

POLITICAL.

The Naked Issue.

We enter now on the naked issue, whether slavery shall be allowed to spread over all the territory of this country, or whether free labor, encouraged and protected by wise regulations of law, shall take possession of the soil designed alone for its uses by the Creator. This is the naked issue of the November struggle. It involves the progress of the free white man in his march of development, and must decide the right of free white or slave black labor, to hold undisputed possession of the territory of this country. If either of the factions supporting Breckinridge or Douglas should succeed, the result would be the same in regard to slavery. It would be the same in establishing its claims to possession of the soil—the same in its right of transit and location in free States—and the same in its arrogant demands on the legislation of the country. Both factions of the Democratic party are in favor of the spread of slave labor, whenever it gains sufficient power. Both are opposed to the protection of free white labor, on the fallacious plea that protection originates monopoly, and monopoly engenders and imposes burdens on the great majority of the people. This is the present position of the divided Democratic party, and on this naked issue, explicitly defining and asserting peculiar rights, privileges and extensions, these two belligerent factions now enter on the Presidential contest. In their position they also receive the sympathy of those who rally to the support of John Bell—the sympathy of northern dough faces, and the support of all who are opposed to the consolidation and extension of free labor to all the territory of the country.

Opposed to these factions, opposed to the object of extending slavery, and opposed to the slave trade and free trade, the Republican organization is arrayed in the purest principles of religion and patriotism. Republicanism is opposed to the introduction of slavery wherever it would conflict with the interest and development of free labor. It opposes no local institution already established within defined precincts, but it contends against the transportation of such an institution beyond such precincts, to premises where it has never existed, and to localities where its recognition would be injurious to free labor. Because it wages such an opposition, the Republican party is denounced as sectional by those who forbid the freedom of speech and suppress the free circulation of a free press. Because the Republican party is in favor of protecting free labor, it is charged with being in favor of dissolving the Union.—We ask the people to decide on this naked issue. We ask them to decide between free and slave labor—between the protection of the industry of the white man and the ignorance of the negro.—They can only do so by voting for Abraham Lincoln.

Revolution in Baltimore.

Correspondence of the N. Y. Tribune. BALTIMORE, Oct. 12, 1860. The political affairs of Baltimore are assuming such an exceedingly interesting and refreshing aspect at present, that we cannot refrain from writing a few lines to inform you that the Monumental City is not asleep over the glorious cause of Republicanism, and to redeem a promise I made you some time since. The thunder from the Keystone State has been heard among us, and has given courage to thousands here who had heretofore been too weak in the faith to avow themselves in favor of "Free Labor and Free Men," and the election of "Honest Old Abe" to the Presidency.

The events of the last few days have inspired all who had any sympathy with our cause with new hopes, and the day has now passed here when it was unpopular to avow oneself a sympathizer in the cause of Freedom. I have just returned from a large and enthusiastic Republican meeting, called for the formation of "Wide-Awake" Clubs, and the speeches there made had all the genuine ring. Since our election of Mayor thousands of those who had been the supporters of the Bell and Everett ticket have fallen into the ranks for "Honest Old Abe," so that his bitterest opponents now say they would not be surprised if he carried the city in November. The Fusion, Confusion, and Dry Goods tickets of the North have disgusted the honest voters of all parties, who will come out in their might on the 6th of November, and roll up such majorities for Lincoln and Liberty as will make their dodging opponents ashamed of their truck and barter.

Yours, ever for Freedom, Justice, and Humanity,
H. M. S.

The Pony Express, with California dates, reached St. Joseph yesterday.—The political canvass was carried on with spirit, and a special dispatch informs us that the Republican State Committee have returns from their local organizations showing a list of 58,500 voters enrolled. They have great hope of carrying the State. The Oregon Legislature had resumed its session, the runaway Democrats having returned to the Senate. October 1, was fixed as the time for electing the United States Senators, but there appeared to be no certainty that the election would then take place.—Tribune.

MONEY WASTED.—Henry Clay Dean, once chaplain of the Senate, is making Douglas speeches in Iowa. On a recent occasion he asked: "Who can tell me where the Democratic party ever misapplied a dollar?" "I can tell!" said a piping voice at the rear of the hall.

"Stand up, then," cried Dean, "and let us hear your answer." Up popped the owner of the voice. "Now, sir, tell me, if you can, where a dollar has been wasted." "When the Democratic Senate paid Henry Clay Dean for his prayers!" was the reply that brought down the house.

SAMUEL G. DAILY, the Republican candidate for Delegate to Congress from Nebraska, has been elected by 162 majority.

Also, that in fourth section of the Act of Assembly entitled "an Act relating to elections and for other purposes," approved April 16th, 1840, it is enacted that the aforesaid 13th section shall not be so construed as to prevent any military officer or Borough officer from serving as Judge, Inspector, or Clerk of any general or special election in this Commonwealth. Pursuant to the provisions of the 6th section of said act, every general and special election shall be opened between the hours of 8 and 10 in the forenoon; and shall continue without interruption or adjournment until 7 o'clock in the evening, when the polls shall be closed.

Given under my hand at Coudersport, this 13th day of Sept. 1860, and in the 84th year of the independence of the United States.

ULYSSES ACADEMY.

JOSEPH A. COOPER, A. B. Principal, **MR. WM. GILLILAND, ASSISTANTS,** **MISS H. M. JONES,**

The ULYSSES ACADEMY was commenced in the spring of 1859 and opened to students the following September. Its object is to afford to the youth of its vicinity, and to others who may choose it, as a place of study, the requisite facilities for obtaining a thorough and practical education.

