

Edwin and County.

COUDERSPORT, OCTOBER 23, 1860.

Wood.—We want a few cords of good dry wood on old subscriptions and for new subscribers. We want it 18 or 20 inches long, and the sooner it comes the better for everybody. Bring it along now, though the roads are muddy.

A Long Timothy Head.—Mr. Seth S. Roberts, of Genesee township, last week left a head of Timothy at our office which measured, when green 14 inches in length, and when dry 13 inches. Beat this if you can in the world. The stalk on which it grew, with the head measured nearly six feet. It grew in his meadow.

We have at last got the List of Premiums for publication. It is, as usual, a long time coming before the public, and we have been many times roundly scolded for its non-appearance last week. But we hope, now that they have it before them, the public will be satisfied—though we have a good will to go at scolding the Secretary and Board of Managers for getting us scolded so from their dilatoriousness. But we will let the thing go now, because we know it is no easy matter to get a matter like that ready for publication.

The best evidence the public can have of the enterprise of a newly established Mechanic or Merchant, is the fact that he advertises in his local paper. No matter how many competitors of however long standing he may have, if they do not advertise their business he will at once take a front position in his line of business—provided, of course, that he is a competent workman. Mr. Miner, at the new Harness Shop, invites business and competition, and we believe he deserves a full share of the trade of this place.

A Good Paper for Every Family.—All our readers may not be acquainted with one of the most valuable agricultural and family journals in the country, now in its nineteenth volume. We refer to the American Agriculturist, which is a large and beautiful journal, devoted to the practical labors of the Field, Garden and the Household. It is prepared by practical men (and women) who know what they write about, and it gives a great amount of valuable information, useful not only to farmers, gardeners, stock-raisers, fruit growers, and those who have little village plots, but also to every family. We advise our readers to send \$1 to the publisher, ORANGE JUDD, 41 Bark Row, New-York, and try the Agriculturist a year. A specimen copy can doubtless be had by sending to the publisher. These subscribing now for the twentieth volume, (1861,) will get the remaining numbers of this year without charge.

At a Republican meeting in Georgetown, Mass., the following song entitled, "The Quakers are Out," written by John G. Whittier, was read:

Not vainly we waited and counted the hours, The buds of our hope have burst out into flowers. No room for misgiving—no loop-hole of doubt— We've heard from the Keystone! The Quakers are out. The plot has exploded—we've found out the trick; The bride goes a begging; the fusion won't stick. When the Wide-Awake lanterns are shining abroad, The rogues stay at home, and the true men come out! The good State has broken the cords for her span; Her oil-springs and water won't fuse into one; The Dutchman has seasoned with Freedom his krait; And slow, late, but certain, the Quakers are out! Drive the flags to the winds!—set the hills all aflame; Make way for the man with the patriarch's name! Away with misgivings—away with all doubt, For Lincoln goes in when the Quakers come out!

Obituary.

Died, in Coudersport, on Thursday, the 30th inst., Mr. NICHOLAS SCHOENMAEKER, aged 40 years.

Death loves a shining mark, a signal blow, A blow, which, while it executes, alarms; And startles thousands with a single fall. How many times during one short year, The above words of the poet, YOUNG, were brought fresh to our minds; yet Nature—that book which is ever open—speaks to us, in a language that cannot be mistaken, that death is no respecter of persons, but that "dust thou art and to dust thou returnest," was spoken to all—even to everything, save the soul. He, too, like a summer flower, has passed away. Once more are we forcibly reminded that earth is not our abiding place; that the "silver cord is loosed, the golden bowl broken." Another of our number gone—one whom we could not well see. Especially by the young who have seen his companions and associates since the first came in our midst, the loss will be felt; for one of our brightest examples

of integrity, virtue and morality, has been taken from us. Let us pause and ask: How many of our young men who have embarked upon the broad ocean of active life, are prepared to make his place good? We are informed, also, that Mr. Schoenmaeker gave good evidence of having attained the sweets of Redeeming Love. He was unconscious much of the time during his illness, but often when his mind was clear, he talked with his wife upon the near approach of death with the most perfect composure; as for himself, he said his doubts and fears were all dispelled—he was willing to go. Only on account of his unsettled business, and leaving her to whom he was bound by the most sacred of all earthly human ties, to buffet with the storms of life without his protecting care, would he for a moment, wish to tarry longer—yet God's will be done. In the same kind Father, who supported the husband in the dying hour, the afflicted wife places her trust, hoping, believing, that if she holds out faithful even unto the end, their separation will be only for a season, and that a glorious reunion awaits them beyond the grave. May her faith grow brighter and brighter as she nears the gates of the Celestial City, and when it is her's to lay the frail prison-house by that now rivets her to earth, may she go joyfully hence to meet the loved ones who have gone before, and with them sing the praises of God and the Lamb forever.

