THE MASS CONVENTION AT ERIE. From what we can learn the Republican Mass Meeting at Erie, on the 12th of September, will be the great political gathering of the campaign. Gen Simon Cameron will preside, and Capt. J. W. McLane, of Erie, will act as Marshal. Probably not less than 50,000 persons will be present. Four thousand Wide Awakes are expected .- Crawford Jour-

WANTED! - COMPETENT BUSINESS Mrn.—The demand for skillful and ac--complished accountants is perpetual, and constantly increasing with the increase of production and trade. Young men wishing to presare themselves for commercial pursuits will find no Institution in this country possessing advantages cqual to those afforded by the Iron City College, of Pittsburgh, Pa., which is now patronized by every State in the Union.

A NEST OF RAIL SPLITTERS -In the borough of Knoxville, Tioga Co., Pa. there are sixty-five voters. Sixty-four of them are Lincoln men, and the lone democrat is a Breckjuridge man. Douglas is "skunked" in that borough. In the borough of Elkland, same county, there 13. F. B. Penniman. are eighty-rix voters. Eighty-one of that number are Lincoln men, and the other five are split between Breckinridge and Douglas. It is feared that old Tioga will give almost a unaimous vote for "Honest old Abe." The democrats are so scarce the rail splitters have to maul each other to get up an excitement.-Elmira Ad

BELL IN PENNSYLVANIA .- At the Republican meeting at Beverly, New Jersey, Morton McMichael, of the Philadelphia North American, said:

But there is going to be a great change as, sure as I stand here looking in your faces and Abraham Lincoln will be the next Presi dent of the United States. [Cheers.] That is so! [A voice—It can't be rubbed out.] No! I like that phrase—it can't be rubbed out. We'll rub it in from now ber." [Cheers and laughter.] We'll rub it in from now till next Octo

The speaker then proceeded to show the fallacy of the assumption that Bell will get the vote of Pennsylvania. With the highest regard for Mr. Bell he would ray it, and not in a spirit of deprecation, that John Bell would not get five thousand votes there.

The Aroostook (Me.) Herald says: "We heard a conversation the other day between a Breckinridge man and an old Democrat who had avowed his intention of voting for Lincoln. I've always been a Democrat, and I've been reading and studying, and I have come to the conclusion that the Democratic party, don't stand where it did in 1850, and I'm going to vote for "Honest Old Abe."

" Yes, and get cheated," says the Hunker. -" Woll," coolly replied the other. "I voted for Pierce and Buchanan, and got feel like being humbugged the third time. I had as hef be cheated once by the Republicans, as all the time by the Democrats."

Maine, on the 23d inst., and says:

"The speech was most enthusiastically received. The number present being larger than could be accommodated within doors, the speaking was in the open uir. Upon the platform sat a venerable man of ninety-eight years, who fought in olden times for those 'inalienable rights' and others will speak, and we trust they for which we are now contending, who will have a large audience to speak to. voted for George Washington in 1788, and has voted at every Presidential election since, and who, if God spares his life, will vote for Abraham Lincoln, in No. vember next. He thinks he has not departed from the faith of the fathers .-The name of this old patriot is Amajiah

STORM, AND LOSS OF LOGS -On Friday afternoon the northern counties of

other streams in this section of the State places and terms of the meetings. were raised to a very unusual freshet. tity of logs escaped. The Williamsport Boom was undergoing repairs, and was mills below broke loose about two o'clock in the morning, and they continued to o'clock, when the Booms and other fastenings were secured. About three millions of feet escaped from the Jaysburg, Williamsport and Loyalsock mills. The fas tenings of the Lock Haven Boom gave from his family lately? way, where they had been rafting out, and nearly the entire stock escaped, amounting in all to about 15,000,000 feet Pine creek Booms. Many of these logs were caught in the Boom at Williamsport. how many, we are unable at this time to
