Miscellang. An Oil: Bulletin Latest from

the Mines. Prom the Titueville (Crawford Co., Pa.,) Gazeye To accordance with our promise lest STOMACH BITTERS, week to give a statistical account of the oil operations in this vicinity, we took a fr is a fact that, at some period, every mention Tuesday last, and visited all the ber of the human family is subject to disease works we could, in company will out with the aid of a good tonic and the exercise of good common sense, they may be able so to to furnish a horse for us to ride.

all the wells in progress, with the precise object, the true course to pursue is certainly depth of each one, as they are constantly that which will produce a natural state of varying. But the following will be found things at the least hazard of vital strength and yarying. But the following will be found to be nearly correct: Beginning at the to be nearly correct: Beginning at the troduced to this country a preparation bearing upper one, two hiles above town—on the his name, which is not a new medicine, but one of Kerr's hill, bave commenced one.

S. Clair and Co. have driven iron tubes to t'e depth of about 60 feet, when the tube cess of strengthening nature, enables the system to triumph over disease. b tween 40 and 50 feet.

In the Borough, Moore, Chase & Co., have reached the depth of 130 feet and Bitters have no equal. are finding a new vein of oil almost daily and each one is larger than the one above. well produces strong salt water.

on their pipe, after reaching a depth of of medical science. 50 feet, and are about commencing another. One fourth of a mile below them ing disease, which fixes its relentless grass, on Allen & Johnston have found oil at the in a short time, and rendering him physically depth of 130 feet. They have every present pect of a good well.

old Drake well with which the public are stated diseases can be contracted, even in exfamiliar. One-fourth of a mile below the directions. And as they neither create nangeau latter, Crosley, Sloan & Co., have a spien- nor offend the palate, and render unnecessary did well 108 feet deep, and opposite it on any change of diet or interruption of ordinary the side-hill Cluian & Co. have sunk a pursuits, but promote sound sleep and healthy shaft to a considerable depth, but were digestion, the complaint is removed as speed-driver, but by the gas. There are one if y as is consistent with the production of a driver out by the gas. There are one or two similar shafts in progress on the same

feet; and we hear rumors of several oth-ness. constination.—We caution the public against containing in the vicinity of the above: but we know of no more in active

Shugert are boring with an angule.

have reached the depth of 36 feet. Next to them on Farris farm, Washington Stewart & Co. are operating, but we could United States, Canada, South America, and Germann Company of the Controllers.

Kellogg & Co.'s well, about 11 miles below Titusville, is a magnificent thing. They have bored about 90 feet, and dip off from one to two barrels per day, just a part of the sand-pump. The hole is 41

inches. They are still going deeper. Messrs. Allen, Chase & Co., about 300 feet below Kellogg & Co., are down about 90 feet. They drove no pipe; neither did the one above. They have found opposite the court house has opened a JEWsome inch veins, and are still going deeper. ELRY ESTABLISHMENT, for the purpose of We were shown a good specimen of the REPAIRING oil taken from their well, and there is every prospect of success.

Brown, Mitchell & Co., about 150 rods below, have bored about 40 feet, but as they were not in operation at the time we ERAL SATISFACTION. The patronage of passed, we could not make any examina-

tion of the works. Benedict, Spencer & Co., about threefourths of a mile below Kellogg & Co, are down about 12 feet and have found oil in abundance-so much that, as they throw the water and dirt out, the oil runs off in perceptible quantities. They will have to drive some pipe, and will undoubt edly have an excellent well,

well, is still ahead of any which we have seen, except Col. Drake's possibly on this creek. They have bored about 70 feet, and the oil flows out over the test. and the oil flows out over the top of the pipe, which is about 5 feet above the leverage as PLOWS, SCRAPERS, CULTIVA-et. They are taking off about 10 barrels TORS; CORN-SHELLERS, HORSE-RAKES, per day now; but when they get every DCG-POWERS, &c. per day now; but when they get everything fixed and get into successful opera-

can say nothing about. ...

bored to produce the most effectu that can be made. It is a concentrated of Para Sarsaparilla, so combined with substances of still greater alterative por substances of still greater alterative powers of the dis-to afford an effective antidote for the dis-Sarsparilla is reputed to cure. It is but that such a remedy is wanted by those suffer from Strumous complaints, and that which will accomplish their cure. suffer from Strumous complaints, and the which will accomplish their cure must of immense service to this large class of afflicted fellow-citizens. How completely compound will don't has been proven by the timent on many of the worst cases to be a fellowing complaints.

of the following complaints:—
Schoeula and Schoeulous Courted CHOSULA AND ESPECIAL CONFIDENCE OF THE PROPERTY OF THE SEALT HE SCALD HEAD, SYPHILES AND SYPHILES FECTIONS, MERCURIAL DISMASS, DROPAY, R. BALGIA OR TIC DOULOURBUX, DEBILITY. PEPSIA AND INDIGESTION, PRESIDENAL OR ST. ANTHONY'S FIRE, and indeed the class of complaints arising from Inpute

class of complaints arising from Insular THE BLOOD.

This compound will be found a great moter of health, when taken in the spring expet the foul humors which fester in blood at that season of the year. By their ly expulsion of them many rankling disorder nipped in the bud. Multitudes can the aid of this remedy, spare themselves the endurance of foul cruptions and ules sores, through which the system will string rid itself of corruptions, if not assisted to this through the natural channels of the by an alterative medicine. Cleanse out by an alterative medicine. Cleanse out vitiated blood whenever you find its impuri bursting through the skin in pimples, equple or sores; cleanse it when you find it is structed and sluggish in the veins; cleans whenever it is foul, and your feelings will. whenever it is four, and your resings way you when. Even where no particular displaying is felt, people enjoy better health, and longer, for cleansing the blood. Keep blood healthy, and all is well; but with a pabulum of life disordered, there can be a supply that the same that the same and lasting health, Sooner or later somely must go wrong, and the great machiner, life is disordered or overthrown,

Sarsaparilla has, and deserves much, reputation, of accomplishing these ends. It the world has been egregiously deceived preparations of it, partly because the dalone has not all the virtue that is class for it, but more because many preparation pretending to be concentrated extracts of contain but little of the virtue of Sarsapara

or any thing else.
During late years the public have been m led by large bottles, pretending to give a que of Extract of Sarsaparilla for one dollar. of these have been frauds upon the sick they not only contain little, if any, Same but often no curative properties what Hence, bitter and painful disappointme has followed the use of the antious extract Sarsaparilla which flood the market, until a name itself is justly despised, and has been synonymous with imposition and cheat. So we call this compound Sarsaparilla, and inte to supply such a remedy as shall rescue to name from the load of obloquy which a upon it. And we think we have ground believing it has virtues which are irrains. by the ordinary run of the diseases it is inte-ed to cure. In order to secure their comple eradication from the system, the remedy the be judiciously taken according to direction the bottle.

PREPARED BY DR. J. C. AYER & CO. LOWELL, MASS.
Price, \$1 per Bottle, Six Bottles feet

Ayer's Cherry Pectoral

has won for itself such a renown for the con-cept variety of Throat and Lung Complaint, it it is entiroly unnecessary for us. to recount evidence of its virtues, wherevor it has been ployed. As it has long been in constant throughout this section, we need not do more it assure the people its quality is kept up to the it ever has been, and that it may be relied at do for their relief all it has ever been found to
