

Coburn and County.

COUDERSPORT, OCTOBER 4, 1859.

By reference to another column, it will be seen that H. P. Bird declines being a candidate for Sheriff.

We noticed last week that Mr. Daniels of Clydesse, had gone to New York for new goods. We are informed that he has returned with a splendid assortment. Give him a call.

The outside pages of this No. of our paper look bad, owing to the fact that the printer left in charge during our absence was unacquainted with the "ways and means" of our press and roller. We hope to make it all right hereafter.

POTTER, we observe, is to have a Senator. Hon. ISAAC BENSON, our bachelor friend who hangs out his shingle at Coudersport, is again on the course for a seat in the Pennsylvania Legislature, and this time in the "Upper House." The Convention which placed him in nomination only balloted one hundred and eighty-eight times before reaching that result, in "great travail brought him forth," but he will be easily elected, and will make a most capital Senator. Could the ladies of Potter vote, BENSON would have several thousand majority. He will the first day of the session introduce a bill for the extension of woman's sphere.

So says the Wellsville Free Press; But we must enlighten the editor a little in regard to an occurrence which took place in our Borough nearly two years ago, in which friend ISAAC took to himself a help-mate, thereby forever withdrawing himself from the honorable society of bachelors. Could our ladies vote, they would all vote for him, for they are always in the side of truth and right; but we have MEN enough to elect him.

Report of the Ulysses and Allegany District Teachers' Association.

Pursuant to adjournment the Association met at the Raymond school house, Sept. 10th, at 10 o'clock A. M. Owing to the inclement state of the weather but few teachers were present at the forenoon session. P. H. Maynard was elected President, pro tem. The Secretary read the proceedings of the previous meeting, which were accepted. An opportunity was then given for those who wished, to become members of the Association by reporting their names to the Secretary. About fifteen teachers and others reported their names. H. P. Bird, Wm. Rogers and S. H. Martin, were appointed to draft resolutions for discussion. After adopting various other items of unimportant business, the Association adjourned till 1 1/2 o'clock P. M.

AFTERNOON SESSION.

At 1 1/2 o'clock a considerable number, mostly teachers were present. Wm. Rogers was elected President pro tem, in the sense of the President previously elected. Various arithmetical demonstrations have been made at this meeting were stoned for want of time to the next meeting of the Association. The essays appointed to read at this meeting were not present with their essays. The association then listened to an original composition by E. A. Benton; subject, "Pat and Teacher." The committee on resolutions then reported the following resolutions, which, after being discussed nearly all present, were adopted:

Resolved, That the wages of teachers should be graded according to their qualifications.
Resolved, That Directors should refer to employ any person for teacher who not morally as well as intellectually qualified for that important station.
Resolved, That one of the greatest hindrances to success in schools, is the want of regular attendance of the scholars, and that parents and guardians should see to this hindrance being removed.
Resolved, That to make the meetings of the Association of interest and profit those attending them, we should have topical questions for discussion, and we therefore invite, and urge all teachers to look for, and produce at the next meeting, as many such questions, having a direct reference to the business of teaching school, as possible.
Resolved, That teachers who habitually refrain from attending Teachers' associations, when by a little effort they could do so, neglect a plain and important duty, and do not deserve to be considered members of the profession.
Resolved, That a copy of the proceedings of this meeting be sent to the Journal for publication.
L. Bird then, according to previous appointment, presented a Constitution code of By-Laws, for the consideration of the Association; and after revising they were adopted. On motion, the association elected Wm. Rogers, President; H. P. Bird, Vice President; D. Brown, Secretary; and S. Presho, Treasurer, for the ensuing year from the next meeting of the Association. From the papers present, the President selected Mr. Presho and Betsy Raymond, to read essays; also, P. E. Maynard and P. Bird, to deliver Oration, at the next meeting of the Association. On motion, the Association adjourned to the Ulysses Centre school house, Dec. 10th, 59, at 9 o'clock A. M.

E. A. DENTON, Sec'y.

Brookland, Pa., Oct. 3, 1859.

Notice. All persons indebted to the firm of J. M. JUDD & CO. are hereby notified to call and settle their accounts immediately, or they will be placed in the hands of a lawyer for collection. The books can be settled by W. B. Jenkins. J. M. JUDD & CO. Coudersport, Sept. 26, 1859.

INFLAMMATION OF THE EYES.

