Above we present you with a likeness the inventor of MORSE'S IN-R. MORSE DIAN ROOT PILLS. This philanthropist has spent the greater part of his life in traveling, having visited Europe, Asia, and Africa, as well as North America-bas spent three years among the Indians of our Western countryit was in this way that the Indian Root Fills were first discovered, Dr. Morse was the first man to establish the fact that all discases arise

from IMPUBITY OF THE BLOOD-that our strength, health and life depended upon this ital fluid. When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted and diseased; thus causing all pains, sickness and distress of every name; our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stag-nant humors, the blood will become choked and cease to act, and thus our fight of life will forever be blown out. How asportant then that we should keep the various passages of the body free and open. And how pleasant inédicine in your reach, naturity. Morse's In-dian' Root Pills, manufactured from plants and roots which grow around the mountain-

from which these Pills are made is a Sudorific corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passage to the lungs, and thas, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by conious spitting. The third is a Di-urctic, which gives case and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary or water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus takes up and conveyed off in great quantifies by the bowels. From the above, it is shown that Dr. Morse's

Indian Root Pills not orly enter the stomach, but become united with the blood, for they find way to every part, and completely rout out and cleanse the system from all imp rity, and OUR REMEDIES BY MAIL.
