirely blind, was cured perfectly by the Ophthalmy Specific