Like all other inflammation, is caused by impurity of the blood, which causes all eruptive diseases, as Salt Rheum, Scoury, Boils, Sores, Ulcers, &c. The blood being unhealthy, and of an impure nature, also occasions Dropsies. The blood becoming obstructed in the veins, the watery part of the blood in consequence is thrown out from their extremities, and dropsy is the result. Many times it is occasioned by improper treatment of some former disease, and the vessels being filled by serous humors instead of blood. Free evacuations by these pills, open the passage into the bladder and carry of the corrupted humors, and renew them with pure and healthy blood, which will drive out of the body all inflammation, together with eruptions of the skin, and all dropsical complaints. They will be a shield to every form of disease to guard and keep you from the cold grasping hand of death, and cause life and strength to remain, and the countenance to brighten with the bloom of beauty and health.

Dr. Morse's Indian Root Pills are sold by all dealers in Medicines.

FOR SHERIFF.

To the Electors of Potter County: Fellow-citizens—Having long been a resident of your county, (being among the first), I offer myself as an independent candidate for the office of Sheriff, at the ensuing election. I do not offer myself through the solicitation of any person, but because I desire the office. I have not the means nor the disposition to hire any one to canvass the county for me, or to do so for myself, desiring rather to rest my claim with the unbiased feelings of the people. W. M. CROSEY. Homer, June 28, 1859.-*

The American Trades Comp'y.

THE AMERICAN SMOKER. Consisting of a great variety of unique and beautiful patterns of Cigar Tubes; also, several varieties of Pipe Tubes. The peculiarity about these articles is that each one is arranged so as to receive a damp sponge, through which the smoke of the burning cigar has to pass on its way to the mouth. This damp sponge not only cools the smoke, but extracts from it the nicotine oil, the poisonous property of the Tobacco, which renders the breath less offensive. Smokers will find the use of these Tubes a luxury never before attained except by using the Turkish water-jar. Their use will be greatly promoted by the health of the habitual smoker and preserve the sweetness of the breath.

THE AMERICAN CARPET HOOK.

Is a little contrivance for putting down carpets without tacks. This is a new article, which has never before been upon the market. But it possesses the merit of enabling a person to put down or take up a carpet of the largest size in general use in fifteen minutes, without any injury to the floor or carpet. It is very cheap—cheaper in the long run than tacks—and the great facility with which even a servant can take up and put down carpets, without the possibility of a mistake, renders it invaluable to the housekeeper.

THE AMERICAN PEN HOLDER & WIPER.

It is a neat invention for holding a wet sponge, into which the pen is thrust, always coming out clean and ready for use. A very convenient article for the Counting-House Desk and Library Table! 11-29

The American Trades Company, was organized November 8, 1857, with a Capital of one hundred thousand dollars. This Company was formed with a view of taking up inventors of small articles of general utility, who are unable to make independent arrangements for introducing their inventions, by an equitable arrangement with them for their rights by purchase out and out, or by a tariff on the articles manufactured and sold. The inventive genius of this country has long called for an institution of this kind. The American mind is so active, that thousands of things are invented, many of which would be really useful to the community, but which are never introduced, because the inventors of them have no means to carry them out.

The capital of this Company will be devoted to the development of really useful inventions. The Company have a Committee on Patents, whose duty it is to pass upon all applications, and from their large experience in such matters inventors have a security that their inventions will not be misjudged; and the high character of the parties composing that Committee is a sufficient guarantee that plans and specifications may be submitted by inventors, and applied for, without any risk of advantage being taken of this circumstance, and when desired to do so, the Company will take out patents for others, securing for the inventor all of his invention that is patentable. This Company respectfully asks inventors to submit to them their plans; and it will be furthering the objects of the Company if its officers and agents can be of any service to them.

WHO SELLS THE AMERICAN SMOKER?

WHY EVERY DRUGGIST-AND CIGAR DEALER- If they don't now, they will hereafter. Don't fail to engage one. THE CALUMET OF PEACE! THE CALUMET OF PEACE! THE CALUMET OF PEACE! WHAT IS THE CALUMET OF PEACE? WHAT IS IT? WHERE IS IT? IT IS THE AMERICAN SMOKER. See advertisement.

QUIET NERVES, QUIET NERVES! NO EXCUSE FOR NERVOUS HUSBANDS. HUSBAND GO BUY THE AMERICAN SMOKER.

THIS IS TO BE THE ORDER OF THE DAY. From every wife who has a smoking husband—and no good husband who wants to have peace in the family will fall to the order. [11-29] See advertisement. See advertisement.