THE BANNER TOWNSHIP.—Cold Spring township, Lebanon Co., claims the honor of being the banner township. Curtin, Killinger and the entire Republican ticket received a unanimous vote; not a single vote was cast for the Democratic.

D. MOTT'S CHALYBEATE RESTORATIVE PILLS & IRON

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicates its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz: In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhoea, Dysentery, Incipient Consumption, Scrophulous Tuberousities, Salt Rheum, Menstrual Obstruction, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bedridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from a protracted travel in a distant land—Some very singular instances of this kind are attested to female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and desiccative aversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for unlike the old oxide, it is vigorously tonic without being exciting, and even in the most obstinate cases of constiveness without ever being a gastric purgative, or inflicting a disagreeable sensation. It is this latter property, among others, which makes it so remarkable effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant Constiveness. In unchecked Diarrhoea, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate incipient Consumption, it is more than all other remedies, and physicians in several very gratifying and interesting instances. In Scrophulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them. In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness. No remedy has ever been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects.—Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use. Put up in neat flat metal boxes containing 60 pills, price 50 cents per box: for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, &c. should be addressed to R. B. LOCKE & Co., General Agents, 4-1y. 29 Cedar St., N. Y.

UDOLPHO WOLFE'S AROMATIC SCHENAPI SCHNAPPS A SUPERLATIVE TONIC, DIURETIC, ANTI-DYSPEPTIC AND INVIGORATING CORDIAL

To the citizens of New Jersey and Pennsylvania. Apothecaries, Druggists, Grocers and Private Families.

Wolfe's Pure Madera, Sherry and Port Wine. Wolfe's Pure Jamaica and St. Croix Rum. Wolfe's Pure Scotch and Irish Whisky. ALL IN BOTTLES. I beg leave to call the attention of the citizens of the United States to the above Wines and Liquors, imported by Udolpho Wolfe, of New York, whose name is familiar in every part of this country for the purity of his celebrated SCHENAPI SCHNAPPS. Mr. Wolfe, in his letter to me, speaking of the purity of his Wines and Liquors, says: "I will stake my reputation as a man my standing as a merchant of thirty years' residence in the City of New York, that all the Brandy and Wines which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the certificate. The public are respectfully invited to call and examine for themselves. For sale at Retail by all Apothecaries and Grocers in Philadelphia. GEO. H. ASTOR, No. 832 Market St. Phila. Sole Agent for Philadelphia.

Read the following from the New York Courier: ENORMOUS BUSINESS FOR ONE NEW YORK MERCHANT.—We are happy to inform our fellow-citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will repay any stranger or citizen to visit Udolpho Wolfe's extensive warehouse, Nos. 18, 20 and 22, Beaver street, and Nos. 17, 19 and 21, Market street. His stock of Schnapps on hand ready for shipment, could not have been less than thirty thousand cases; the Brandy, some ten thousand cases—Vintages of 1836 to 1856; and ten thousand cases of Madeira, Sherry and Port Wine, Scotch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Wine, &c., in casks, under Custom-House key, ready for bottling. Mr. Wolfe's sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years, he may be equally successful with his Brandy and Wines.

His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolfe, until every Apothecary in the land may set up their methods to discard the poisonous stuff from their shelves, and replace it with Wolfe's pure Wines and Liquors.

We understand Mr. Wolfe, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors.—Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to human health and happiness. MOFFAT'S LIFE PILLS AND PLEASANT BITTERS.

THESE MEDICINES have now been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the Globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable. The following are among the distressing variety of human diseases in which the Vegetable Life Medicines are well known to be infallible. DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; FLATULENCY, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Anxiety, Languor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish as a natural consequence of its cure. CONSTIPATION, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days. FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others. The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints. DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL. Also WORMS, by dissolving from the turnings of the bowels the slimy matter to which these creatures adhere. SURVEY, ULCERS, and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors. SCORBUTIC ERUPTIONS and BAD COMPLEXIONS, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, scallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time, will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON-COLDS and INFLUENZA will always be cured by one dose, or by two in the worst cases. PILES.—The original proprietor of these Medicines was cured of Piles of 35 years standing, by the use of the LIFE MEDICINES alone. FEVER AND AGUE.—For this scourge of the Western country, these Medicines will be found a safe, speed, and certain remedy.—Other medicines leave the system subject to a return of the disease—a cure by these Medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED. BILIOUS FEVERS and LIVER COMPLAINTS.—General Debility, Loss of Appetite, and Diseases of Females.—The Medicines have been used with the most beneficial results in cases of this description—Kings Evil, and Scrophula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painters Colic, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system, all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla. Prepared and sold by W. B. MOFFAT, 335 BROADWAY, New-York. For sale by all Druggists.

Single copies will be sent by mail, postage paid, to Every Farmer, Every Mechanic, Every Man of Business, and Everybody in Every State, on receipt of \$1.00, or in law style of binding at \$1 25.