The school is in a neat, two-story building, beautifully situated on a gentle eminence commanding a view of the village and country around. The adjoining yard contains about three acres. The upper story contains a single room; and is used for a chapel, recitation, and study room. This room is lighted by 14 large windows, furnished with seats for 150 scholars, tables, black-boards, maps, charts, clock, thermometer, and Library of Reference Books. The lower story contains two rooms for recitations, one for library, a dressing room, and a hall 8 by 44 feet.

The students board in private families and study in their own rooms. Nearly every family in the village opens their houses to boarders. As several new houses are being erected, there will be no lack of accommodations; and, in private families, students can enjoy the comforts of home.

This Institution is better furnished with maps, charts and Reference Books than any similar institution in the country. The Library of Reference contains over 40 volumes, costing about \$3.00 a vol. Among them are: **APPLETON'S NEW AMERICAN CYCLOPEDIA,** 9 vols. **THE HOME CYCLOPEDIA,** 8 vols., &c. There is a general library under the care of a Librarian; and a Teachers Library containing 25 vols., upon request.

There are three Sessions a year, of Fourteen Weeks each; Commencing as follows: **1st Session Tuesday Aug. 21st, 1860. 2nd " " Dec 4th " 3rd " " March 26th, 1861.** Institute commences Nov. 12th, 1860.

Tuition Per Term.

Common English—embracing Reading, Writing, Orthography, Geography, Grammar, and Arithmetic \$5.00 To which is added for each higher study 1.00 Incidentals, Library, &c., 50 Institute, 50 Board, room, light, fuel, &c., \$1.50 per week. Rooms without board, \$2 or \$3, per term.

PROF. C. W. SANDERS, A. M. The author of SANDERS' READERS, will be present the last two weeks of the Fall Term, and conduct a Teachers' Institute.

Prof. Sanders will be aided by S. LEWIS, Esq., the Co. Supt., and probably by the Superintendent of the adjoining counties.

It is very important that Students be present at the commencement, and remain until the close of the term. A record of each pupil's attendance will be kept, and reports sent to every Patron.

As respects fine and convenient building, beautiful and healthy location, thorough practical and systematic instruction, efficient aids, pure strong and noble incentives this institution acknowledges no superior, and few equals. The intercourse of the students with each other and with the Instructors is expected to conform to the courtesies and proprieties of cultivated society. Their admission to the institution and enjoyment of its privileges, imply a sacred contract on their part promptly to observe its Regulations. A copy of these is furnished to each student and conformity to them is indispensable to continuance in the Institution.

JUDSON'S MOUNTAIN HERB PILLS.

Above, we present you with a perfect likeness of Tezucou, a chief of a tribe of the strange Aztec Nation, that once ruled Mexico. You will find a full account of him and his people in our Pamphlets and Almanacs—to be had gratis, from the Agents for these Pills. The inventor and manufacturer of "Judson's Mountain Herb Pills," has spent the greater part of his life in traveling, having visited nearly every country in the world.—He spent over six years among the Indians of the Rocky Mountains and of Mexico, and it was thus that he discovered the "Mountain Herb Pills" were discovered. A very interesting account of his adventures there, you will find in our Almanac and Pamphlet.

IMPURE BLOOD!

The blood is the life and when any foreign or unhealthy matter gets mixed with it, at once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach does not digest the food perfectly. The liver ceases to secrete a sufficiently bile. The action of the heart is weakened, and so the circulation is feeble. The lungs become clogged with the poisonous matter; hence, a cough—and all from a slight impurity at the fountain-head of life—the Blood! As it yet had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet, in a few minutes the whole course of the stream becomes disturbed and discolored. As quickly does impure blood fly to every part, and leave its sting behind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life soon dies out.

These pills not only purify the blood, but regenerate all the secretions of the body; they are therefore, unrivalled as a **CURE FOR BILIOUS DISEASES,** Liver Complaint, Sick Headache, &c. This Anti-Bilious Medicine expels from under all the fluids and secretions pure and fluent, clearing and rescussitating the vital organs.

Pleasant indeed, is it to us, that we are able to place within your reach, a medicine like the "Mountain Herb Pills," that will pass directly to the affected parts, through the blood and fluids of the body, and cause the sufferer to brighten with the flush of beauty and health.

Judson's Pills are the Best Remedy in existence for the following Complaints: Bowel Complaints, Debility, Inward Weakness, Coughs, Colic, Chest Diseases, Constipation, Dyspepsia, Diarrhoea, Dropsy, Headaches, Indigestion, Influenza, Intimidation, Piles, Stone and Gravel, Secondary Symp-

GREAT FEMALE MEDICINES!

Females who value health, should never be without these Pills. They purify the blood, remove obstructions of all kinds, cleanse the skin of all pimples and blotches, and bring the rich color of health to the pale cheek. The Plants and Herbs of which these Pills are made, were discovered in a very surprising way among the Tezucans, a tribe of Aborigines in Mexico. Get the Almanac of our Agent, and you will read with delight the very interesting account it contains of the "Great Medicine" of the Aztecs.

Observe.—The Mountain Herb Pills are put up in a Beautiful Wrapper. Each box contains 40 pills, and retail at 25 cents per box. As genuine, have the signature of B. L. JUDSON & CO., on each box.
